Ecolab Sink And Surface Cleaner Sanitizer 2.5 Gallon

Ecolab Sink And Surface Cleaner Sanitizer 2.5 Gallon Instruction Manual

Model: 2.5 Gallon

1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of the Ecolab Sink And Surface Cleaner Sanitizer 2.5 Gallon. Please read this manual thoroughly before using the product and retain it for future reference. This product is designed for professional use in maintaining hygiene on indoor sinks and surfaces.

2. SAFETY INFORMATION

WARNING: Read all safety precautions before use.

- Keep out of reach of children and pets.
- Avoid contact with eyes and skin. In case of contact, rinse immediately with plenty of water and seek medical advice.
- Do not ingest. If swallowed, do not induce vomiting. Seek medical attention immediately.
- Use in a well-ventilated area.
- Wear appropriate personal protective equipment (PPE) such as gloves and eye protection when handling.
- Do not mix with other cleaning products, especially those containing bleach or ammonia, as this may release hazardous gases.
- Store in original container in a cool, dry place, away from direct sunlight and incompatible materials.
- This product is for external use only and is not intended for consumption or medical purposes.

3. PRODUCT DESCRIPTION AND FEATURES

The Ecolab Sink And Surface Cleaner Sanitizer is a non-toxic, unscented liquid solution formulated for effective cleaning and sanitizing of indoor sinks and various hard surfaces. Its 2.5-gallon volume provides

ample supply for commercial or extensive household use.

- **Item Form:** Liquid
- **Scent:** Unscented
- **Material Feature:** Non-Toxic
- **Specific Uses:** Sink and Surface Cleaner
- **Surface Recommendation:** Indoor

4. SETUP AND PREPARATION

Before using the Ecolab Sink And Surface Cleaner Sanitizer, ensure the following:

1. **Read the Label:** Carefully read the product label for specific dilution ratios and application instructions.
2. **Ventilation:** Ensure the area is well-ventilated. Open windows or use exhaust fans if necessary.
3. **Personal Protective Equipment (PPE):** Don gloves and eye protection to prevent skin and eye contact.
4. **Prepare Surfaces:** Remove any loose debris or heavy soil from the surfaces to be cleaned.
5. **Dilution (if required):** If the product requires dilution, use clean water and a clean, designated container. Follow the label's instructions precisely for the correct ratio.

5. OPERATING INSTRUCTIONS (USAGE)

Follow these steps for effective cleaning and sanitizing:

1. **Application:** Apply the cleaner sanitizer directly to the surface or to a clean cloth/sponge. If diluted, use the diluted solution.
2. **Cleaning:** Scrub or wipe the surface thoroughly to remove dirt and grime.
3. **Dwell Time:** Allow the product to remain on the surface for the recommended dwell time specified on the product label for sanitization. This is crucial for effective germ killing.
4. **Rinsing:** For food contact surfaces, rinse thoroughly with potable water after the recommended dwell time. For non-food contact surfaces, rinsing may not be necessary, but check the product label for specific instructions.
5. **Drying:** Allow the surface to air dry or wipe with a clean, dry cloth.

Always test on an inconspicuous area first to ensure compatibility with the surface material.

6. MAINTENANCE

This product does not require specific maintenance. However, proper storage is essential to maintain its efficacy:

- Keep the container tightly closed when not in use.
- Store in a cool, dry place, away from extreme temperatures.
- Do not transfer to unlabeled containers.
- Check the expiration date on the product label and dispose of expired product according to local regulations.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Product not cleaning effectively.	Incorrect dilution ratio; insufficient dwell time; heavily soiled surface.	Verify dilution ratio; increase dwell time; pre-clean heavily soiled areas.
Sanitization not achieved.	Insufficient dwell time; incorrect application.	Ensure recommended dwell time is met; apply evenly to cover the entire surface.
Skin or eye irritation.	Lack of PPE; accidental contact.	Always wear gloves and eye protection. Rinse affected area immediately with water and seek medical attention if irritation persists.

8. SPECIFICATIONS

- **Brand:** Ecolab
- **Model:** Sink And Surface Cleaner Sanitizer
- **Volume:** 2.5 Gallon
- **Item Form:** Liquid
- **Scent:** Unscented
- **Material Feature:** Non-Toxic
- **Specific Uses:** Sink and Surface Cleaner
