## AaoLin F-A2-Black-2PACK

# AaoLin Multifunctional Portable Stroller Fan

Model: F-A2-Black-2PACK

## INTRODUCTION

---

Thank you for purchasing the AaoLin Multifunctional Portable Stroller Fan. This product is designed to provide powerful and portable cooling in various environments. Featuring a flexible tripod and multiple speed settings, it is ideal for use on strollers, cribs, desks, and during outdoor activities. Please read this manual carefully before use to ensure proper operation and maintenance.

## PRODUCT OVERVIEW

---

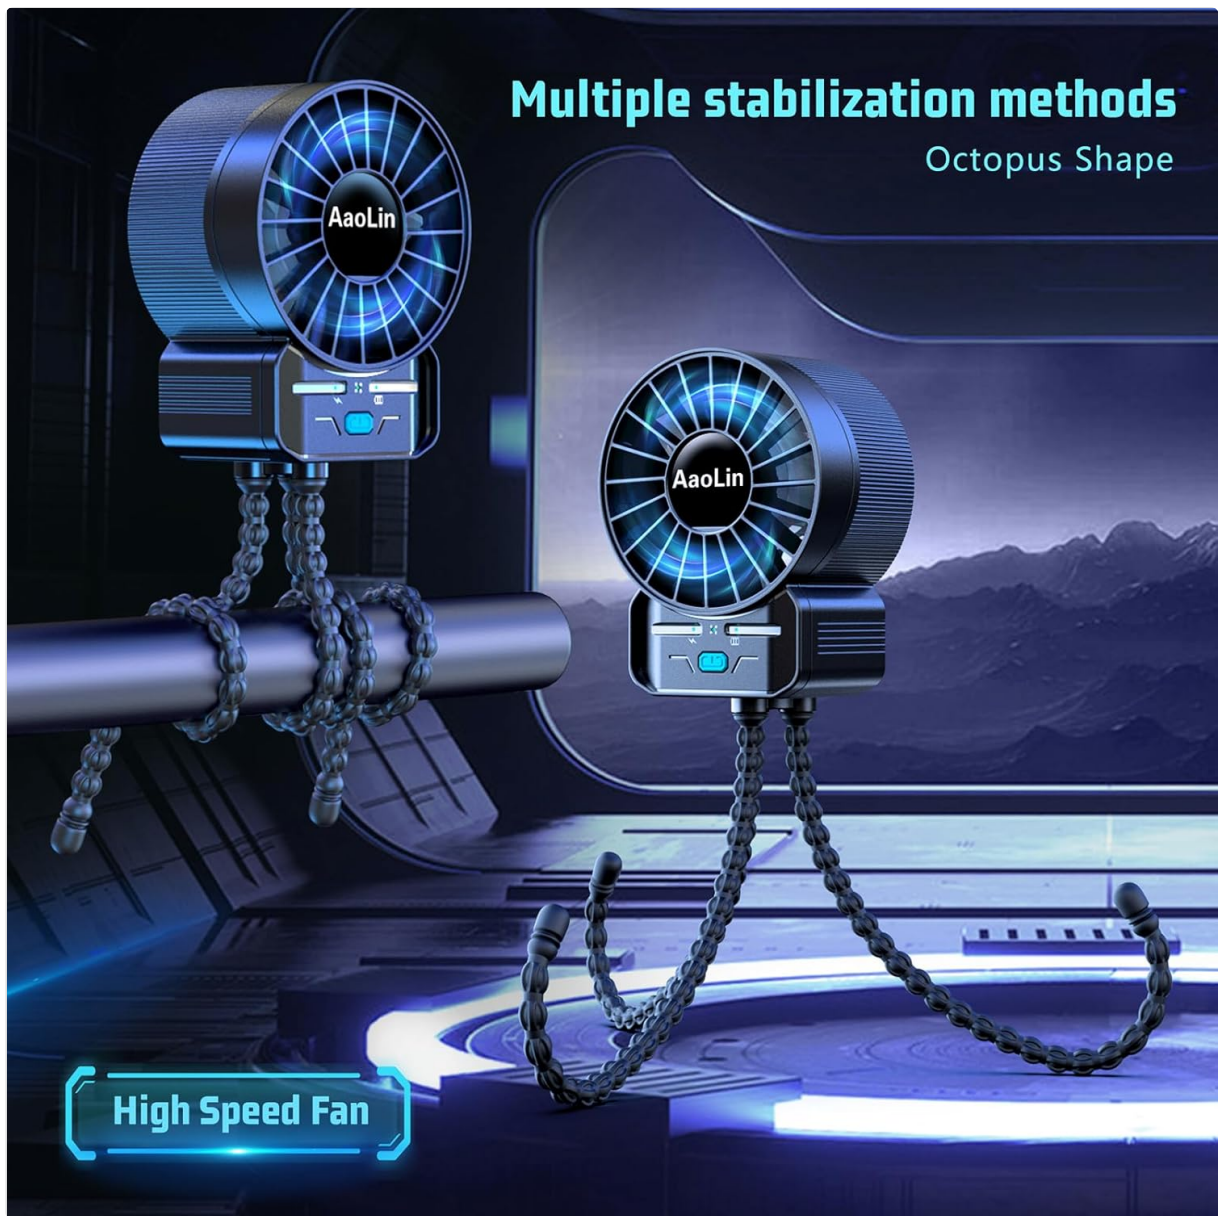

The AaoLin Portable Stroller Fan is equipped with a high-speed brushless motor, offering strong airflow with low noise. Its unique flexible tripod allows for versatile positioning and attachment to various surfaces. The fan features a safe design with small gaps to protect fingers and a rechargeable battery for extended use.

### Key Features:

- **Safe Design:** Small gaps on the fan cover prevent accidental finger entry.
- **Flexible Tripod:** Versatile octopus-shaped tripod for clipping, wrapping, or standing.
- **4 Adjustable Speeds:** From soft wind to stronger winds (up to 6600rpm).
- **Quiet Operation:** High-speed brushless motor provides powerful airflow quietly.
- **Rechargeable Battery:** Built-in 2000 mAh battery with USB-C charging.
- **Portable & Lightweight:** Easy to carry for travel, outdoor, and indoor use.

This image displays two black AaoLin portable stroller fans, each featuring a flexible tripod base. The fans are shown securely wrapped around a horizontal bar, demonstrating their versatile attachment capability.

