Dekoni Audio Elite Hybrid

Dekoni Audio Elite Hybrid Ear Pads for Meze 109 Pro Headphones

Instruction Manual

INTRODUCTION

Thank you for choosing Dekoni Audio Elite Hybrid Ear Pads for your Meze 109 Pro headphones. These ear pads are meticulously designed to enhance your listening experience by providing a balanced sound profile with clear vocal emphasis and superior comfort. The Elite Hybrid earpads combine velour and acoustic leather to optimize both feel and acoustic performance.

Key Features:

- **Hybrid Acoustic Balance:** Engineered to maintain the open-back headphone's expansive soundstage while refining midrange frequencies for clear vocals.
- **Velour Comfort, Leather Precision:** A blend of velour and leather for prolonged comfort and acoustic accuracy.
- **Enhanced Bass Seal:** Design bolsters the Meze 109 Pro's deep sound reproduction, ensuring full and resonant bass notes.
- **Soundstage Integrity:** Hybrid materials ensure a true-to-life soundstage, connecting you to acoustic nuances.
- **Customized Listening Experience:** Tailored for the Meze 109 Pro's wide frequency range for an immersive experience.

INSTALLATION GUIDE

Installing your new Dekoni Audio Elite Hybrid Ear Pads is a straightforward process. Please follow these steps carefully to ensure proper fit and optimal performance.

1. **Remove Existing Ear Pads:** Gently peel off the old ear pads from your Meze 109 Pro headphones. They are typically held in place by a rim or adhesive. Take care not to damage the headphone drivers or the mounting ring.

2. **Clean Headphone Surface:** After removing the old pads, gently clean the headphone's mounting surface to remove any dust or residue. This ensures a secure fit for the new ear pads.
3. **Align New Ear Pads:** Take one Dekoni Audio Elite Hybrid Ear Pad. Align the inner rim of the ear pad with the mounting ring on your Meze 109 Pro headphone.

USING YOUR DEKONI AUDIO ELITE HYBRID EAR PADS

Once installed, your new ear pads are ready for use. The Elite Hybrid design offers a unique combination of materials to enhance your listening sessions:

- **Comfort:** The high thread count velour surface provides a soft touch against your skin, allowing for extended listening periods without discomfort.
- **Sound Enhancement:** The acoustic leather face and overall design contribute to a more precise and engaging sound. Expect improved bass response, clear vocal reproduction, and a natural soundstage.
- **Isolation:** The materials and fit are designed to provide improved passive noise isolation, allowing you to focus more on your audio.

CARE AND MAINTENANCE

To ensure the longevity and performance of your Dekoni Audio Elite Hybrid Ear Pads, follow these care instructions:

- **Regular Cleaning:** Gently wipe the velour and leather surfaces with a soft, dry, lint-free cloth to remove dust and light smudges.
- **Deep Cleaning (Velour):** For deeper cleaning of the velour, use a slightly damp cloth with a mild, non-abrasive soap solution. Dab gently, do not rub vigorously. Allow to air dry completely before use.
- **Deep Cleaning (Leather):** For the leather parts, use a leather-specific cleaner or a very slightly damp cloth. Avoid harsh chemicals or excessive moisture, which can damage the material.
- **Avoid Direct Sunlight and Heat:** Prolonged exposure to direct sunlight or extreme heat can cause the materials to degrade or crack. Store your headphones in a cool, dry place when not in use.
- **Avoid Sharp Objects:** Prevent contact with sharp objects to avoid punctures or tears in the materials.

TROUBLESHOOTING

If you encounter any issues with your Dekoni Audio Elite Hybrid Ear Pads, consider the following:

- **Difficulty Installing:** Ensure you are aligning the ear pad correctly with the headphone's mounting ring. Patience and gentle, even pressure around the circumference are key. If the fit is extremely tight, ensure you have the correct model ear pads for your Meze 109 Pro.
- **Reduced Sound Quality/Isolation:** Double-check that the ear pads are fully seated and sealed around the headphone drivers. Any gaps can affect sound performance and isolation.
- **Discomfort:** While designed for comfort, new ear pads may require a short break-in period. If discomfort persists, ensure they are installed correctly and not pressing unevenly.
- **Material Wear:** Over time, all materials will show signs of wear. Regular maintenance as described above can extend their lifespan.

If problems persist, please contact Dekoni Audio customer support for further assistance.

SPECIFICATIONS

Feature	Detail
---------	--------

Model	Elite Hybrid
Brand	Dekoni Audio
Compatible Devices	Meze 109 Pro
