Safety Information

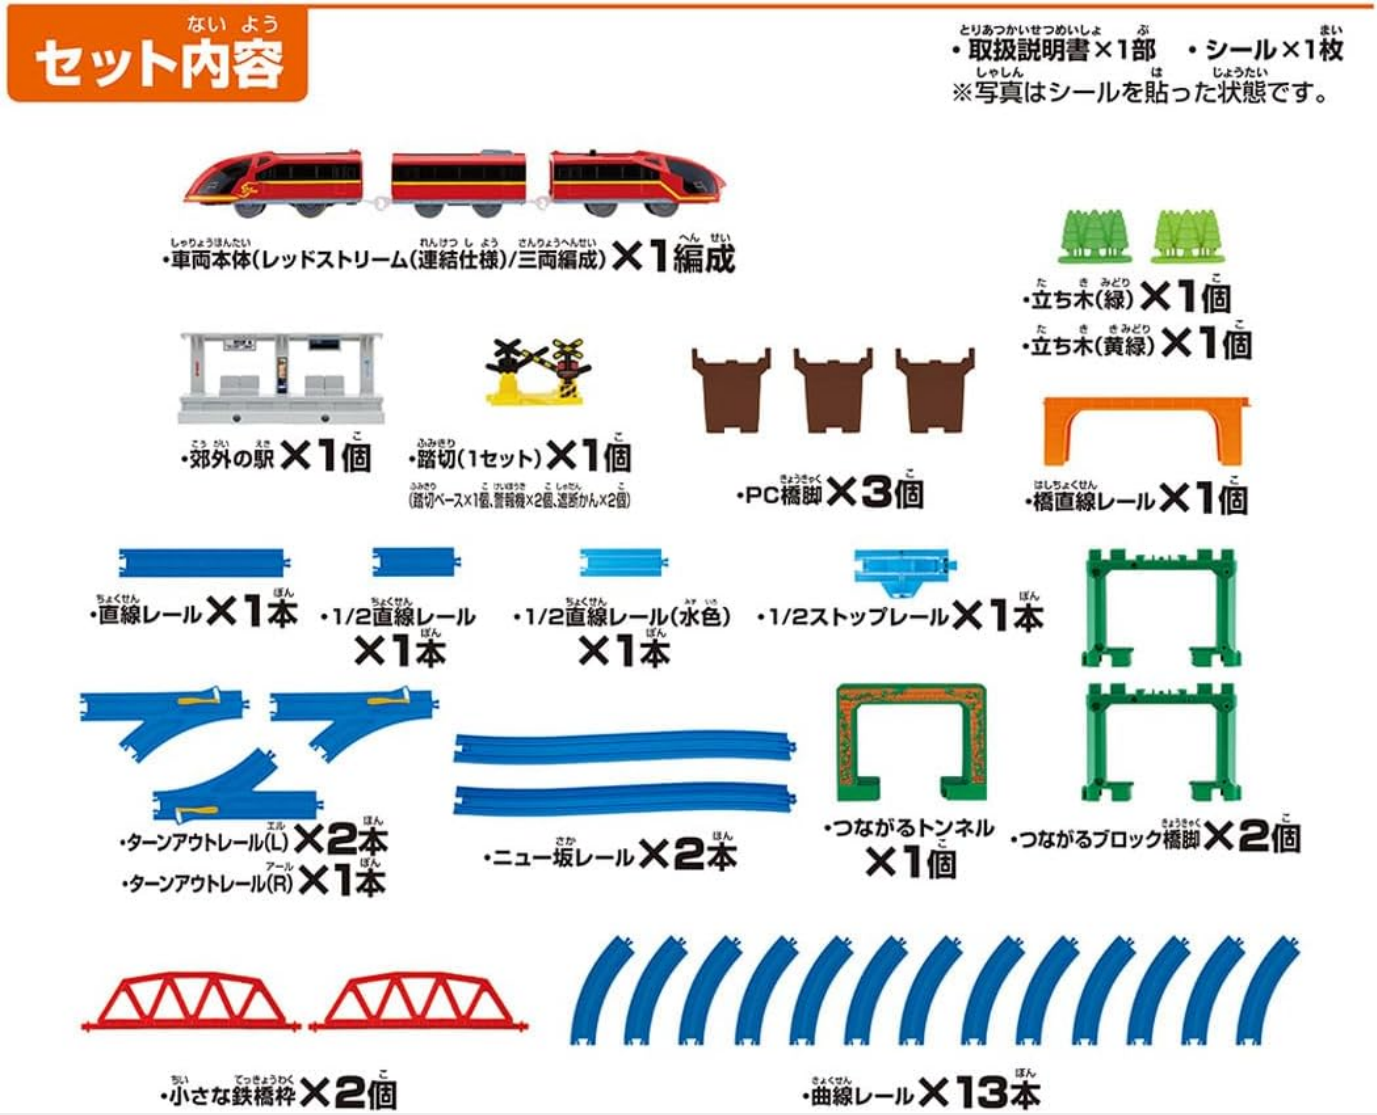

No specific safety warnings are provided for this product. However, general toy safety practices should always be followed. This product is suitable for ages 3 and up. Keep small parts away from younger children to prevent choking hazards. Adult supervision is recommended during assembly and play.

