L Continue 36-inch Bifold Closet Track Kit Instruction Manual

Model: B0D1XMZ4S8

1. PRODUCT OVERVIEW

The L Continue 36-inch Bifold Closet Track Kit is designed for repairing and installing various double doors, folding doors, closet folding doors, accordion doors, and general closet doors. This kit provides the necessary hardware for a functional and durable door system.

The hardware is constructed from quality materials to ensure durability and withstand regular use, providing long-lasting performance. The design aims for smooth and quiet operation when opening or closing the closet door.

2. PACKAGE CONTENTS

Each 2-Pack Bifold door hardware kit includes the following components:

- 2 x 36-inch metal tracks (can be assembled as 1 x 72-inch guide rail)
- 2 x Top metal pivots
- 2 x Bottom pivots
- 2 x Guide wheels
- 2 x Bottom brackets
- 2 x Wooden knobs
- 2 x Steel springs
- 2 x Door aligners
- 6 x Panel hinges
- Fasteners required for installation

3. KEY FEATURES

- **Easy to Install:** The box rail structure is designed for straightforward installation and removal without dropping the track.
- **Excellent Structure:** Commercial-grade precision extruded aluminum box track ensures the door will not jump from the track. Convex rails on the track allow for flexible and free rolling.
- **Widely Applicable:** This track set is suitable for various settings, including bedrooms, studies, storage rooms, balconies, and gyms.
- **Great Value Option:** The pocket door hardware and track roller set is tested for 10,000 cycles and is designed for door thicknesses from 1" to 1-3/4" and can support up to 200 lbs.
- **Sturdy & Durable:** Ensures lightness without compromising load-bearing capacity.
- **Corrosion Resistant:** Solid material, box track, dust, and corrosion resistant.
- **Strong Bearing Capacity:** Designed to support significant weight.

Easy to Install
The box rail structure is not complex. Quick release locking tab allows easy door installation/removal without dropping track.

Excellent Structure
Commercial grade precision extruded aluminum box track ensures door will not jump from track, convex rails on track allow flexible and free rolling.

Widely Applicable
This track set is suitable for various scenes, such as bedroom, study, storage room, balcony, gym, office, etc.

Great Value Option
100000 cycles test passed and guarantee the pocket door track can be used for 10 years!

Excellent Quality
This pocket door hardware and track roller set fits door thickness from 1" to 1-3/4" and weigh up to 200 lbs.

Video 4.1: A detailed guide demonstrating the installation process for the bifold closet track kit.

4.2. Step-by-Step Installation

1. **Prepare the Door Panels:** If necessary, cut the metal track to the required length. Measure and mark the positions for pilot holes on the door frame and door panels.
2. **Install Hinges:** Attach the panel hinges to the bifold door panels using the provided fasteners.
3. **Install Top Pivots and Guide Wheels:** Insert the guide wheel into a pre-drilled hole at the top of one door

panel. Insert the top metal pivot into a pre-drilled hole at the top of the other door panel.

4. **Install Bottom Pivots and Brackets:** Insert the bottom pivot into a pre-drilled hole on the bottom edge of the door panel, corresponding to the top pivot. Measure and mark the position for the bottom bracket on the door jamb and floor. Screw the bottom bracket securely to the corresponding jamb and floor.
5. **Install Top Track:** Secure the metal track to the top of the door frame using appropriate fasteners.
6. **Mount the Door:** Insert the bottom and top pivots into their respective brackets.
7. **Adjust Door Height:** Adjust the height of the door by lifting the door panel and turning the threaded rod on the top bracket until the door is level and operates smoothly.
8. **Install Door Aligner:** Secure the door aligner (steel spring) into the track to ensure proper door alignment.
9. **Install Wooden Knobs:** Attach the wooden knobs to the door panels for ease of opening and closing.

High-quality & Durable

Solid material

Box track, dust and
corrosion resistant.

5. OPERATING INSTRUCTIONS

To open the bifold door, gently pull the wooden knob towards you. The door panels will fold inward, allowing access to the closet. To close, push the door panels back into position until they are fully extended and aligned.

6. MAINTENANCE

- **Regular Cleaning:** Keep the track free of dust and debris to ensure smooth operation. Use a soft, dry cloth to wipe down the metal tracks and door surfaces.
- **Lubrication:** Periodically apply a silicone-based lubricant to the track and pivot points to maintain smooth gliding and reduce friction. Avoid oil-based lubricants as they can attract dust.
- **Check Fasteners:** Periodically inspect all screws and fasteners to ensure they are tight. Tighten any loose fasteners to prevent misalignment or damage.
- **Inspect Components:** Check pivots, guide wheels, and hinges for any signs of wear or damage. Replace worn components as needed to maintain optimal performance.

7. TROUBLESHOOTING

- **Door is noisy or sticks:**
 - Clean the track to remove any debris.
 - Apply lubricant to the track and pivot points.
 - Check for loose fasteners and tighten them.
- **Door does not close properly or is misaligned:**
 - Verify that the top and bottom pivots are correctly seated in their brackets.
 - Adjust the height of the door using the threaded rod on the top bracket.
 - Ensure the door aligner (steel spring) is properly installed and functioning.
- **Door panels are loose or wobbly:**
 - Inspect the panel hinges and tighten any loose screws.
 - Ensure the top and bottom pivots are securely installed in the door panels.

8. SPECIFICATIONS

Brand	L Continue
Model Number	B0D1XMZ4S8
Color	White
Product Dimensions	36"L x 36"W
Material	Alloy Steel
Mounting Type	Wall Mounted
Item Weight	1.25 Kilograms (2.74 pounds)
Item Package Quantity	1 (for the 2-pack kit)
UPC	700721914432

9. CUSTOMER SUPPORT

If you have any questions regarding the product, installation, or require assistance, please contact L Continue customer service. We are available to provide support and address any concerns you may have.
