

Jolydale G37018

Jolydale G37018 6.4x3.6FT Galvanized Steel Outdoor Storage Shed User Manual

Model: G37018 | Brand: Jolydale

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions and safety warnings before assembly and use of this storage shed. Failure to follow these instructions may result in injury or property damage.

- **Wear Protective Gear:** Always wear work gloves, long sleeves, and safety goggles during assembly to protect against sharp edges and potential debris.
- **Team Assembly:** This product requires careful assembly and installation by at least 3-4 people. Do not attempt to assemble alone.
- **Weather Conditions:** Do not attempt to assemble this item in strong windy conditions or during adverse weather.
- **Level Surface:** Ensure the shed is assembled on a flat, level, and stable surface to prevent structural instability.
- **Sharp Edges:** Be aware of sharp edges on metal components. Handle with care.
- **Hot Surfaces:** Metal components can become hot after prolonged exposure to sunlight. Exercise caution.
- **Secure Installation:** Ensure all screws and fasteners are tightened securely according to the instructions.

2. PRODUCT OVERVIEW & FEATURES

The Jolydale G37018 Outdoor Storage Shed is a durable and versatile solution for organizing your outdoor space. Constructed from galvanized steel, it offers protection from the elements and ample storage capacity.

Image: Jolydale 6.4x3.6FT Galvanized Steel Outdoor Storage Shed in a garden setting.

Key Features:

- **Galvanized Steel Construction:** Provides durability and protection against sun and harsh weather.
- **Lockable Hinged Door:** Ensures the security of your belongings and prevents critter entry.
- **Air Vents:** Special vent design reduces air pressure and facilitates air circulation, preventing stuffiness.
- **Sloping Roof:** Designed to prevent rainwater accumulation, increasing usable area and shed longevity.
- **Multi-functional Use:** Suitable for various storage needs in gardens, backyards, patios, and lawns.

Video: A 5-minute, 48-second detailed assembly video for a garden storage shed, showing step-by-step construction from base to roof and doors.

General Assembly Steps (Refer to included manual for detailed diagrams):

1. **Prepare the Base:** Assemble the base frame on a level surface. Ensure it is square and level for proper alignment of panels.
2. **Attach Side Panels:** Secure the side wall panels to the base frame. Pay attention to the orientation of panels (interior vs. exterior).
3. **Install Upper Frame:** Connect the upper frame components to the top of the wall panels.
4. **Assemble Roof Panels:** Attach the roof panels, ensuring proper overlap and secure fastening to prevent leaks.
5. **Install Doors:** Assemble the door components and attach them to the shed frame. Ensure smooth operation and proper alignment for locking.
6. **Final Touches:** Cover any exposed screw tips with provided caps to prevent injury.

4. OPERATING INSTRUCTIONS

Door Operation:

- The shed features a hinged door with a lockable mechanism. To open, unlock the door and pull the handle.
- To close, push the door firmly until it aligns with the frame, then engage the locking mechanism.
- Regularly check the door hinges and locking mechanism for smooth operation and security.

Ventilation:

- The shed is equipped with built-in air vents to facilitate air circulation.
- Ensure vents are not obstructed by stored items or debris to maintain proper airflow and prevent moisture buildup.

5. MAINTENANCE

Regular maintenance will extend the life and appearance of your Jolydale storage shed.

- **Cleaning:** Clean the shed exterior periodically with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the galvanized steel finish.
- **Inspection:** Annually inspect all screws, bolts, and connections for tightness. Re-tighten as necessary.
- **Rust Prevention:** While made of galvanized steel, inspect for any signs of rust, especially in areas where the coating might be scratched. Touch up with rust-inhibiting paint if needed.
- **Drainage:** Ensure the area around the shed is clear of debris to allow for proper water drainage from the sloping roof.

6. TROUBLESHOOTING

- **Shed Instability:** If the shed feels unstable, check that it is on a level surface and all base and panel connections are securely tightened.
- **Door Not Closing Properly:** Inspect hinges for damage or misalignment. Ensure the shed is level. Lubricate hinges if necessary.
- **Water Leakage:** Check all roof panel overlaps and screw points. Ensure all fasteners are tight and any sealant (if used during assembly) is intact.
- **Condensation Inside:** Ensure vents are clear and not obstructed. Proper ventilation is key to reducing condensation.

7. SPECIFICATIONS

Attribute	Detail
Brand	Jolydale
Model Number	G37018
Color	Brown
Material	Galvanized Steel (Metal)

Product Dimensions	67.5"D x 72.4"W x 37.6"H (Approx. 6.4ft x 3.6ft)
Item Weight	99.2 Pounds
Door Style	Modern style door with lock
Water Resistance Level	Water Resistant
Assembly Required	Yes
