2. WHAT'S IN THE BOX

Please verify that all items are present in the package:

- taopodo T60-BK Smart Watch
- Charging Cable

- User Manual (this document)

3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge the smartwatch. Connect the charging cable to the watch's charging port and a USB power source. A full charge typically takes approximately 1.5 hours.

3.2 App Installation and Pairing

To unlock the full functionality of your smartwatch, download the companion application on your smartphone. Search for the app name (usually mentioned in the quick start guide or on the watch screen) in the App Store (iOS) or Google Play Store (Android).

1. Download and install the app.

2. Open the app and create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. Follow the in-app instructions to search for and pair with your T60-BK Smart Watch.
5. Confirm the pairing request on both your phone and the smartwatch.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

The T60-BK Smart Watch features a 1.96" HD touchscreen display and a side button for navigation.

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick widgets or different watch faces.
- **Tap:** Select an item or confirm an action.
- **Press Side Button:** Return to the home screen or power on/off (long press).

Image: The smartwatch displaying its vibrant 1.91" HD screen with multiple customizable watch faces.

4.2 Customizing Watch Faces

You can personalize your watch face directly from the watch or through the companion app. The watch supports over 200 watch faces.

- **On Watch:** Long press the current watch face, then swipe left or right to browse and tap to select.
- **Via App:** Open the app, navigate to the "Watch Faces" or "Dial Settings" section, and choose from the available options.

4.3 Smart Notifications

Once paired, the smartwatch can display notifications from your smartphone. Ensure notification permissions are granted in both your phone's settings and the companion app.

Bluetooth Call and Answer

The image is a composite graphic. On the left, there are two panels. The top panel, titled "Answer/ Make Call", shows a smartwatch screen with an incoming call notification for the number 15630725941. Below the watch are four icons: a grid for "Dialap", a telephone handset for "Calling", a list for "Call History", and a person icon for "Contacts". The bottom panel, titled "Smart Notification", shows a smartwatch screen with a Facebook notification from Lily: "I like your smartwatch, please tell me where you got it." To the right of the watch are icons for various social media apps: Instagram, Facebook, X, Snapchat, Telegram, Gmail, WhatsApp, LINE, and TALK. On the right side of the graphic is a photograph of a man in a black and grey athletic jacket running, wearing the smartwatch on his left wrist.

5. HEALTH MONITORING

The T60-BK Smart Watch includes sensors for monitoring various health metrics.

- **Heart Rate Monitor:** Tracks your heart rate throughout the day. Access this feature from the watch menu or the app.
- **Blood Oxygen (SpO2) Monitor:** Measures your blood oxygen saturation levels.
- **Sleep Monitor:** Automatically tracks your sleep patterns, including deep sleep, light sleep, and wake-up times. View detailed sleep analysis in the companion app.
- **Breath Training:** Guided breathing exercises to help manage stress.

Note: This device is not a medical device. Health data provided is for reference only and should not be used for medical diagnosis or treatment.

6. FITNESS TRACKING

The smartwatch supports over 100 sports modes and provides comprehensive activity tracking.

- **100+ Sport Modes:** Select your activity (e.g., running, cycling, basketball) to track specific metrics like duration, calories burned, and heart rate during exercise.
- **Activity Tracking:** Monitors daily steps, distance covered, and calories burned.
- **Pedometer:** Counts your steps automatically throughout the day.

7. COMMUNICATION FEATURES

With its Bluetooth calling feature, the T60-BK Smart Watch allows you to manage calls directly from your wrist.

- **Answer/Make Calls:** Once connected via Bluetooth, you can answer incoming calls or dial out directly from the watch.
- **Call History:** View your recent call logs.
- **Contacts:** Access synced contacts for quick dialing.

8. BATTERY LIFE AND CHARGING

The T60-BK Smart Watch is equipped with a 300 mAh Lithium Ion battery.

- **Battery Life:** Up to 7 days of typical use.
- **Standby Time:** Up to 30 days.
- **Charging Time:** Approximately 1.5 hours for a full charge.

Use the provided charging cable and connect it to a standard USB power adapter (5V/1A recommended).

9. MAINTENANCE

9.1 Water Resistance

The T60-BK Smart Watch has an IP68 waterproof rating, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use, hand washing, and light rain. It is not recommended for hot showers, saunas, or diving.

9.2 Cleaning

Wipe the watch and strap regularly with a soft, dry cloth. If necessary, use a slightly damp cloth and then dry thoroughly. Avoid using harsh chemicals or abrasive materials.

10. TROUBLESHOOTING

Issue	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone	<ul style="list-style-type: none">◦ Ensure Bluetooth is enabled on your phone.◦ Make sure the watch is within range of your phone.◦ Restart both the watch and your phone.◦ Check if the app has necessary permissions.◦ Forget the device in your phone's Bluetooth settings and try pairing again.
Notifications not received	<ul style="list-style-type: none">◦ Verify Bluetooth connection.◦ Check notification settings in the companion app and your phone's system settings.◦ Ensure the app is running in the background.
Inaccurate health data	<ul style="list-style-type: none">◦ Ensure the watch is worn snugly on your wrist, not too tight or too loose.◦ Clean the sensor on the back of the watch.◦ Avoid excessive movement during measurements.
