1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Feandrea UPCL011B02 Litter Box Enclosure. This versatile furniture piece is designed to discreetly house a cat litter box, offering privacy for your pet and reducing odors in your home. It can also function as a stylish side table or a cozy cat house, blending seamlessly with your home decor.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using this product. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all parts are securely fastened before placing any weight on the enclosure or allowing pets to use it.
- Do not exceed the maximum weight capacity of **165 lbs (75 kg)** on the top surface of the enclosure.
- Keep small parts and packaging materials away from children and pets during assembly to prevent choking hazards.
- Place the enclosure on a flat, stable surface to prevent tipping.
- Regularly inspect the enclosure for any loose parts or damage. Tighten fasteners as needed.

3. PARTS LIST

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Top Panel
- Bottom Panel
- Side Panels (2)
- Back Panel
- Front Doors (2)
- Metal Frame/Legs (4)
- Handles (2)
- Magnetic Catches (2 sets)
- Accessory Kit (contains screws, dowels, and other fasteners)
- Instruction Manual

4. SETUP & ASSEMBLY

Assembly of the Feandrea UPCL011B02 Litter Box Enclosure is designed to be straightforward. Follow the step-by-step instructions provided in the included manual and refer to the labeled parts. Typically, assembly can be completed within 20 minutes.

4.1 Assembly Steps Overview

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Attach the metal frame/legs to the bottom panel using the provided screws.
3. Connect the side panels to the bottom panel and then to the top panel. Ensure the cat entry hole is oriented as desired (left or right side).
4. Secure the back panel.
5. Install the front doors, ensuring the hinges are correctly aligned.
6. Attach the handles to the front doors.
7. Install the magnetic catches to ensure the doors close securely.

5. OPERATING INSTRUCTIONS

The Feandrea UPCL011B02 Litter Box Enclosure offers a private and clean space for your cat while integrating into your home decor.

5.1 Placing the Litter Box

Open the front doors of the enclosure. Place your cat's litter box inside the spacious compartment. The internal dimensions are designed to accommodate most standard and large litter boxes. Ensure there is enough space for your cat to comfortably enter, exit, and move within the enclosure.

5.3 Dual Functionality

This enclosure can be used in two primary ways:

- **Litter Box Enclosure:** Provides a private space for your cat and helps contain litter scatter and odors.
- **Cat House:** By adding a soft bed or cushion inside, it transforms into a cozy retreat for your cat.

Enclosed Space

A little privacy for cats, less odor for your home

6. MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and hygiene of your Feandrea Litter Box Enclosure.

- **Cleaning Surfaces:** Wipe down the exterior and interior surfaces with a damp cloth and mild detergent. The particleboard and steel construction are designed for easy cleaning. Avoid abrasive cleaners that may damage the

finish.

- **Odor Control:** The enclosed design helps reduce odors. For best results, ensure the litter box inside is cleaned regularly.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your litter box enclosure.

Problem	Possible Cause	Solution
Doors do not close properly or align.	Hinges or magnetic catches are misaligned; screws are loose.	Adjust the hinges or magnetic catches. Ensure all screws are tightened. If a plastic piece for the magnet is broken, a strong adhesive may be used for repair.
Litter is still tracking outside the enclosure.	Cat exits directly onto the floor; litter box is too close to the entrance.	Place a litter mat inside the enclosure, directly in front of the cat's exit. Ensure the litter box is positioned to allow space for your cat to shake off litter before exiting.
Enclosure feels unstable or wobbly.	Loose fasteners; uneven floor surface.	Check and tighten all assembly screws. Ensure the enclosure is placed on a level surface.
Unpleasant odors persist.	Infrequent litter box cleaning; inadequate ventilation.	Increase the frequency of litter box cleaning. Consider using odor-absorbing products inside the enclosure.

8. SPECIFICATIONS

- **Model:** UPCL011B02
- **Brand:** Feandrea
- **Color:** Ebony Black
- **Material:** Particleboard, Steel
- **Item Weight:** 38.1 Pounds (17.3 kg)