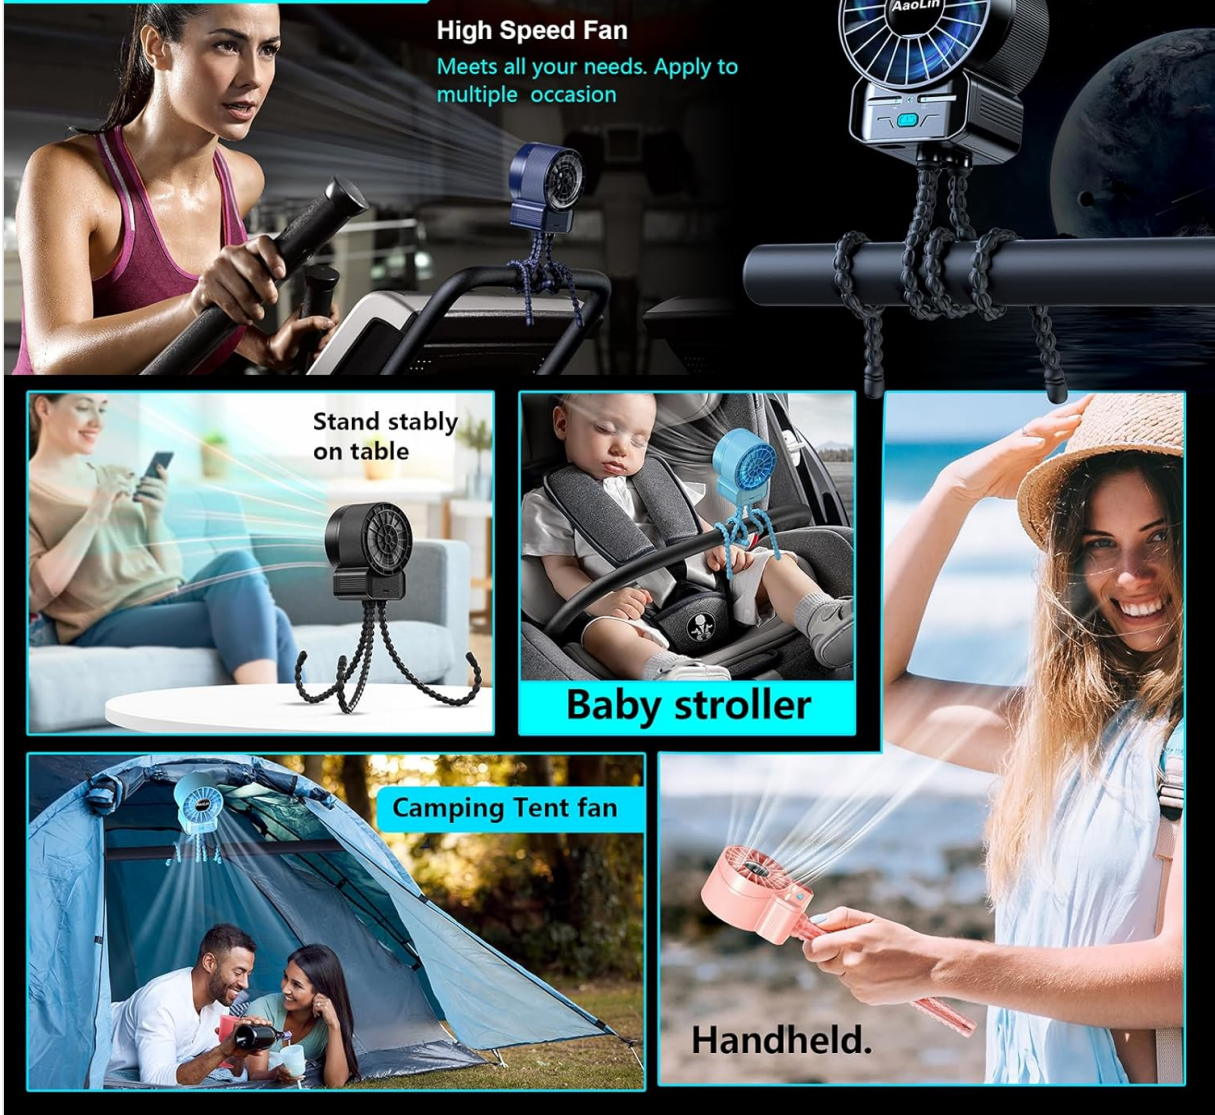

This image illustrates two AaoLin portable fans, highlighting their flexible, octopus-shaped tripods. One fan is wrapped around a bar, and the other stands freely, showcasing various stabilization methods.

## SETUP

- Unpacking:** Carefully remove the fan and all accessories from the packaging. Ensure all components (fan unit, USB-C cable, user manual) are present.
- Initial Charge:** Before first use, fully charge the fan. Connect the provided USB-C cable to the fan's charging port and the other end to a USB power adapter (not included) or a computer USB port. The charging indicator light will show the charging status.
- Positioning the Fan:** The flexible tripod allows for various mounting options:
  - **Wrap:** Bend the flexible legs to securely wrap around stroller handles, crib rails, bicycle handlebars, or golf cart frames.
  - **Stand:** Position the legs to form a stable base for desktop use.
  - **Grip:** Hold the fan by its flexible legs for handheld use.

## Flexible Octopus Tripod

A collage showcasing the fan's adaptability: attached to a treadmill, standing on a table, clipped to a baby stroller, used inside a camping tent, and held as a handheld fan, illustrating its multi-purpose design.

## OPERATING INSTRUCTIONS

The fan is controlled by a single button located on the unit.

- Power On/Off:** Press the power button once to turn the fan on at the lowest speed (1st Speed - Soft Wind). Press and hold the button for 2-3 seconds to turn the fan off from any speed setting.
- Adjusting Fan Speed:** While the fan is on, press the power button repeatedly to cycle through the 4 speed settings:
  - 1st Press: 1st Speed (Soft Wind)
  - 2nd Press: 2nd Speed (Cool Wind)
  - 3rd Press: 3rd Speed (Strong Wind)
  - 4th Press: 4th Speed (Stronger Winds)
  - 5th Press: Cycles back to 1st Speed
- Adjusting Fan Head:** The fan head can be manually adjusted vertically and horizontally to direct airflow as needed.

