Fanbulous YW62

Fanbulous 62-Inch Nickel Ceiling Fan with Remote and LED Light (Model YW62)

Instruction Manual

INTRODUCTION

Thank you for choosing the Fanbulous 62-inch Nickel Ceiling Fan. This modern ceiling fan features a quiet DC motor, 8 dual-finish blades (nickel and oak gray), an integrated LED light with three color temperature options, and a convenient remote control. Designed for both indoor and outdoor use, it provides efficient airflow and customizable comfort. Please read this manual thoroughly before installation and operation to ensure safe and proper use.

IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these instructions:

- Read all instructions carefully before beginning installation.
- Installation must be performed by a qualified electrician.
- Ensure the installation site can support the fan's weight.
- Disconnect power at the circuit breaker before wiring.
- Do not operate the fan with damaged blades or housing.
- Avoid direct exposure to rain for outdoor installations.

PACKAGE CONTENTS

Verify all components are present before beginning assembly.

Setup and Installation

Professional installation by a licensed electrician is recommended. Ensure power is OFF at the circuit breaker before starting.

1. Mounting the Bracket

1. Securely attach the mounting bracket to a ceiling joist or an outlet box rated for fan support.
2. Use appropriate screws and washers provided.

2. Assembling the Downrod and Motor

1. Select the desired downrod length (5", 10", or 15").
2. Feed the electrical wires from the motor through the downrod.
3. Attach the downrod to the fan motor assembly.

3. Wiring Connections

1. Connect the fan's electrical wires to the household wiring according to local electrical codes.
2. Ensure all connections are secure and insulated.
3. Install the remote control receiver module as per the wiring diagram in the full manual.

Remote Control

Multi function, enjoy a smart life

🌬 **6 Wind Speeds**

⊛ **3 Color Temperature Adjustable**

🔄 **Reversible DC Motor**

⏱ **Timer Setting 1/2/4 Hours**

🔇 **Super Quiet**

Remote control buttons:
ALL OFF | LIGHT ON/OFF
F | 🔇 | R
3 | 2 | 4 | FAN/OFF | 1 | 5 | 6
1H | 2H | 4H

3-Color Temperature
Meet your needs in different scenarios

3000K Warm Light

4000K Natural Light

6000K Cold White Light

High Power: **24W**

Lumen: **1800LM**

Image: Fanbulous remote control with various functions.

Remote Control Functions:

- **FAN ON/OFF:** Turns the fan on or off.

- **1-6 Buttons:** Adjusts fan speed from 1 (lowest) to 6 (highest).

- **LIGHT ON/OFF:** Turns the LED light on or off.

- **Color Temperature Adjustment:** Quickly toggle the light switch to cycle through 3000K (Warm), 4000K (Neutral), and 6000K (White) light. The light has a memory function if left off for more than 10 seconds.

- **F/R Button:** Changes the fan's rotation direction (Forward for summer, Reverse for winter).

- **1H/2H/4H Buttons:** Sets the fan timer for 1, 2, or 4 hours.

- **ALL OFF:** Turns off both the fan and the light.

3-Color Temperature Adjustable
Meet your needs in different scenarios

3000K Warm Light

4000K Natural Light

6000K Cold White Light

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Periodically check the blade attachments for tightness. Loose blades can cause wobbling and noise.
- **Light Maintenance:** The LED light is integrated and designed for long life. No bulb replacement is necessary.
- **Remote Batteries:** Replace AAA batteries in the remote control as needed.

TROUBLESHOOTING

If you experience issues with your Fanbulous ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power, loose wiring, remote battery dead	Check circuit breaker, verify wiring connections, replace remote batteries.
Fan wobbles	Loose blades, unbalanced blades, loose mounting bracket	Tighten blade screws, ensure blades are balanced, check mounting bracket security.

Light does not work	Loose wiring, LED driver issue	Check light kit wiring connections. If issue persists, contact customer support.
Remote not working	Dead batteries, remote not paired	Replace batteries. Refer to the full manual for remote pairing instructions.

WARRANTY AND SUPPORT

The Fanbulous 62-inch Nickel Ceiling Fan comes with a **2-year customer support warranty**. For any questions, technical assistance, or warranty claims, please contact Fanbulous customer service. Our dedicated team is ready to assist you.
