## Globlazer F61

# Globlazer F61 Cat Tower Instruction Manual

Model: F61 | Color: Dark Grey | Size: 61-inch

## PRODUCT OVERVIEW

The Globlazer F61 Cat Tower is designed to provide a multi-level activity center for indoor cats, especially large adult cats. It features various platforms, scratching posts, and enclosed condos to cater to your cat's natural instincts for climbing, lounging, and playing.

## Key Features

- **Comprehensive Design:** 61-inch multi-level structure for climbing, lounging, and interactive play.
- **Extra-Large Top Perch:** A spacious 17.7"x 15.7" platform for relaxation and observation, suitable for large cats or multiple kittens.
- **Spacious Cat Condos:** Two generously sized 17.7"x 15.7"x 13.8" enclosed retreats for rest and privacy.
- **Seven Natural Sisal Scratching Posts:** Promotes healthy scratching behavior, maintains claw health, and protects furniture.
- **Entertainment Toys:** Includes hanging mouse toys and dangling balls to enrich your cat's daily routine.

## **SAFETY INFORMATION**

Please read and follow these safety guidelines to ensure safe use of the cat tower.

- Always place the cat tower on a flat, stable surface to prevent tipping.
- Regularly inspect all components for wear and tear, especially scratching posts and hanging toys. Replace damaged

parts immediately.

- Ensure all screws are tightened securely during assembly and check their firmness at least once a month.
- Keep small children away from the cat tower during assembly and ensure they do not climb on it.
- This product is designed for indoor use only.

PACKAGE CONTENTS

Before assembly, verify that all parts listed below are present and undamaged. Refer to the assembly video for visual identification of parts.

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your Globlazer F61 Cat Tower. It is recommended to have a second person assist with assembly for stability.

Assembly Video Guide

Your browser does not support the video tag.

Video: This video provides a visual guide for assembling the F61 Cat Tree. It demonstrates the step-by-step process of

connecting the various platforms and posts, including the installation of the anti-tip kit.

## Step-by-Step Instructions

1. **Base Assembly:** Attach the short posts (P6) to the bottom of the base cat condo (A) and the lower platform (B) using the provided screws (W1).
2. **First Level:** Secure the upper cat condo (D) onto the lower platform (B) using screws. Attach two medium posts (P2) and two short posts (P3) to the top of the upper cat condo (D).
3. **Second Level:** Place the middle platform (C) onto the posts from the previous step and secure with screws. Attach two medium sisal posts (P4) and two long posts (P5) to the middle platform (C).
4. **Third Level:** Attach the triangular platform (E) to the posts from the previous step. Secure two medium sisal posts (P4) and two long posts (P5) to the triangular platform (E).
5. **Top Level:** Attach the top platform (F) to the posts from the previous step. Place the top perch cushion (G) onto the top platform.
6. **Anti-Tip Kit Installation:** Identify a suitable wall location near the top of the cat tower. Drill a pilot hole and secure the anti-tip bracket (W3) to the wall. Attach the strap from the cat tower to the wall bracket.
7. **Attach Toys:** Hang the mouse toys and dangling balls (W4) from the designated points on the cat tower.

## OPERATING INSTRUCTIONS

The Globlazer F61 Cat Tower is designed for intuitive use by your cats. No specific operational steps are required beyond initial setup. Encourage your cat to explore the various levels, scratching posts, and condos.

### Encouraging Use

- Place treats or catnip on different levels to entice your cat to explore.
- Play with dangling toys to engage your cat in interactive play.
- Position the tower near a window or a favorite spot to encourage observation and lounging.

## MAINTENANCE

Regular maintenance will extend the life of your cat tower and ensure your cat's safety.

- **Cleaning:** The plush material can be spot cleaned with a damp cloth and mild detergent. For the top perch cushion, refer to the care instructions: "Hand Wash Only".
- **Sisal Posts:** The natural sisal ropes are designed for scratching. Over time, they may fray. This is normal wear and tear.
- **Screw Tightness:** Check the firmness of all the screws at least once a month.
- **General Inspection:** Periodically check the entire structure for stability and any loose parts.

## TROUBLESHOOTING

### Instability

- **Issue:** The cat tower feels wobbly.
- **Solution:** Ensure all screws are securely tightened. Verify the anti-tip kit is properly installed and anchored to a sturdy wall. Place the tower on a level surface.

### Cat Not Using the Tower

- **Issue:** Your cat is not interested in the tower.

- **Solution:** Try placing catnip on different levels or inside the condos. Introduce favorite toys to the tower. Position the tower in a high-traffic area or near a window to make it more appealing.

Damaged Components

- **Issue:** A part of the tower is damaged (e.g., frayed sisal, broken platform).
- **Solution:** Discontinue use of the damaged part. Contact Globlazer customer service for replacement parts or assistance.