Package Contents

Please verify that all the following items are included in your set:

- Train Body (Red Stream, connectable, 3-car formation) x 1 set
- Straight Rail x 1
- 1/2 Straight Rail x 1

- 1/2 Straight Rail (Light Blue) x 1
- Curved Rail x 13
- 1/2 Stop Rail x 1
- New Slope Rail x 2
- Turnout Rail (L) x 2
- Turnout Rail (R) x 1
- Small Bridge Frame x 2
- PC Piers x 3
- Suburban Station x 1
- Railroad Crossing (1 set: Crossing base x 1, Warning lights x 2, Barrier arms x 2) x 1
- Connectable Tunnel x 1
- Connectable Block Piers x 2
- Bridge Straight Rail x 1
- Standing Tree (Green) x 1
- Standing Tree (Yellow-Green) x 1
- Stickers x 1 sheet
- Instruction Manual x 1 copy
- Parts Order Form x 1 copy

Setup Instructions

1. Battery Installation

The Red Stream train requires one AAA alkaline battery (sold separately). Locate the battery compartment on the underside of the train. Use a small screwdriver to open the compartment, insert the battery with the correct polarity, and secure the cover.

2. Track Assembly

Connect the various rail pieces to form your desired layout. The set includes straight rails, curved rails, slope rails, and turnout rails for diverse configurations. Ensure all connections are secure to allow smooth train operation.

Illustrations of various rail types including bridge straight rails for elevated layouts, slope rails for inclines, overpass sections, and turnout rails for changing train direction.

3. Accessory Placement

Place scenic accessories such as the suburban station, railroad crossing, connectable tunnel, connectable block piers, and standing trees around your track layout. These accessories enhance the play experience and create a realistic railway environment.

Examples of scenic elements like the connectable tunnel, block bridge piers, suburban station, and railroad crossing, which can be integrated into your Plarail layout.

