Setup

1. SIM Card and Micro SD Card Installation

The KXD A10 supports dual SIM cards and a Micro SD card for expandable storage up to 256GB.

1. Locate the SIM card tray on the side of the phone.
2. Insert the provided SIM eject tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM cards and/or Micro SD card into the designated slots on the tray, ensuring correct orientation.
4. Carefully push the tray back into the phone until it is flush with the device body.

2. Charging the Device

Before first use, it is recommended to fully charge the KXD A10. Use the provided adapter and USB cable.

- Connect the USB cable to the adapter.
- Plug the adapter into a power outlet.
- Connect the USB-C end of the cable to the charging port on the bottom of the phone.
- The charging indicator will appear on the screen.

3. Powering On/Off

- **To Power On:** Press and hold the Power button (located on the right side) until the KXD logo appears.
- **To Power Off:** Press and hold the Power button until the power options menu appears, then select "Power off".

Operating Instructions

Basic Navigation (Android 13 OS)

Your KXD A10 runs on the Android 13 operating system, offering an intuitive user interface.

- **Touchscreen Gestures:** Tap to select, swipe to scroll, pinch to zoom.
- **Home Screen:** Access your apps and widgets.
- **Notifications Panel:** Swipe down from the top of the screen to view notifications and quick settings.

Camera Usage

The KXD A10 features a 13MP rear camera and an 8MP front camera for capturing photos and videos.

1. Open the "Camera" application from your home screen or app drawer.
2. Switch between front and rear cameras using the camera toggle icon.
3. Tap the shutter button to take a photo.
4. Explore various modes such as Portrait, Video, and Panorama within the camera app.

Connectivity

The device supports 4G cellular networks, Wi-Fi, and Bluetooth.

- **Cellular Network:** Compatible with most GSM carriers such as T-Mobile, Speedtalk, and Mint Mobile. *Not compatible with CDMA carriers like AT&T, Cricket Wireless, Verizon, Straight Talk, or U.S. Cellular.*
- **Wi-Fi:** Go to Settings > Network & internet > Wi-Fi to connect to available Wi-Fi networks.
- **Bluetooth:** Go to Settings > Connected devices > Connection preferences > Bluetooth to pair with Bluetooth devices.

Face ID Unlock

For convenient and secure unlocking, the KXD A10 features Face ID.

1. Navigate to Settings > Security & privacy > Device unlock > Face unlock.
2. Follow the on-screen instructions to register your face.
3. Once registered, simply look at your phone to unlock it.

RAM Expansion Technology

The KXD A10 utilizes advanced RAM expansion technology, allowing you to virtually expand the RAM up to 12GB for smoother multitasking.

- This feature is typically managed automatically by the Android system.
- For optimal performance, ensure sufficient internal storage is available.

Image: Diagram illustrating the Octa-Core processor, 8GB (4+4GB) RAM, and 128GB ROM with up to 256GB extension capabilities.

Maintenance

Battery Care

The KXD A10 is equipped with a 4500mAh high-capacity battery.

- Avoid exposing the phone to extreme temperatures (below 0°C or above 45°C).
- Use only the provided charger and cable to prevent battery damage.

- Do not leave the phone charging for extended periods after it reaches 100%.
- For optimal battery longevity, try to keep the charge level between 20% and 80%.

Cleaning Your Device

To maintain the appearance and functionality of your phone:

- Use a soft, lint-free cloth to wipe the screen and body.
- Avoid using harsh chemicals, abrasive cleaners, or aerosol sprays.
- Ensure ports are free of dust and debris.

Software Updates

Regular software updates provide security enhancements and new features.

- Connect to a stable Wi-Fi network.
- Go to Settings > System > System update to check for and install available updates.

Using the Protective Case

The included TPU protective case helps to reduce damage from drops and impacts.

- Carefully place your phone into the protective case, ensuring all edges are covered.
- Remove the case periodically to clean both the phone and the case.

Troubleshooting

Problem	Possible Cause	Solution
Phone does not power on	Low battery; software crash	Charge the phone for at least 30 minutes. Press and hold the Power button for 10-15 seconds to force restart.
Cannot connect to network	Incorrect SIM installation; incompatible carrier; network signal issue	Reinsert SIM card. Verify your carrier is GSM compatible (T-Mobile, Speedtalk, Mint Mobile). Move to an area with better signal.
Apps are slow or crashing	Too many apps running; low storage; outdated software	Close background apps. Clear app cache. Free up storage. Check for system updates.
Battery drains quickly	High screen brightness; background apps; poor signal	Reduce screen brightness. Close unused apps. Turn off Wi-Fi/Bluetooth when not in use.
