## 8. MAINTENANCE

---

To ensure the longevity and appearance of your ExtreLife MagSafe Wallet, please follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth (wet wipe) to gently clean the exterior of the wallet. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the wallet in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Overstuffing:** While designed for up to 8 cards, consistently overstuffing the wallet may stretch the material and affect its slim profile and magnetic hold.
- **Magnetic Care:** Keep the magnetic surface clean and free from debris to ensure optimal attachment strength.

## 9. TROUBLESHOOTING

---

If you encounter any issues with your ExtreLife MagSafe Wallet, please refer to the following common troubleshooting tips:

- **Wallet Not Connecting to Find My:**
  - Ensure the wallet is powered on (short press the power button).
  - Verify Bluetooth is enabled on your iPhone.
  - Check that 'Find My' is enabled in your iPhone settings.
  - Make sure your iPhone's operating system is up to date.
  - Try restarting both your iPhone and the wallet.
- **Weak Magnetic Attachment:**
  - Ensure your iPhone or case is MagSafe compatible. Non-MagSafe cases may reduce magnetic

strength.

- Check for any debris or obstructions between the wallet and your iPhone/case.
- Avoid overstuffing the wallet, as this can affect its ability to lie flat and connect securely.

- **Cards Difficult to Insert/Remove:**

- The wallet is designed for a snug fit to secure cards. Over time, the material may loosen slightly.
- Ensure you are not exceeding the recommended 8-card capacity.

- **Battery Not Charging:**

- Ensure your wireless charger is MagSafe or Qi-compatible and functioning correctly.
- Verify the wallet is correctly positioned on the charging pad.
- Check for any obstructions between the wallet and the charging pad.