A detailed diagram showing the internal components of the AaoLin fan, including its high-speed turbomotor. It also visually represents the four adjustable speed settings: Soft Wind, Cool Wind, Strong Wind, and Stronger Winds.

## CHARGING INSTRUCTIONS

The fan is powered by a built-in rechargeable lithium-ion battery.

- **Battery Capacity:** 2000 mAh
- **Charging Port:** USB Type-C
- **Charging Time:** Approximately 3.5 hours for a full charge.
- **Usage Time:** 2.5 to 12 hours, depending on the selected speed setting.
- **Charging Indicator:** Refer to the fan's indicator light for charging status. Typically, a red light indicates charging, and a blue or off light indicates a full charge.

Polymer Physics Battery. Rechargeable Battery Powered.

## High Performance Safety

Charging Time **3h**

Usage Time **2.5-12h**

**TYPE-C** Port

High speed fan

This image highlights the fan's power features, including its polymer physics battery, Type-C charging port, a charging time of 3 hours, and a usage time ranging from 2.5 to 12 hours.

## MAINTENANCE

- **Cleaning:** Ensure the fan is turned off and unplugged before cleaning. Use a soft, dry cloth to wipe the exterior of the fan. For dust accumulation on the fan blades, use a soft brush or compressed air. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use for extended periods, store the fan in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the battery is partially charged (around 50%) before storage to prolong battery life.
- **Battery Care:** Avoid fully discharging the battery frequently. Charge the fan regularly, even if not in use, to maintain battery health.

