Bellemave YZCW315342

Bellemave LED Full Bed Frame Instruction Manual

Model: YZCW315342

1. Introduction

Thank you for choosing the Bellemave LED Full Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

2. Safety Information

To ensure safe use of this product, please observe the following guidelines:

- **Assembly:** Assemble the bed frame on a soft, clean surface to prevent damage. Ensure all parts are securely fastened before use. Do not overtighten screws.
- **Weight Capacity:** The bed frame has a maximum weight capacity of 250 lbs. Do not exceed this limit.
- **Electrical Safety (LED):** Ensure the LED light strip power adapter is connected to a suitable power outlet. Do not expose the LED components to water or excessive moisture. Disconnect power before cleaning or maintenance.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- **Maintenance:** Regularly check all connections and fasteners to ensure they remain tight.

3. Package Contents

Verify that all components listed below are present in your package. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
Headboard	Rainbow-shaped upholstered headboard with integrated LED strip	1
Side Rails	Upholstered side panels for the bed frame	2
Footboard	Upholstered footboard with integrated LED strip	1
Support Legs	Black plastic or wooden legs for frame support	4-6 (depending on design)
Center Support Beam	Metal beam for central mattress support	1
Slats	Wooden slats for mattress foundation	Multiple
Hardware Pack	Screws, bolts, washers, Allen wrench	1
LED Power Adapter	Power supply for LED lights	1

4. Setup Instructions

Follow these steps to assemble your Bellemave LED Full Bed Frame:

1. **Unpack Components:** Carefully unpack all parts and lay them out on a soft, clean surface to prevent scratches. Refer to the package contents list to ensure all items are present.
2. **Attach Support Legs:** Secure the support legs to the headboard, footboard, and side rails using the provided hardware. Ensure they are tightened firmly.
3. **Connect Side Rails to Headboard and Footboard:** Attach the side rails to the headboard and footboard using the designated bolts and washers. Do not fully tighten yet.

Image 4.1: Detail of a frame corner connection, showing how side rails attach.

4. **Install Center Support Beam:** Place the metal center support beam into its designated slots or brackets along the length of the bed frame. Secure it with the provided hardware.
5. **Insert Wooden Slats:** Lay the wooden slats across the bed frame, ensuring they are evenly spaced and secured to the side rails or center beam as per the design. Some slats may have pre-drilled holes for screws.

Image 4.2: Wooden slats properly installed across the bed frame for mattress support.

6. **Adjust Headboard Height:** The headboard offers two adjustable height levels (41.3 inches or 43.3 inches). Select your desired height by aligning the headboard brackets to the corresponding holes on the frame. Secure with bolts.

Image 4.3: Headboard attachment showing adjustable height settings.

7. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws. Do not overtighten.
8. **Connect LED Lights:** Connect the LED light strips from the headboard and footboard to the provided power adapter. Plug the adapter into a wall outlet.

5. Operating Instructions

This section details the operation of the LED lighting system and headboard adjustment.

5.1. LED Lighting System

The bed frame features integrated LED light strips in the headboard and footboard. Once the power adapter is connected to a power source, the lights can be turned on or off. Refer to any included remote control or inline switch for specific operation.

Image 5.1: The bed frame with its LED lights activated, providing ambient illumination.

5.2. Adjustable Headboard

The headboard height can be adjusted to two positions: 41.3 inches or 43.3 inches from the floor. This adjustment should be made during assembly. If you need to change the height after assembly, carefully loosen the headboard attachment bolts, adjust to the desired height, and re-tighten securely.

6. Maintenance

Proper care will extend the life of your bed frame:

- **Cleaning:** For the upholstered surfaces, gently wipe with a damp cloth. For tougher stains, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Frame Inspection:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary.
- **LED Care:** Keep the LED light strips clean and free of dust. If the lights dim or flicker, check the power connection.

7. Troubleshooting

Refer to the table below for common issues and their solutions:

Problem	Possible Cause	Solution
LED lights not working	Power adapter unplugged or faulty; loose connection; LED strip damage.	Ensure power adapter is securely plugged into a working outlet. Check all LED connections. If problem persists, contact customer support.
Bed frame is wobbly or noisy	Loose bolts or screws; uneven floor; incorrect assembly.	Check and tighten all assembly hardware. Ensure the bed is on a level surface. Review assembly steps.
Headboard height cannot be adjusted	Bolts are too tight; incorrect alignment.	Loosen headboard attachment bolts slightly. Realign to the desired height setting and re-tighten.

8. Specifications

Feature	Detail
Model Number	YZCW315342
Size	Full Size
Product Dimensions (L x W x H)	77.6" x 55.9" x 41.3"
Headboard Height (Adjustable)	41.3" or 43.3"
Color	Beige
Material	Pine wood, MDF, PU Faux Leather
Weight Capacity	250 lbs
Assembly Required	Yes

Feature	Detail
Box Spring Needed	No
Recommended Mattress Thickness	8-10 inches
