FREDORCH DIY Clamp Adapter

FREDORCH DIY Clamp Adapter for FR Series Sex Machine

Instruction Manual

Model: DIY Clamp Adapter

1. Introduction

This manual provides comprehensive instructions for the FREDORCH DIY Clamp Adapter, designed exclusively for FREDORCH "FR Series" premium sex machines. This adapter features a Self-Lock system and an anti-rotation interface, allowing for the secure attachment of various clamp vibrator dildo toys.

2. Important Safety Guidelines

- Read all instructions thoroughly before using the product.
- Ensure the adapter is securely attached to the machine and the toy is firmly clamped before operation.
- Inspect the adapter for any signs of damage or wear before each use. Do not use if damaged.
- Keep this product out of reach of children.
- Use only with compatible FREDORCH "FR Series" machines that feature the Self-Lock system.

3. Package Contents

Your package should contain the following item:

- 1 x FREDORCH DIY Clamp Adapter (Blue Clamp)

Note: The sex machine and dildo toys are not included and must be purchased separately.

4. Product Features

The FREDORCH DIY Clamp Adapter offers several key features for enhanced usability and durability:

- **Custom Design:** Specifically engineered for FREDORCH "FR Series" machines with a Self-Lock system and anti-rotation interface.

- **Durable Construction:** Made from high-quality 304 stainless steel and robust ABS material for longevity.
- **Plug and Play:** Features a self-release design for easy and quick attachment and detachment of toys.
- **Easy to Clean:** Designed for simple cleaning with standard household detergents.

5. Setup and Installation

Follow these steps to properly install and set up your FREDORCH DIY Clamp Adapter:

1. **Attach Adapter to Machine:** Carefully place the Vibrator Clamp Adapter onto the extension rod of your FREDORCH "FR Series" machine. Ensure it slides on smoothly and engages with the machine's Self-Lock system.
2. **Secure Connection:** Before proceeding, verify that the vibrator clamp adapter is connected tightly and securely to the machine. A firm connection is crucial for stability.
3. **Attach Toy:** Open the clamp adapter by adjusting the knob. Insert your desired dildo or vibrator toy

(ensure its diameter is less than 4.5 cm / 1.88 inches) into the clamp. Close the clamp firmly by tightening the knob to secure the toy in place.

4. **Final Check:** Double-check that both the adapter is securely attached to the machine and the toy is firmly clamped within the adapter before beginning operation.

6. Operation

Once the FREDORCH DIY Clamp Adapter and your chosen toy are securely installed onto your FREDORCH "FR Series" machine, the setup is ready for operation. The adapter's anti-rotation system ensures stability and prevents unwanted movement of the attached toy during use.

7. Maintenance and Cleaning

Proper cleaning and maintenance will ensure the longevity and hygiene of your FREDORCH DIY Clamp Adapter. The adapter is designed for easy cleaning.

1. **Disassembly:** Disconnect the adapter from the machine and remove any attached toys.
2. **Cleaning:** Clean the adapter thoroughly using a mild household detergent and warm water.
3. **Rinsing:** Rinse all components completely to remove any soap residue.
4. **Drying:** Dry the adapter completely before storing it.

The stainless steel and ABS materials are waterproof and durable, making them suitable for repeated cleaning.

8. Troubleshooting

If you encounter any issues, refer to the following common problems and their solutions:

- **Issue:** The adapter feels loose or unstable on the machine.
  Solution: Ensure the adapter is fully engaged with the machine's Self-Lock system. Re-attach the adapter, making sure it clicks into place for a secure fit.
- **Issue:** The attached toy is not held securely by the clamp.
  Solution: Verify that the toy's diameter is within the compatible range (less than 4.5 cm / 1.88 inches). Tighten the clamp mechanism firmly until the toy is stable.
- **Issue:** Difficulty attaching or detaching the adapter.
  Solution: The "Plug and Play" design should allow for easy attachment and detachment. Check for any debris obstructing the connection points and ensure you are using the self-release mechanism correctly.

9. Specifications

Detailed specifications for the FREDORCH DIY Clamp Adapter:

- **Model Name:** DIY Clamp Adapter
- **Material:** 304 Stainless Steel, ABS
