

## Quad Lock QMC-GA35

# Quad Lock MAG Phone Case

INSTRUCTION MANUAL FOR SAMSUNG GALAXY A35 (MODEL: QMC-GA35)

## 1. Product Overview

---

The Quad Lock MAG Phone Case for Samsung Galaxy A35 is designed to provide robust protection for your device while offering versatile mounting options. It features a patented dual-stage locking mechanism and integrated magnets for quick and secure attachment to a wide range of Quad Lock mounts.

### Key Features:

- **Patented Dual-Stage Locking Mechanism:** Ensures secure attachment to all Quad Lock Original twist and lock mounts.
- **Integrated MAG Ring:** Allows for fast and easy magnetic mounting with Quad Lock MAG Heads and accessories.
- **Protective Design:** Constructed with a tough polycarbonate core and impact-absorbing TPU edge-to-edge outer shell for superior device protection.
- **Slim Profile:** Thinner and flatter than original Quad Lock cases, maintaining a sleek design.
- **Customizable MAG Ring:** The pre-installed black MAG ring can be swapped with optional colored rings (sold separately) for personalization.
- **Wireless Charging Compatible:** Supports wireless charging with compatible chargers.
- **Full Access:** Provides full access to all ports, buttons, and switches on your Samsung Galaxy A35.

## 2. Installation Guide

---

Installing your Quad Lock MAG Phone Case is a straightforward process. Ensure your phone is clean and free of debris before installation.

### Steps for Case Installation:

1. **Prepare Your Phone:** Gently wipe your Samsung Galaxy A35 with a soft, dry cloth to remove any dust or fingerprints.
2. **Align the Case:** Hold the Quad Lock MAG Case with the camera cutout aligned with your phone's camera.
3. **Insert Top Edge:** Carefully insert the top edge of your phone into the top of the case, ensuring the corners are properly seated.
4. **Snap into Place:** Gently press the remaining edges of the phone into the case until it snaps securely into place. Ensure all corners and sides are fully enclosed by the case.
5. **Verify Fit:** Check that all buttons (power, volume) are accessible and functional, and that the charging port is unobstructed.

## 3. Using Your Quad Lock MAG Case

---

The Quad Lock MAG Case offers dual compatibility with both the new Quad Lock MAG range and the original Quad Lock twist and lock mounts.

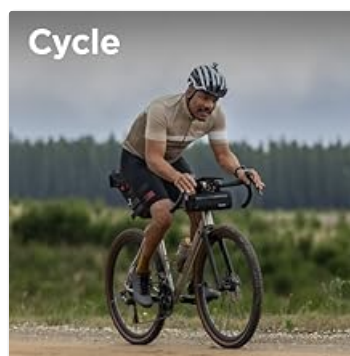

### 3.1 Magnetic Mounting (Quad Lock MAG Heads)

For faster and easier attachment, use your Quad Lock MAG Case with any Quad Lock MAG Head. The integrated magnets ensure precise alignment and secure hold.

- **Attachment:** Simply position your phone near the Quad Lock MAG Head. The magnets will automatically align and secure your phone.
- **Wireless Charging:** When used with a Quad Lock MAG Wireless Charging Head, your phone will begin charging automatically upon attachment.
- **Orientation:** The magnetic connection allows for easy rotation between portrait and landscape modes.

### 3.2 Twist & Lock Mounting (Original Quad Lock Mounts)

Your Quad Lock MAG Case is fully compatible with all existing Quad Lock Original twist and lock mounts, providing a secure and reliable connection for various activities.

- **Attachment:** Align the Quad Lock interface on the back of your case with the Quad Lock mount. Push down and twist your phone 90 degrees until you hear a click, indicating it is securely locked.

- **Detachment:** To remove, press down on the blue lever on the Quad Lock mount and twist your phone 90 degrees in the opposite direction.

### 3.3 Customizing Your MAG Ring

The MAG Ring on your Quad Lock MAG Case can be customized with different colored rings (sold separately) to match your style.

1. **Remove Existing Ring:** Gently pry out the pre-installed black MAG ring from the back of the case using a small, non-abrasive tool or your fingernail.
2. **Insert New Ring:** Align your chosen colored MAG ring with the recess in the case and press it firmly into place until it sits flush.

This video provides an overview of the Quad Lock MAG Phone Case, showcasing its protective features, compatibility with various mounts, and the benefits of magnetic attachment and wireless charging.

## 4. Care and Maintenance

To ensure the longevity and optimal performance of your Quad Lock MAG Phone Case, follow these simple care instructions:

- **Cleaning:** Wipe the case regularly with a soft, damp cloth to remove dirt and grime. Avoid using harsh chemicals or abrasive cleaners, as these can damage the material.
- **Inspection:** Periodically inspect the case for any signs of wear or damage, especially around the locking mechanism and the MAG ring. If significant damage is observed, consider replacing the case to maintain optimal protection.
- **Storage:** When not in use, store the case in a clean, dry environment away from extreme temperatures.

## 5. Troubleshooting

If you encounter any issues with your Quad Lock MAG Phone Case, refer to the following common troubleshooting tips:

Issue	Possible Solution
Case does not fit phone properly.	Ensure you have the correct model case for your Samsung Galaxy A35. Re-attempt installation, making sure all corners are fully seated.
Phone does not securely attach to mount.	For twist & lock mounts, ensure you hear a distinct 'click' when twisting. For MAG mounts, ensure the mount surface is clean and free of obstructions. Check for any damage to the case's locking mechanism or MAG ring.
Wireless charging is not working.	Ensure you are using a Quad Lock MAG Wireless Charging Head. Verify that the charger is powered on and correctly connected. Re-align the phone on the charging head.

Issue	Possible Solution
MAG ring feels loose or falls out.	Ensure the MAG ring is fully pressed into its recess until it sits flush. If it continues to be loose, contact Quad Lock support.
