## 2. SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly:** Assemble the product on a soft, clean surface to prevent scratches. Ensure all parts are present before beginning assembly.
- **Tools:** Use appropriate tools for assembly. Do not overtighten screws, as this may damage the material.
- **Stability:** Ensure the table and seating are stable and level before use. Do not place excessively heavy items on the table or storage shelf.
- **Children:** Keep small parts and packaging materials away from children during assembly.
- **Weight Capacity:** Adhere to the recommended weight capacity for the table and seating to prevent structural failure.

## 3. SETUP AND ASSEMBLY

Assembly is required for this dining set. It is recommended that two people assist with the assembly process for ease and safety.

### Preparation:

1. Unpack all components and hardware from the packaging.
2. Verify that all parts listed in the 'Included Components' section are present.
3. Lay out all parts on a clean, soft surface (e.g., a rug or cardboard) to prevent scratching.

### Assembly Steps:

Follow the detailed instructions provided in the separate 'Instructions' booklet included in your hardware kit. General steps typically involve:

1. **Table Frame Assembly:** Assemble the main frame of the dining table using the provided screws and tools.
2. **Tabletop Attachment:** Secure the main tabletop to the assembled frame.
3. **Drop Leaf Mechanism:** Attach the drop leaves and their support mechanisms to the main tabletop. Ensure proper alignment for smooth operation. *Note: Some users have reported issues with pre-drilled holes for the drop leaf supports not aligning. If this occurs, carefully re-evaluate the positioning or contact customer support.*
4. **Chair Assembly:** Assemble the two backrest chairs by attaching the seat cushions to the frames and securing the backrests.
5. **Bench Assembly:** Assemble the bench by attaching the seat cushion to the frame.
6. **Final Check:** Once all pieces are assembled, ensure all screws are tightened securely, but do not overtighten.

## 4. OPERATING INSTRUCTIONS

## Extending and Folding the Table:

The dining table features a drop-leaf design, allowing it to be easily extended or folded to suit your space requirements.

1. **To Extend:** Gently lift one of the drop leaves until it is level with the main tabletop. Pull out the support arm located underneath the tabletop to secure the leaf in place. Repeat for the other side if desired.
2. **To Fold:** Push the support arm back underneath the main tabletop. Gently lower the drop leaf until it hangs vertically. Repeat for the other side.

### Using the Storage Shelf:

The table includes an integrated storage shelf beneath the main tabletop. This shelf is suitable for storing small items such as books, magazines, or dining accessories.

## 5. MAINTENANCE

---

Proper care and maintenance will help prolong the life and appearance of your dining set.

- **Cleaning the Tabletop:** The faux wood tabletop features an eye-catching texture and is easy to clean. Wipe spills immediately with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cleaning Upholstered Seats:** For the upholstered chair and bench seats, spot clean with a mild soap and water solution. Blot dry immediately. Avoid saturating the fabric.
- **Frame Care:** Wipe metal frames with a soft, dry cloth.
- **Regular Checks:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary to maintain stability.

## 6. TROUBLESHOOTING

If you encounter issues during assembly or use, refer to the following common solutions:

- **Misaligned Holes during Assembly:** If pre-drilled holes do not align, particularly for drop-leaf supports or chair components, double-check that you are using the correct parts for each step and that they are oriented correctly. If the issue persists, contact customer support for guidance. Do not force parts together.
- **Screws Not Fitting/Tightening:** Ensure you are using the correct screws for each part as indicated in the assembly guide. If screws do not fit or tighten properly, verify the hole depth and thread. Avoid using excessive force.
- **Wobbly Table/Chairs:** Ensure all fasteners are securely tightened. If the issue persists, check for uneven flooring or adjust the leveling feet (if present) on the furniture.
- **Difficulty Extending/Folding Drop Leaves:** Ensure the support arms move freely and are not obstructed. Check that the hinges are properly installed and not damaged.
