## FORIOUS MM0035BN

# FORIOUS Kitchen Faucet with Pull Down Sprayer

Model: MM0035BN

## PRODUCT OVERVIEW

The FORIOUS Kitchen Faucet is designed for durability and convenience, featuring a pull-down sprayer and multiple spray functions. Constructed from high-grade stainless steel, it offers excellent corrosion and rust resistance. This faucet is certified lead-free, ensuring safe and healthy water usage.

- **Durable Construction:** High-grade stainless steel with anti-corrosion and anti-rust treatment.
- **Certified Safe:** US-Canada cUPC certified, lead-free, with a removable and easy-to-clean bubbler.
- **Water Efficiency:** Saves up to 20% water at 1.8 GPM at 60 PSI.
- **Flexible Hose:** High-temperature-resistant food-grade PEX super braided nylon hose prevents leaks and bursts.

## SETUP AND INSTALLATION

This faucet is designed for easy installation, compatible with both 1-hole and 3-hole sink configurations. All necessary components and instructions are included for a straightforward DIY setup.

**Figure 1:** Faucet installation showing the braided hose being fed through the sink opening. The braiding enhances flexibility and durability, simplifying the installation process.

## Installation Steps:

1. Ensure all included components are present: aerator, deck plate, handle, installation hardware, and instruction manual.
2. For 3-hole installations, use the provided deck plate. For 1-hole installations, the deck plate is optional.
3. Insert the faucet base and hoses through the sink hole.
4. Secure the faucet from underneath the sink using the O-shaped locknut for a stable fit.
5. Connect the hot and cold water supply lines to the corresponding faucet hoses.
6. Attach the pull-down sprayer hose to the main water line connection.
7. Test for leaks and ensure proper water flow.

**Figure 2:** The O-shaped nut installation (left) provides a fully enclosed locknut for secure, wobble-free faucet mounting, suitable for all countertop sinks. The U-shaped nut installation (right) is less secure and can lead to wobbling.

## OPERATING INSTRUCTIONS

The FORIOUS kitchen faucet features a single handle for temperature and flow control, along with a pull-down sprayer offering three distinct spray modes.

### Water Flow and Temperature Control:

- The single handle controls both water flow and temperature.

- Lift the handle to increase water flow.
- Move the handle left for hot water and right for cold water.

## Pull-Down Sprayer and Spray Modes:

The pull-down sprayer extends for increased reach and offers three spray settings:

- **Waterfall Mode:** Provides a wide, gentle flow, ideal for rinsing fruits and vegetables or delicate cleaning tasks.
- **Stream Mode:** Delivers a steady, aerated stream for everyday tasks like filling pots and general washing.
- **Sweep Mode:** Offers a powerful blade of water for efficient cleaning of the sink and tackling stubborn dirt or residue.

**Figure 3:** The faucet demonstrating its three spray modes: Waterfall for gentle rinsing, Stream for filling, and Sweep for powerful cleaning.

The sprayer head retracts automatically back into the spout after each use. The unique waterfall flow design provides a wider outlet surface, reducing splashes and keeping the kitchen area tidy.

**Figure 4:** Innovative design allows rotating the sprayer 90 degrees to switch between water modes without needing to pull out the sprayer head.

## MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your FORIOUS kitchen faucet.

- **Cleaning the Faucet:** Use a soft cloth and mild soap to clean the exterior. Avoid abrasive cleaners, steel wool, or harsh chemicals, as these can damage the finish.
- **Cleaning the Bubbler/Aerator:** The bubbler is removable and easy to clean. Periodically unscrew the aerator from the sprayer head and rinse any mineral deposits or debris under running water. Reattach securely.
- **Drip-Free Performance:** The faucet features a drip-free ceramic cartridge designed for long-lasting performance (up to 5 million uses). If drips occur, contact customer support for assistance.

**Figure 5:** Internal view highlighting the drip-free ceramic cartridge, designed for durability and reliable performance.

## TROUBLESHOOTING

If you encounter any issues with your faucet, refer to the following common troubleshooting steps:

- **Low Water Flow:**

- Check if the water supply valves under the sink are fully open.
- Clean the aerator for any mineral buildup or debris.
- Ensure there are no kinks in the water supply lines.

- **Leaks from Faucet Base:**

- Ensure the mounting nut under the sink is securely tightened.
- Check the connections of the water supply lines for tightness.

- **Sprayer Not Retracting Properly:**

- Check if the weight on the pull-down hose is positioned correctly and not obstructed.
- Ensure the hose moves freely under the sink without kinks or obstructions.

- **No Water Coming Out:**

- Verify that the main water supply to your home is on.
- Check if the hot and cold water supply valves to the faucet are open.

If the issue persists after attempting these steps, please contact FORIOUS customer support.

## SPECIFICATIONS

Feature	Detail
Model Number	MM0035BN
Colour	Stainless Steel
Style	Modern

Feature	Detail
Finish	Stainless Steel
Material	Stainless Steel
Installation Method	Single Hole or Three Hole
