Lamshaw P66D Case

Instruction Manual: Smart Watch Protective Case with Screen Protector

Brand: Lamshaw | **Model:** P66D Case

1. Product Overview

This Lamshaw Hard PC Case with integrated Screen Protector is designed to provide comprehensive protection for your compatible Ddidbi P66D, Nerunsa P66D, or Aptkdoe P66D Smart Watch (1.85 inches). Crafted from high-quality materials, it safeguards your device against daily wear and tear, including scratches, abrasions, shocks, and bumps, while maintaining full touch sensitivity and clarity.

2. Key Features

- **High Quality Protection:** Built with 9H hardness tempered glass, this case offers robust protection against accidental scratches, abrasions, shocks, and bumps, ensuring the longevity of your smartwatch screen.
- **Ultra-Clear & Highly Sensitive:** With 99% light transmittance, the screen protector provides a crystal-clear viewing experience. The ultra-thin glass ensures a quick and accurate response to every touch and tap, maintaining the original sensitivity of your smartwatch display. It is also anti-fingerprint and oil-proof.
- **2.5D Round Edge Design:** The advanced and precise cutting technique creates a smooth 2.5D round edge, allowing the protector to fully cover the screen of your watch for perfect, edge-to-edge protection.
- **Slim Design:** Engineered to be lightweight and thin, the case adds minimal bulk to your smartwatch, providing protection without compromising its sleek profile.

3. What's in the Box

Upon opening your package, you will find the following items:

- Smart Watch Case with Integrated Screen Protector
- Clean Set (for screen preparation)

4. Setup and Installation

The Lamshaw Smart Watch Case is designed for easy and accurate installation with its snap-on design. Follow these steps to install the case:

1. **Prepare Your Smartwatch:** Use the included clean set to thoroughly clean the screen and body of your smartwatch. Ensure there is no dust, smudges, or fingerprints on the screen surface.

2. **Align the Case:** Carefully align the protective case with your smartwatch. The case is designed to fit precisely over the watch body and screen.
3. **Snap On:** Gently press the case onto your smartwatch. The snap-on design will secure the case firmly in place. Ensure all edges are properly seated and there are no gaps.
4. **Check for Bubbles:** The design aims to prevent bubbles. If any small bubbles are visible, gently push them towards the edge of the screen protector using a soft cloth.

The snap-on design ensures the watch case remains firm and secure, preventing it from accidentally popping off.

5. Compatibility

This protective case is **exclusively designed** for the following smartwatches:

- Ddidbi P66D Smart Watch (1.85 inches)
- Nerunsa P66D Smart Watch (1.85 inches)
- Aptkdoe P66D Smart Watch (1.85 inches)

Important: This case does not fit other smartwatch models. Please double-check the model of your watch before purchasing or attempting installation.

Image: A diagram illustrating the compatible smartwatch button type (Circle Key) versus an incompatible type (Square Key), emphasizing the specific design fit.

6. Maintenance

To keep your Lamshaw Smart Watch Case clean and clear, follow these simple maintenance tips:

- **Cleaning:** Gently wipe the case and screen protector with a soft, lint-free cloth. For stubborn smudges, you may slightly dampen the cloth with water or a mild, non-abrasive screen cleaner.
- **Avoid Harsh Chemicals:** Do not use strong chemical cleaners, solvents, or abrasive materials, as these can damage the case or its coating.
- **Storage:** When not in use, store the case in a clean, dry place away from direct sunlight and extreme temperatures.

7. Troubleshooting

While the Lamshaw Smart Watch Case is designed for optimal performance, here are some common inquiries and their solutions:

- **Reduced Touch Sensitivity:** Ensure the case is properly seated and there is no dust or debris trapped between the smartwatch screen and the protector. Re-clean the screen and re-install the case if necessary.
- **Bubbles After Installation:** Although designed to be bubble-free, if small bubbles appear, gently press them towards the nearest edge using a soft cloth or your finger. Sometimes, minor bubbles will dissipate on their own over 24-48 hours.
- **Case Does Not Fit:** Verify your smartwatch model matches the compatible models listed in Section 5. This case is specifically designed for Ddidbi P66D, Nerunsa P66D, and Aptkdoe P66D Smart Watches (1.85 inches).

8. Specifications
