SETUP AND INITIAL USE

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB charging cable to the charging case and a power source. The LED indicators on the case will show the charging status.

Instacharge Feature: A quick 10-minute charge provides approximately 150 minutes of playtime.

Back to play in a snap

While others retreat to recharge, you'll maintain your position at the top of the leaderboard with extended gaming power.

INSTACHARGE™

(10 MIN CHARGE = 150 MIN PLAYTIME)

Image: The charging case illustrating the Instacharge capability.

2. Pairing with Your Device (Hyper Sync™)

1. Ensure the earbuds are charged and placed inside the charging case.
2. Open the lid of the charging case. The earbuds will automatically enter pairing mode (Hyper Sync™).
3. On your smartphone or Bluetooth-enabled device, go to Bluetooth settings and search for available devices.
4. Select "Noise Buds Trooper" from the list to connect.
5. Once connected, you will hear an audio prompt, and the LED indicator on the earbuds will change.

Instant activation

Be combat-ready with instant pairing that gets you into action.

HYPER SYNC™

The Noise Buds Trooper utilize **Bluetooth v5.3** for a stable and efficient wireless connection up to 10 meters.

Pro-grade connection

With extended range, enhanced stability, and seamless connectivity, your gear will keep up, no matter how intense the game gets.

BT V5.3

OPERATING INSTRUCTIONS

The Noise Buds Trooper feature intuitive touch controls for easy management of your audio and calls.

Touch Controls

Action	Function
Single Tap (Left/Right Earbud)	Play/Pause Music, Answer/End Call
Double Tap (Right Earbud)	Next Track
Double Tap (Left Earbud)	Previous Track
Triple Tap (Left/Right Earbud)	Activate Voice Assistant
Long Press (Right Earbud)	Volume Up
Long Press (Left Earbud)	Volume Down
Long Press (Left/Right Earbud during call)	Reject Call
Long Press (Left/Right Earbud for 2 seconds)	Toggle Gaming Mode (Ultra Low Latency)

Making and Receiving Calls

The earbuds are equipped with a **Quad Mic with Environmental Noise Cancellation (ENC)** for clear communication.

- **Answering/Ending Calls:** Single tap either earbud.
- **Rejecting Calls:** Long press either earbud.

Command authority

Turn every strategic call into a call of celebration when every word comes through loud and clear.

QUAD MIC WITH ENC

Image: Diagram highlighting the Quad Mic with ENC technology for enhanced call clarity.

Gaming Mode (Ultra Low Latency)

Activate Gaming Mode for an ultra-low latency experience (up to 40ms), ensuring audio stays perfectly synchronized with your visuals during gaming or video playback.

- **Activation:** Long press either earbud for 2 seconds to toggle Gaming Mode on/off.

No lag, no limitations

When milliseconds make all the difference, count on audio that syncs with every action in an instant.

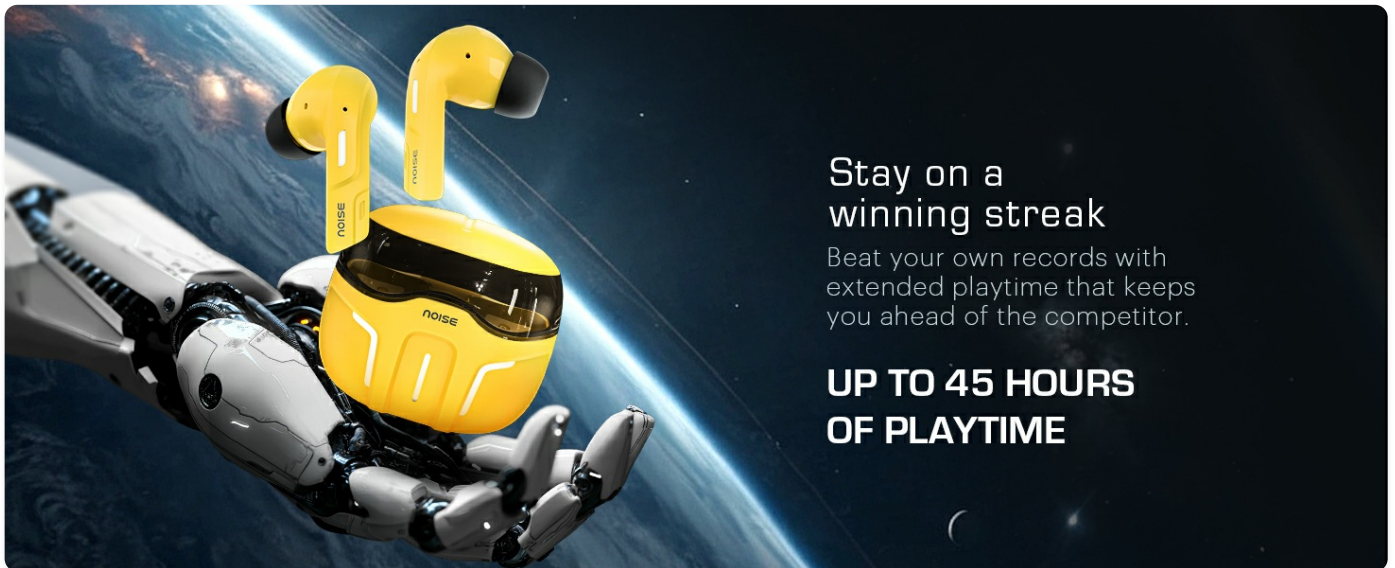

ULTRA LOW LATENCY (UP TO 40MS)

MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Avoid using abrasive materials or harsh chemicals.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Water Exposure:** While IPX5 rated, avoid submerging the earbuds in water. Dry them thoroughly if they get wet.

TROUBLESHOOTING

Problem	Solution
---------	----------

Problem	Solution
Earbuds not pairing	Ensure earbuds are charged. Place them in the case, close the lid, then open it again to re-enter pairing mode. Check your device's Bluetooth settings and try reconnecting.
Only one earbud working	Place both earbuds back into the charging case, close the lid, and then open it again. This often re-syncs them. If the issue persists, try resetting the earbuds (refer to the full user manual for specific reset instructions).
Low volume or poor sound quality	Check the volume on both your device and the earbuds. Ensure the earbuds are clean and properly seated in your ears. Try different ear tip sizes for a better seal.
Charging issues	Ensure the charging cable is securely connected to both the case and the power source. Clean the charging contacts on the earbuds and inside the case. Try a different charging cable or power adapter.
Call quality issues (mic)	Ensure the microphones are not obstructed. Try moving to a quieter environment. The Quad Mic with ENC helps, but extreme noise can still affect clarity.

SPECIFICATIONS

Feature	Detail
Brand	Noise
