

LIUP LP1

LIUP Wireless Luminous Earbuds LP1 Instruction Manual

Model: LP1 | Brand: LIUP

1. INTRODUCTION

Thank you for choosing the LIUP Wireless Luminous Earbuds LP1. These earbuds feature Bluetooth 5.4 technology, HiFi stereo sound, and a unique glow-in-the-dark design with moving sand. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance and user experience.

2. WHAT'S IN THE BOX

- Luminous Earbuds (Left and Right)
- Wireless Charging Case
- USB Charging Cable
- User Manual
- UV Flashlight

3. PRODUCT FEATURES

- **Glow-in-the-Dark Design:** Earbuds contain luminous flowing sand that glows blue in the dark after absorbing light energy. A UV flashlight is included for quick activation.
- **HiFi Stereo Sound:** Equipped with 13.4mm speakers and triple-layer composite diaphragms for powerful bass, clear mids, and stunning treble.
- **Built-in Microphones with ENC:** Each earbud features a built-in microphone with Environmental Noise Cancellation (ENC) for clear phone calls.
- **Smart Touch Control:** Dual ear touch controls on the earbud pole allow for volume adjustment, track skipping, call management, and voice assistant activation.
- **Long Playtime & Fast Charging:** Up to 35 hours of total playback with the charging case. A 10-minute quick charge provides 2 hours of playtime.
- **Advanced Bluetooth 5.4:** Ensures a faster, more stable connection with low latency, compatible with iOS, Android, and Windows devices.

4. SETUP

4.1 Initial Pairing with Bluetooth Devices

1. Ensure both earbuds are powered on and placed near your device.
2. Open the Bluetooth settings on your smartphone, tablet, or laptop.
3. Select "LIUP LP1" from the list of available devices to connect.
4. Once paired, the earbuds will automatically connect to your device when powered on.

ALL DAY LISTENING

Immerse yourself in the music world all day long
and the charging case extends playtime up to 35 hours.

4.2 Wearing the Earbuds

The earbuds are designed to clip onto your ear, providing a secure fit without entering the ear canal. Ensure the speaker part is positioned just outside your ear canal for optimal sound and comfort.

5. OPERATING THE EARBUDS

5.1 Smart Touch Controls

The LIUP LP1 earbuds feature intuitive touch controls on the side of each earbud pole. Refer to the diagram below for specific functions:

HIFI SOUND QUALITY AND DEEP BASS

13.4mm

Powerful speaker drive for clear highs and quality bass

Bass+

High-Bass Balance

8. MAINTENANCE

- Clean the earbuds and charging case regularly with a soft, dry cloth.
- Avoid exposing the earbuds to extreme temperatures or direct sunlight for prolonged periods.
- Do not immerse the earbuds or charging case in water. They are water-resistant, not waterproof.
- Store the earbuds in their charging case when not in use to protect them and maintain battery life.

9. TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are charged and powered on. Turn off and on your device's Bluetooth, then try re-pairing. If issues persist, perform a Bluetooth initialization (tap five times on either earbud).
- **No sound:** Check the volume levels on both your device and the earbuds. Ensure the earbuds are properly connected to your device.
- **Call quality issues:** Ensure the microphones are not obstructed. Environmental Noise Cancellation (ENC) should help, but try moving to a quieter area if possible.
- **Glow feature not working:** Expose the earbuds and case to light (especially the included UV flashlight) for at least 1 minute to charge the luminous material.

10. SPECIFICATIONS
