5. MAINTENANCE

Proper care will extend the life and appearance of your Outsunny dining table.

- **Cleaning:** Wipe clean with a damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Protection:** While designed for outdoor use, covering the table during prolonged periods of harsh weather (heavy rain, snow, extreme sun) or when not in use can help preserve its finish.
- **Inspection:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten as needed.
- **Storage:** If storing indoors during off-season, ensure the table is clean and dry before storage.

6. TROUBLESHOOTING

This section addresses common issues you might encounter.

- **Table is wobbly:** Ensure the table is on a flat, level surface. Adjust the leveling feet on each leg until stability is achieved. Check that all assembly bolts are securely tightened.
- **Extension mechanism is stiff:** Ensure the locking mechanisms are fully disengaged. Clean any debris from the sliding tracks. A small amount of silicone-based lubricant can be applied to the tracks if needed, but avoid oil-based lubricants.
