

ZEBRONICS ZEB-MB10000S6

ZEBRONICS MB10000S6 Power Bank User Manual

Model: ZEB-MB10000S6

1. INTRODUCTION

Thank you for choosing the ZEBRONICS MB10000S6 Power Bank. This device is designed to provide reliable and efficient portable charging for your electronic devices. With its high capacity, versatile output options, and built-in safety features, it ensures your gadgets stay powered on the go. Please read this manual carefully before using the product to ensure proper operation and to maximize its lifespan.

2. PRODUCT OVERVIEW

The ZEBRONICS MB10000S6 is a 10000 mAh power bank featuring a compact design and multiple charging capabilities. It includes built-in cables for various devices and an LED display for battery status.

Key Features:

- **10000mAh Capacity:** Provides ample power for multiple charges.
- **12W Output:** Delivers efficient charging for compatible devices.
- **5 Output Ports:** Includes dual USB-A ports, built-in Type-C, Micro USB, and Lightning cables for simultaneous charging of up to 5 devices.
- **3 Input Options:** Supports charging via Type-C, USB-A, and Micro USB ports.
- **LED Percentage Display:** Clearly shows the remaining battery capacity.
- **Built-in I/O Cables:** Conveniently integrated cables for various devices.
- **Carry Loop:** For easy portability.
- **Safety Protection:** Built-in safeguards against overcharge, overload, and short-circuit.
- **Mobile Holder Function:** Allows a smartphone to rest securely on the device.

Product Components:

Figure 2.1: The ZEBRONICS MB1000S6 Power Bank in lavender color, with its integrated charging cables (Micro USB, Type-C, Lightning, and USB-A) neatly stored and extended. The digital display shows battery percentage.

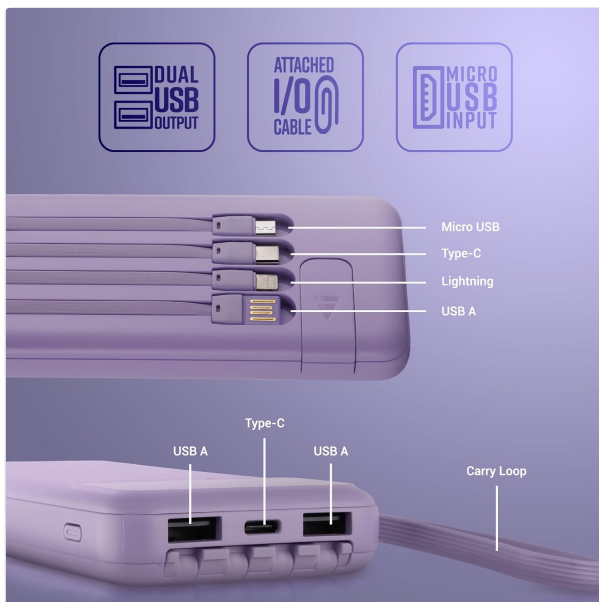

Figure 2.2: This image highlights the various built-in cables (Micro USB, Type-C, Lightning, USB-A) and the external USB-A output ports, along with the carry loop, illustrating the power bank's versatile connectivity.

Figure 2.3: A visual representation of the power bank's multiple input and output options, emphasizing its versatility for charging and recharging.

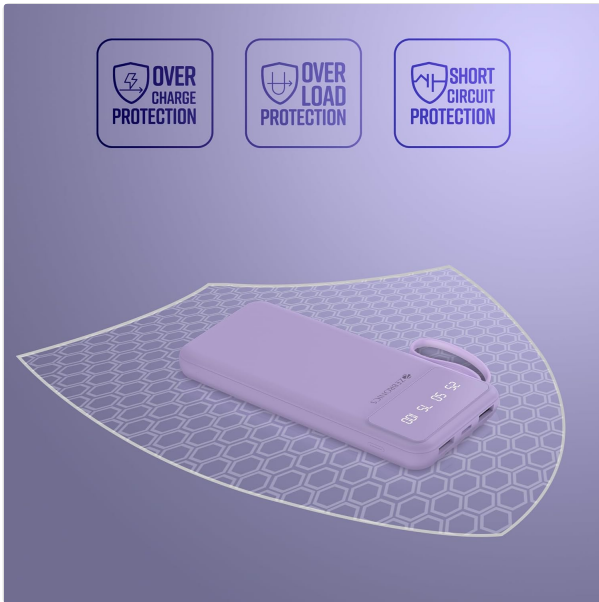

Figure 2.4: The image displays the power bank's clear LED screen indicating battery percentage and demonstrates its unique mobile holder function, allowing a smartphone to rest securely on the device.

