3.2 Buttons and Sensors

The watch is equipped with a side button for navigation and control. On the rear, optical sensors are present for health monitoring functions such as heart rate and blood oxygen tracking.

4. SETUP

4.1 Charging the Device

Before initial use, fully charge your Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a standard USB power adapter (not included) or a computer USB port. A full charge typically takes approximately 2.5 hours.

4.2 App Installation (GloryFit)

To unlock the full functionality of your Smart Watch, download and install the "GloryFit" application on your smartphone. The app is compatible with both Android and iOS devices.

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Google Play Store (for Android) or the App Store (for iOS).
3. Search for "GloryFit" and download the application.

First of all, please be sure to connect our smart watch through the "GloryFit" APP

How to make a call please follow? Follow these steps:

Image: Steps for connecting the Smart Watch via the GloryFit app.

4.3 Device Pairing

Once the GloryFit app is installed:

1. Open the GloryFit app.
2. Navigate to the "Device" section or similar pairing option.
3. The app will search for nearby devices. Select "Y66" from the list to initiate pairing.
4. Confirm the pairing request on both your phone and the watch if prompted.

4.4 Bluetooth Call Setup

To enable call answering and making directly from your watch:

1. After successfully pairing the watch with the GloryFit app, a separate Bluetooth pairing request for "Y66 (ID-4DF9)" or similar may appear on your phone's Bluetooth settings. Accept this pairing.
2. On the watch, ensure the Bluetooth call function is enabled (often indicated by a phone icon).
3. In your phone's Bluetooth settings, verify that the "Y66" connection has permissions for calls and audio.
4. Once connected, you can use the watch to answer/make calls.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different data screens.
- **Tap:** Select an item or confirm an action.
- **Side Button:** Press to return to the home screen or wake the device.

5.2 Customizing Watch Faces

The Jugeman Smart Watch Y66 offers over 220 watch faces available through the GloryFit app. You can also use your own photos to create personalized watch faces.

1. Open the GloryFit app on your smartphone.
2. Navigate to the "Dial Settings" or "Watch Face" section.
3. Browse available watch faces or select the option to customize with a photo.
4. Sync the selected watch face to your device.

5.7 Other Features

The watch includes several additional useful functions:

- **Weather Forecast:** Get real-time weather updates.
- **Alarm Clock:** Set alarms directly from the watch or app.
- **Music Control:** Control music playback on your smartphone.
- **Remote Camera:** Use the watch as a remote shutter for your phone's camera.
- **Breathing Exercises:** Guided breathing exercises to help relieve stress.
- **Calculator:** A basic calculator for quick computations.
- **Find Phone:** Locate your paired smartphone by making it ring.
- **Multi-Functional Reminders:** Set reminders for drinking water, walking, or calendar events.

6. MAINTENANCE

6.1 Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain device longevity. Use a soft, damp cloth to wipe the screen and body. For the strap, follow the manufacturer's recommendations for the specific material.

6.2 Water Resistance (IP68)

The Jugeman Smart Watch Y66 is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use, such as hand washing or light rain. However, it is not recommended for hot showers, saunas, or diving, as steam and high temperatures can compromise the seal.

IP68 Waterproof

6.3 Battery Care

To prolong battery life, avoid extreme temperatures and do not leave the watch fully discharged for extended periods. The watch offers approximately 7 days of typical use and up to 30 days of standby time on a single charge.

7. TROUBLESHOOTING

If you encounter issues with your Jugeman Smart Watch Y66, refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Unable to pair with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch.
 - Make sure the watch is within the Bluetooth range of your phone.
 - Restart both your phone and the watch.
 - Clear the Bluetooth cache on your phone (if applicable).
 - Try unpairing and re-pairing the device through the GloryFit app.
- **Inaccurate health data (Heart Rate/Sleep):**
 - Ensure the watch is worn snugly on your wrist, not too loose or too tight.
 - Clean the sensors on the back of the watch.
 - Note that environmental factors and individual physiology can affect sensor accuracy.
- **Notifications not received:**
 - Check notification permissions for the GloryFit app in your phone's settings.
 - Ensure the GloryFit app is running in the background.
 - Verify that notifications are enabled for specific apps within the GloryFit app.
- **Bluetooth call issues:**
 - Confirm that the secondary Bluetooth connection for calls (e.g., "Y66") is active in your phone's Bluetooth settings.
 - Check audio output settings on your phone during a call.

If problems persist, contact Jugeman customer support for further assistance.
