EIGIIS KE5

EIGIIS KE5 Military Smart Watch User Manual

Model: KE5

PRODUCT OVERVIEW

The EIGIIS KE5 Military Smart Watch is a rugged and feature-rich device designed for durability and functionality in various environments. It boasts a 3ATM waterproof rating, a powerful LED flashlight, SOS alarm, and advanced sensors like a compass, altimeter, and barometer. With a large 530mAh battery and a vivid 1.45" HD screen, it offers extensive health monitoring, over 110 sports modes, Bluetooth calling, and message notifications, making it an ideal companion for outdoor adventures and daily use.

WHAT'S IN THE BOX

- 1 * EIGIIS Smart Watch KE5
- 1 * Charging Cable
- 1 * User Manual
- 1 * Customized Box

SETUP

Initial Charging

Before first use, fully charge your EIGIIS KE5 Smart Watch. The built-in 530mAh battery lasts 5-7 days on a 2-hour charge, with up to 20 days standby time. Use the provided magnetic charging cable by aligning it with the charging points on the back of the watch.

App Download and Pairing

To unlock the full potential of your smartwatch, download the **FitCloudPro APP** from your phone's app store (compatible with Android 8.0+, iOS 12.0+, and Bluetooth 5.2+). Ensure your phone's Bluetooth is enabled. Open the app, search for "KE5" in the device list, and connect. Grant necessary permissions for calls and media audio.

Strap Installation

The watch comes with multiple interchangeable straps (silicone and camouflage). To change a strap, locate the small pin on the underside of the strap near the watch body. Pull the pin inwards to release the strap. Align the new strap with the watch body and push the pin back into place until it clicks securely.

OPERATING INSTRUCTIONS

Basic Navigation

Navigate the watch interface by swiping left, right, up, and down on the touch screen. Use the physical buttons on the side for quick access to specific functions (Home, Back, Sport, Torch).

Flashlight and SOS Alarm

The KE5 features a convenient side-mounted LED flashlight. Press and hold the "Torch" button to activate the flashlight. For emergencies, the watch also includes an SOS alarm. Access the SOS function through the main menu and activate it to emit a

loud alarm and flashing light.

MAINTENANCE

Waterproof Information

The EIGIIS KE5 is 3ATM waterproof, suitable for swimming, snorkeling, diving, or surfing. **Note: Do not use it in seawater or hot water, such as baths or saunas, as this may compromise its waterproof integrity.**

Cleaning

Wipe the watch and straps with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the device.

TROUBLESHOOTING

General Issues

If you encounter any problems with the product, please refer to the user manual for detailed troubleshooting steps or contact EIGIIS customer support directly.

Connectivity Issues

Ensure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again. Verify that the FitCloudPro app has all necessary permissions.

Weather Updates Not Working

Some users have reported issues with regular weather updates. Try opening the FitCloudPro app and toggling the weather feature off and on. Ensure your phone has a stable internet connection.