## TROUBLESHOOTING

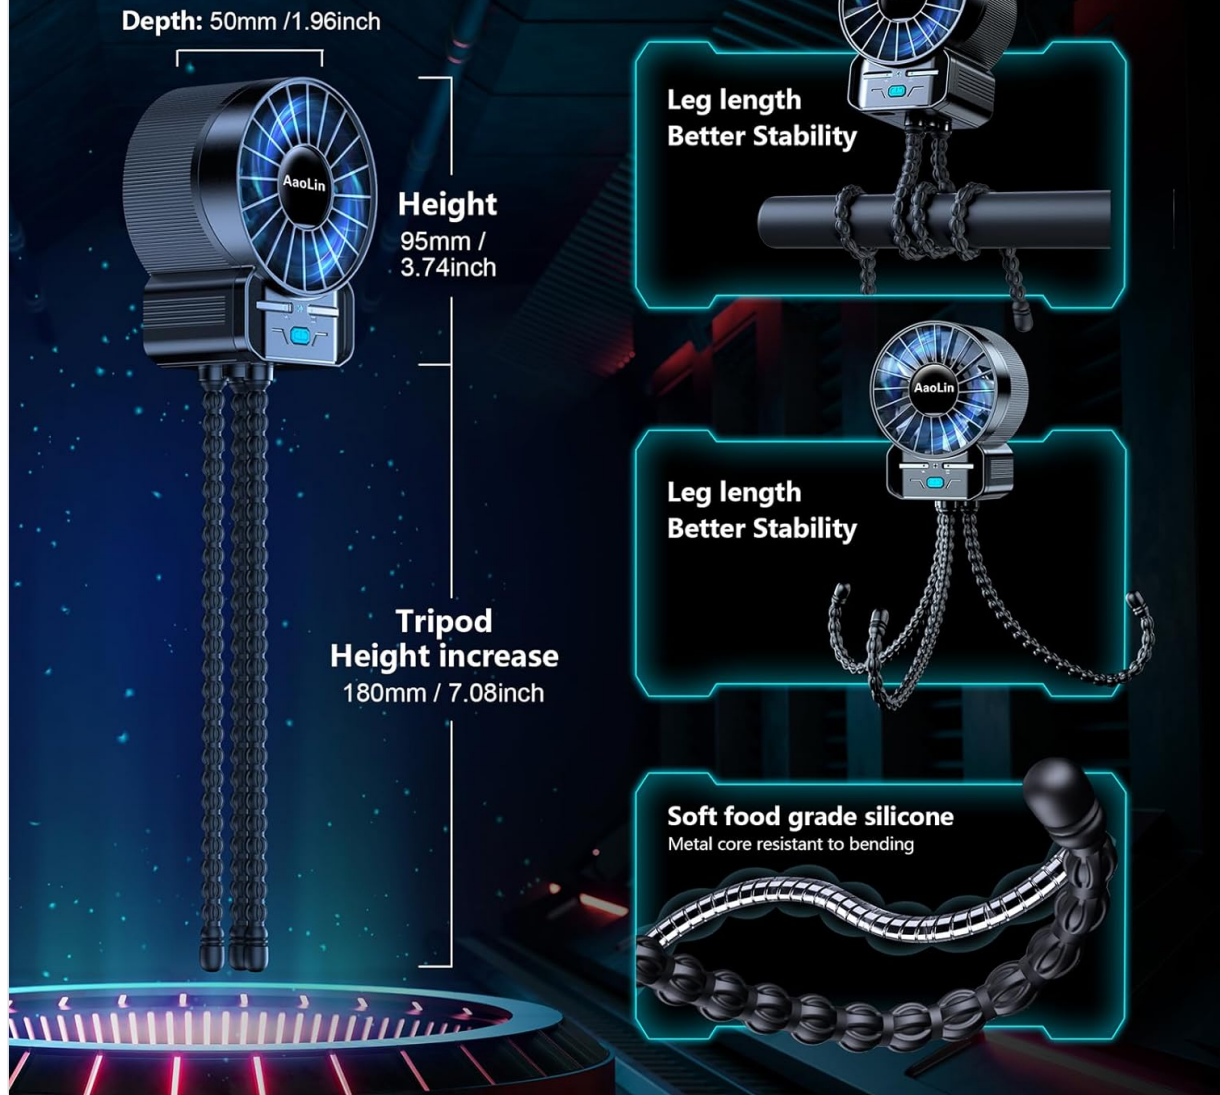

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fan does not turn on.	Battery is depleted.	Charge the fan using the provided USB-C cable.
Weak airflow.	Fan is on a low speed setting.	Press the power button to increase the fan speed.
	Fan blades are obstructed or dirty.	Turn off the fan and carefully clean the blades and grille.
Battery not charging.	USB-C cable or power adapter is faulty.	Try a different USB-C cable or power adapter. Ensure connections are secure.
Unusual noise during operation.	Obstruction in fan blades or internal issue.	Turn off the fan and check for any foreign objects. If the noise persists, discontinue use and contact customer support.

## SPECIFICATIONS

Feature	Specification
Brand	AaoLin
Model Name	Stroller Fan A2 Black 2pc (F-A2-Black-2PACK)
Product Dimensions	2"D x 2.89"W x 11.02"H
Item Weight	13.7 Ounces
Power Source	Battery Powered
Battery Type	1 Lithium Ion battery (included)
Charging Time	Approx. 3.5 hours
Usage Time	2.5 to 12 hours (depending on speed)
Number of Power Levels	4
Max Speed	6600 RPM
Noise Level	35 dB
Control Method	Touch
Special Features	4 Speed, Adjustable Height, Adjustable Tilt, Portable, Rechargeable
Included Components	USB Cable, User Manual

## HIGH SPEED HANDHELD FAN SIZE

A visual representation of the fan's dimensions (Depth: 1.96", Height: 3.74", Tripod Height Increase: 7.08"). It also emphasizes the stability provided by the leg length and the bendable, soft food-grade silicone material of the tripod.

## SAFETY INFORMATION

- Do not insert fingers or any objects into the fan grille while it is operating.
- Keep the fan away from water or other liquids. Do not use in wet environments.
- Do not disassemble, repair, or modify the fan yourself. Contact qualified personnel for service.
- Keep out of reach of small children when not supervised, despite the safe design.
- Do not expose the fan or battery to extreme heat, direct sunlight, or open flames.
- Use only the provided USB-C cable for charging.
- If the fan exhibits abnormal behavior, smoke, or unusual odors, immediately turn it off and disconnect the power.

## WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the documentation included with your purchase or contact the manufacturer directly. Typically, warranty details are provided on the product

packaging or the manufacturer's official website.