3. SETUP

Initial Charging of the Power Bank:

1. Before first use, fully charge the power bank.
2. Connect the power bank to a USB wall adapter (not included) using a compatible cable (Type-C, USB-A, or Micro USB).
3. The LED display will show the charging progress, indicating the battery percentage.
4. Once the display shows "100", the power bank is fully charged and ready for use.

4. OPERATING INSTRUCTIONS

Charging Your Devices:

1. Identify the correct charging cable for your device from the built-in cables (Micro USB, Type-C, Lightning, USB-A) or use your own USB cable with the external USB-A ports.
2. Connect the appropriate cable to your device and the other end to the power bank's corresponding output port or built-in cable.
3. The power bank will automatically begin charging your device. The LED display will show the power bank's remaining battery percentage.
4. You can charge up to 5 devices simultaneously using the various output options.

Figure 4.1: The power bank is depicted charging a smartphone via its built-in Type-C cable and a pair of earbuds via one of its USB-A ports, demonstrating its multi-device charging capability.

Checking Battery Level:

The power bank features an LED digital display that shows the exact percentage of remaining battery life. Simply press the power button once to activate the display and view the current charge level.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the power bank. Do not use liquid cleaners or aerosols.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge and discharge the power bank at least once every three months if not in regular use.
- **Avoid Drops:** Do not drop or subject the power bank to strong impacts.

6. TROUBLESHOOTING

Common Issues and Solutions:

- **Power Bank Not Charging:**
 - Ensure the charging cable is securely connected to both the power bank and the power source.
 - Try a different charging cable or wall adapter.
 - Check if the power outlet is working.
- **Device Not Charging from Power Bank:**
 - Ensure the power bank has sufficient charge (check LED display).
 - Verify that the charging cable is properly connected to both the power bank and your device.
 - Try a different output port or built-in cable.
 - Ensure your device is compatible with the power bank's output specifications.
- **Slow Charging:**
 - Ensure you are using a high-quality cable.
 - Some devices may draw less power, resulting in slower charging.
 - Charging multiple devices simultaneously may reduce individual charging speeds.
- **LED Display Not Working:**
 - Ensure the power bank is not completely discharged.
 - Press the power button firmly.

7. SPECIFICATIONS

Feature	Specification
---------	---------------

Feature	Specification
Brand	ZEBRONICS
Model	ZEB-MB10000S6
Battery Capacity	10000 mAh (Milliamp Hours)
Output Power	12W (Max.)
Input Current	2A
Output Current	2A
Output Ports	Dual USB-A, Built-in Type-C, Micro USB, Lightning cables (Total 5 outputs)
Input Ports	Type-C, USB-A, Micro USB
Special Features	LED Indicator Lights, Built-in I/O Cables, Carry Loop, Mobile Holder
Safety Protections	Overcharge, Overload, Short-circuit
Item Weight	244 g
Package Dimensions	19.4 x 11.4 x 5 cm
Country of Origin	India

8. SAFETY INFORMATION

Your ZEBRONICS MB10000S6 Power Bank is designed with multiple safety features to ensure reliable and secure operation. However, it is important to follow these guidelines:

- Do not expose the power bank to water, moisture, or extreme temperatures (above 45°C or below 0°C).
- Do not disassemble, modify, or attempt to repair the device yourself. This will void the warranty and may cause damage or injury.
- Avoid dropping, hitting, or subjecting the power bank to strong impacts.
- Keep out of reach of children.
- Dispose of the power bank responsibly according to local regulations. Do not dispose of it with household waste.
- The power bank includes built-in protection against overcharge, overload, and short-circuit incidents.

Figure 8.1: This graphic illustrates the key safety features of the power bank, including protection against overcharge, overload, and short circuits, ensuring safe operation.

9. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the warranty card included with your product or visit the official ZEBRONICS website. If you encounter any issues not covered in this manual, please contact ZEBRONICS customer service for assistance.
