Bedsure 01 - Teal 20"x24"

Bedsure Weighted Vibrating Heating Pad User Manual

Model: 01 - Teal 20"x24" | Brand: Bedsure

1. PRODUCT OVERVIEW

The Bedsure Weighted Vibrating Heating Pad is designed to provide soothing heat and gentle massage for various areas of the body. Its weighted design ensures optimal contact and deeper relief, while customizable settings allow for a personalized comfort experience.

Image: The Bedsure Weighted Vibrating Heating Pad applied to a user's back, demonstrating its primary function of heat and massage.

Key Features:

- **Soothing Massage:** Features a gentle vibrating function with natural pottery beads for a relaxing massage.
- **Quick & Lasting Warmth:** Delivers soothing warmth in just 1 minute, with adjustable heating levels.
- **Weighted Design:** 6.3 lbs weight with quilted beads contours to the body for targeted relief.
- **Customizable Comfort:** Intuitive controller for adjusting temperature and vibration settings.
- **Auto Shut-Off:** Includes 2-hour auto-off for heating and 30-minute auto-off for massage for safety and peace of mind.
- **Quality Material:** Crafted from double-faced, ultra-soft 100% polyester microfiber.
- **Energy-Saving:** Operates at 115W, consuming less energy than traditional heaters.

2. SAFETY INFORMATION

- Do not cover the controller or place it under the pad.
- Avoid using while sleeping.
- Do not fold, press, cover, or roll the heating pad while in use.
- Avoid using it with other heated products.
- Position the pad on top of the body area needing heat.

Indications:

- Muscle aches

- Stress
- Tension

Legal Disclaimer: Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

3. SETUP

Before first use, ensure the heating pad and controller are free from any damage. Connect the controller securely to the heating pad's power inlet. Plug the power cord into a standard 120V AC wall outlet (60Hz).

Image: The intuitive controller allows for easy adjustment of heat and massage settings, with clear indicators for chosen levels and auto-off timers.

4. OPERATING INSTRUCTIONS

Heating Function:

- Press the heat button (indicated by wavy lines) to cycle through 3 heating levels: Low (115°F), Medium, and High (145°F).
- The heating function has a 2-hour auto-off feature for safety.

Vibration Massage Function:

- Press the massage button (indicated by radiating waves) to cycle through 3 massage modes/speeds.
- The massage function has a 30-minute auto-off feature.

Adjust settings as desired for personalized comfort. The pad is designed for versatile use across different body parts and environments.

VERSATILE

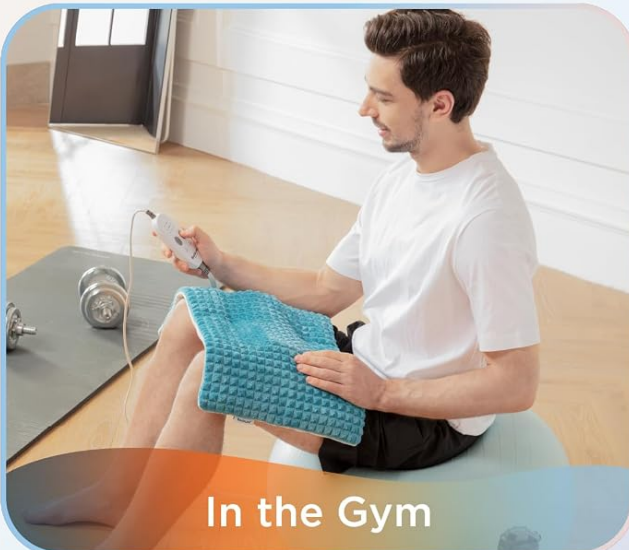

Image: The heating pad's versatile design allows it to be used comfortably in various settings, from relaxing at home to providing relief during work or exercise.

5. MAINTENANCE

Cleaning Instructions:

- Unplug the power outlet and detach the controller from the pad.
- Allow the pad to cool completely.
- Use a dampened white cloth or cotton swab with cleaning solvent to wipe the heat pad.
- Avoid using the pad in bathrooms or near water.

6. TROUBLESHOOTING

If the heating pad is not functioning as expected, please check the following:

- Ensure the power cord is securely plugged into a working electrical outlet.
- Verify that the controller is firmly connected to the heating pad.
- Check if the auto-off timer has activated. Simply restart the desired function if it has.
- Avoid folding or bunching the pad during use, as this can interfere with heating elements.

If issues persist after checking these points, please contact customer support.
