AWEI H88

AWEI H88 Smart Watch User Manual

Model: H88

Introduction

This manual provides comprehensive instructions for the AWEI H88 Smart Watch. Designed for both men and women, this smartwatch features a 2.01-inch large screen, various sport modes, and health monitoring capabilities including heart rate, blood pressure, and blood oxygen. It also integrates Alexa voice control and is IP68 waterproof, making it suitable for diverse activities and daily wear.
The AWEI H88 is a versatile device that supports fitness tracking, message notifications, and personalized watch faces, aiming to enhance your daily life with smart technology.

What's in the Box

- AWEI H88 Smart Watch
- Watch Band
- Charging Cable
- User Manual (this document)

Setup Guide

1. Initial Charging

Before first use, fully charge your AWEI H88 Smart Watch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a standard USB power adapter (not included). A full charge typically takes approximately 2.5 hours. The watch has a standby time of up to 30 days and 5-7 days of daily usage.

2. App Installation and Pairing

To unlock the full functionality of your AWEI H88 Smart Watch, download the companion application on your smartphone. Search for the official AWEI app in your device's app store (Google Play Store for Android or Apple App Store for iOS).

1. Download and install the AWEI companion app.
2. Enable Bluetooth on your smartphone.
3. Open the AWEI app and follow the on-screen instructions to pair your watch. Ensure the watch is powered on and within Bluetooth range.
4. Once paired, you can synchronize data, customize settings, and receive notifications.

Operating Instructions

2.01-inch Large Screen & Customizable Watch Face

The AWEI H88 Smart Watch features a 2.01-inch large screen for clear visuals. You can personalize your watch face by choosing from multiple cloud-based options or uploading your own photos, such as selfies or pet pictures. Rotate the crown to switch between watch faces.

Variety Sports Modes & IP68 Waterproof

The AWEI H88 offers a variety of sports modes, including Running, Walking, Hiking, Basketball, Badminton, Boating, Climbing, Fitness, Cycling, Football, Yoga, and more. These modes allow for accurate tracking of exercise time and calories burned. The watch boasts an IP68 waterproof rating, ensuring it can be used worry-free during hand washing, face washing, or sweaty activities.

100+ Sports Modes

Skipping, running, cycling, and climbing... its heart-rate monitoring, calorie consumption, exercise duration, and other algorithms related to exercise are all guardians for your exercise and health

Alexa and Message Notification

Interact with Alexa directly from your AWEI H88 Smart Watch. Use voice commands to set alarms, timers, check weather, control smart home devices, create shopping lists, ask questions, and get translations. The watch also receives SMS and app messages (Text, Facebook, WhatsApp, Instagram, Twitter), ensuring you stay informed without needing to check your phone.

Multi-Functional Health Monitoring

The AWEI H88 Smart Watch provides comprehensive health monitoring features, including heart rate, blood pressure, and blood oxygen monitoring. It also includes female physiological cycle tracking and sedentary reminders to promote a healthier lifestyle. Additional functions include wrist-flip display, remote photography, music control, and alarm clock.

Maintenance

- **Cleaning:** Regularly clean your watch and watch band with a soft, dry cloth. If necessary, use a slightly damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals or abrasive materials.
- **Water Resistance:** While the watch is IP68 waterproof, it is not suitable for hot water baths, saunas, or deep diving. Avoid prolonged submersion.
- **Charging:** Use only the provided charging cable. Ensure the charging contacts are clean and dry before charging to prevent corrosion.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.

Troubleshooting

Watch not turning on:

Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.

Cannot pair with smartphone:

- Ensure Bluetooth is enabled on your phone and the watch.
- Make sure the watch is within range of your phone.
- Restart both the watch and your phone.
- Check if the AWEI app is updated to the latest version.
- Forget the device in your phone's Bluetooth settings and try pairing again through the app.

Notifications not received:

- Ensure the watch is successfully paired and connected to the app.
- Check notification permissions for the AWEI app in your phone's settings.
- Verify that app notifications are enabled within the AWEI app settings.

Inaccurate health data:

- Ensure the watch is worn snugly on your wrist, not too loose or too tight.
- Clean the sensor on the back of the watch.
- Avoid excessive movement during measurements.
