MAINTENANCE

To ensure the longevity and appearance of your LUXOAK Floating Bed Frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish. The floating design facilitates easy cleaning underneath the bed.
- **LED Lights:** Ensure the LED light strips are kept clean and free from dust. If any issues arise with the lighting, refer to the troubleshooting section or contact customer support.
- **Structural Integrity:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary to maintain stability and prevent noise.

TROUBLESHOOTING

This section addresses common issues you might encounter with your bed frame.

- **LED Lights Not Working/Flickering:**
 - Check all power connections to ensure they are securely plugged in.
 - Verify that the remote control batteries are not depleted.
 - If using the app, ensure your device's Bluetooth is enabled and properly paired with the LED controller.
 - Inspect the LED strips for any visible damage or tears. If a section is torn, contact customer service for replacement parts.
- **Bed Frame is Noisy/Squeaking:**
 - Ensure all assembly bolts are tightened securely. Over time, bolts may loosen and require re-tightening.
 - Verify that the EVA foam is correctly positioned between the slats and the frame to prevent friction.
 - Check that the mattress is properly seated on the slats and not causing uneven pressure.
- **Unstable Feeling:**
 - Confirm that the bed frame is assembled on a flat, level surface.
 - Re-check all structural connections to ensure they are firm and correctly aligned according to the assembly manual.
