## 1. INTRODUCTION

---

Thank you for choosing the ELECTROPRIME Zealot H20 TWS Bluetooth Earphones. This manual provides detailed instructions for the proper use, setup, and maintenance of your new wireless earbuds. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

The Zealot H20 offers a true wireless stereo experience with Bluetooth 5.0 connectivity, ensuring stable and low-latency audio. Featuring a 10mm dynamic ring speaker, these earphones deliver clear and rich sound.

The magnetic charging box provides convenient storage and charging, while the touch controls offer intuitive operation.

## 2. PACKAGE CONTENTS

---

Please check the package for the following items:

- ELECTROPRIME Zealot H20 TWS Bluetooth Earphones (Left and Right)
- Magnetic Charging Box
- USB Charging Cable
- User Manual

### 3. PRODUCT OVERVIEW

---

Familiarize yourself with the components of your ELECTROPRIME Zealot H20 TWS Earphones.

The ELECTROPRIME Zealot H20 TWS Bluetooth Earphones are shown in their white magnetic charging case. The earbuds are seated upright within the case, indicating their charging position.

This image illustrates the dimensions of the ELECTROPRIME Zealot H20 TWS Earbuds charging case. The case measures 54mm in height, 43mm in width, and 20mm in depth. The earbuds are shown inside the case.

# Convenient and lightweight charging box & compact storage box

Light as coin

sunsky-online.com

The ELECTROPRIME Zealot H20 TWS Earbuds charging case is depicted alongside a large battery icon, emphasizing its compact and lightweight design for portability.

## 4. SETUP

---

### 4.1. Charging the Earphones and Charging Box

Before first use, ensure both the earphones and the charging box are fully charged.

1. Place the earphones into the charging box. They will magnetically snap into place and begin charging automatically.
2. Connect the USB charging cable to the charging port on the charging box and plug the other end into a DC 5V power source (e.g., a USB wall adapter, computer USB port).
3. The indicator light on the charging box will show charging status. Once fully charged, the indicator will change or turn off.

*A full charge allows the earphones to stand by for approximately one month.*

### 4.2. Pairing with a Bluetooth Device

The earphones utilize Bluetooth 5.0 for a stable connection.

1. Open the charging box and take out both earphones. They will automatically power on and enter pairing mode. You may hear a voice prompt indicating they are ready to pair.
2. On your device (smartphone, tablet, etc.), go to the Bluetooth settings and ensure Bluetooth is enabled.
3. Search for available devices. You should see "Zealot H20" or a similar name appear in the list.
4. Select "Zealot H20" to connect. Once connected, you will hear a confirmation voice prompt.
5. If pairing fails, place the earphones back into the charging box, close the lid, wait a few seconds, and then repeat the steps.

## 5. OPERATING INSTRUCTIONS

---

The Zealot H20 earphones feature intuitive touch controls.

### 5.1. Basic Touch Controls

- **Play/Pause:** Single tap on either earphone.
- **Next Track:** Double tap on the right earphone.
- **Previous Track:** Double tap on the left earphone.
- **Answer/End Call:** Single tap on either earphone during an incoming call.
- **Reject Call:** Press and hold either earphone for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Triple tap on either earphone (if supported by your device).
- **Power On:** Take earphones out of the charging case.
- **Power Off:** Place earphones back into the charging case.

### 5.2. Call Functions

The earphones support stereo calls with automatic noise reduction for clearer conversations.

- Ensure both earphones are connected for stereo call functionality.
- The built-in microphone and noise reduction algorithm help shield environmental noise.

### 5.3. Power Display

For iOS system devices, the earphone's power level can be displayed in real-time on your device's screen.

## 6. MAINTENANCE

---

Proper care ensures the longevity and performance of your earphones.

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earphones and charging case. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in their charging case to protect them from dust and damage. Store in a cool, dry place away from extreme temperatures.
- **Water Exposure:** Avoid exposing the earphones to water or excessive moisture. They are not waterproof.
- **Charging:** Use only the provided charging cable or a certified equivalent. Avoid overcharging.

## 7. TROUBLESHOOTING

---

If you encounter issues, try the following solutions:

Problem	Possible Solution
Earphones not pairing	<ul style="list-style-type: none"><li>• Ensure earphones are charged.</li><li>• Place earphones back in the case, close, then reopen and try pairing again.</li><li>• Turn off and on Bluetooth on your device.</li><li>• Forget/delete "Zealot H20" from your device's Bluetooth list and re-pair.</li></ul>
Only one earphone working	<ul style="list-style-type: none"><li>• Ensure both earphones are charged.</li><li>• Place both earphones back in the charging case, close the lid, then take them out together to allow them to re-sync.</li></ul>
No sound	<ul style="list-style-type: none"><li>• Check volume levels on both your device and the earphones.</li><li>• Ensure earphones are properly connected to your device.</li><li>• Try playing audio from a different application or source.</li></ul>
Charging issues	<ul style="list-style-type: none"><li>• Ensure the charging cable is securely connected.</li><li>• Try a different USB port or power adapter.</li><li>• Clean the charging contacts on the earphones and inside the case.</li></ul>