4. Advanced Layouts

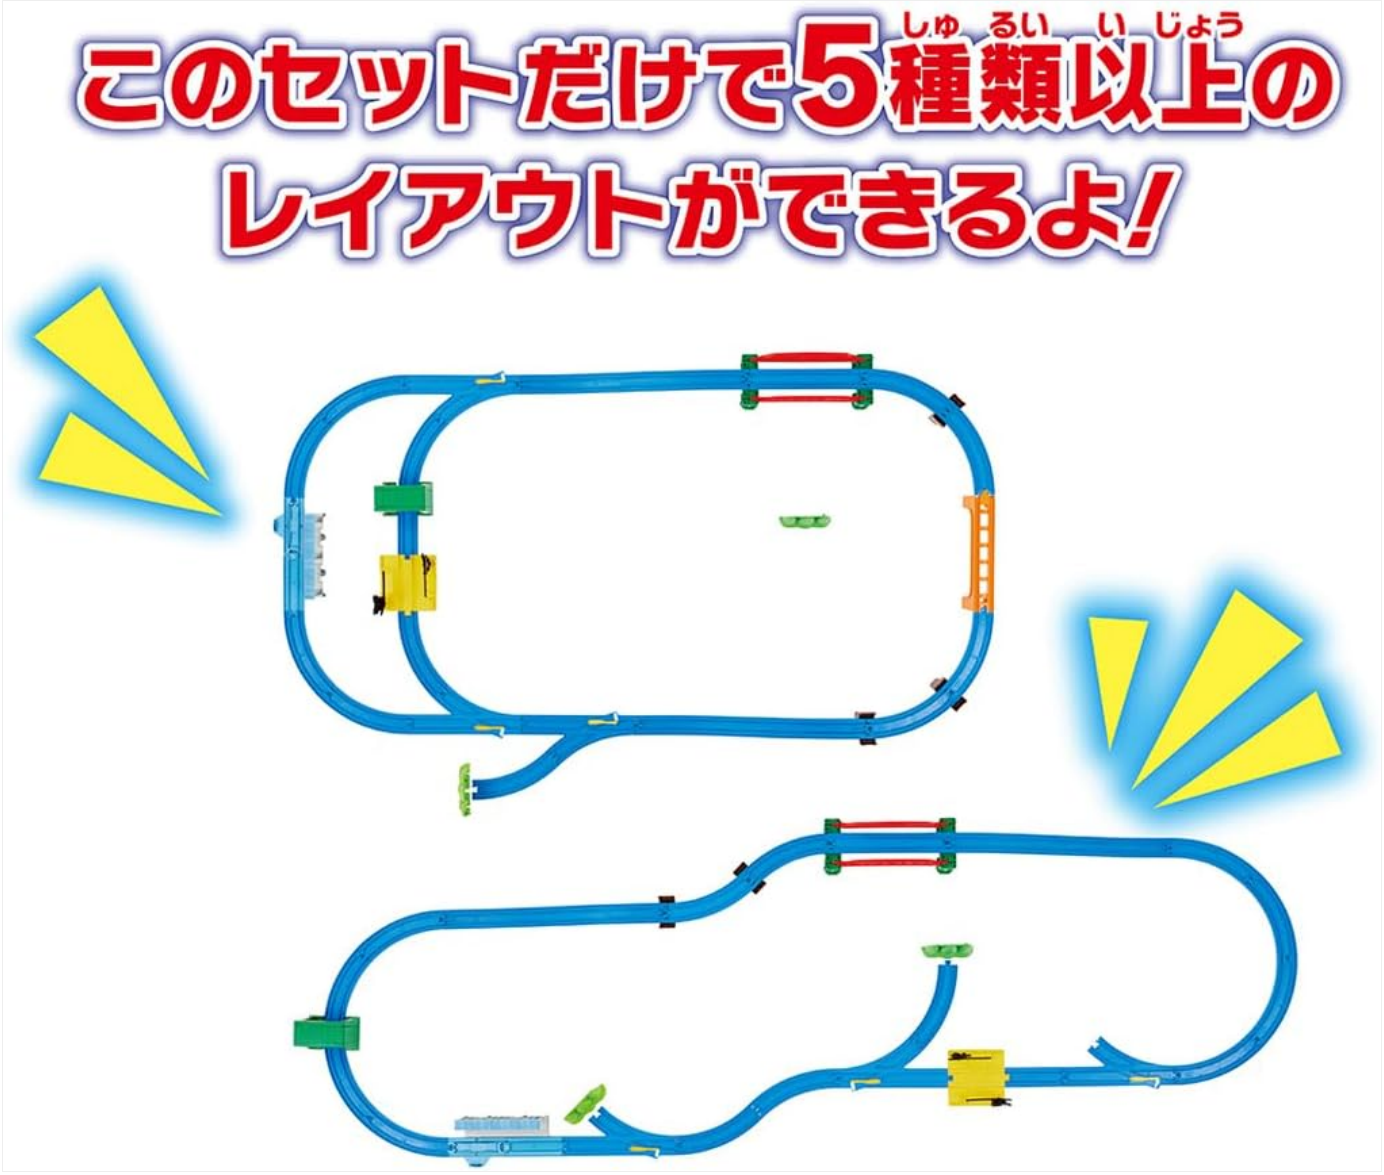

This set allows for more than 5 types of layouts. Experiment with different combinations of rails and accessories. The connectable tunnel and block piers can be separated and combined in various ways to create longer tunnels or elevated structures. The bridge straight rail integrates with straight rails and block piers to easily create elevated sections.

Detailed instructions on how to separate and combine the connectable tunnel and block piers to create varied track configurations.

Guidance on how to use the bridge straight rail to create elevated track sections, allowing trains to pass underneath.

Illustrations demonstrating several possible track layouts that can be assembled using only the components from this set.

A child enjoying a Plarail layout, showcasing the interactive play possibilities.

Operating Instructions

1. Train Operation

Once batteries are installed, locate the ON/OFF switch on the train body. Flip the switch to 'ON' to start the train. Place the train on the assembled track. To stop the train, flip the switch to 'OFF'.

2. Interactive Elements

- **Railroad Crossing:** Manually raise and lower the barrier arms as the train approaches and passes through the crossing.
- **Suburban Station:** The train can stop at the station. Imagine being a station master, announcing arrivals and departures.
- **Turnout Rails:** Adjust the lever on the turnout rails to change the direction of the train's path.

3. Red Stream Train Features

The Red Stream train is a high-speed model with unique features:

- **Embedded LEDs:** The train features embedded LEDs that can display lights as text or graphics.
- **Original Train Mark:** The train body has an original train mark.
- **Connectable:** The rear car is equipped with couplers, allowing it to connect and run with separately sold Plarail trains, such as the White Stream, to form longer, more powerful formations.
- **Solar Panels:** The roof features solar panels, enabling the train to generate electricity and run even in areas without overhead lines.

A diagram detailing the special features of the Red Stream train, including its embedded LEDs, original mark, couplers, and solar panels.

Further details on the Red Stream train's design, operational speed, and advanced features like AI assistance and electronic ink technology for changing body colors.

Maintenance

- **Cleaning:** Wipe the train and track pieces with a dry, soft cloth to remove dust and dirt. Do not use harsh chemicals or abrasive cleaners.
- **Battery Replacement:** When the train's speed decreases or it stops moving, replace the AAA battery in the train body. Always use new alkaline batteries.
- **Storage:** When not in use, store the set in a cool, dry place away from direct sunlight. Disassemble the track pieces and store them neatly to prevent damage. Remove batteries from the train if storing for extended periods.

Troubleshooting

- **Train does not move:**
    - Check if the ON/OFF switch is in the 'ON' position.

- Ensure the battery is correctly installed with the proper polarity.
- Replace the battery with a new one.
- Check for any obstructions on the track or train wheels.

- **Train derails frequently:**
  - Ensure all track pieces are securely connected and laid flat on a stable surface.
  - Check for any damaged track pieces and replace if necessary.
  - Ensure the train wheels are clean and free from debris.

- **Accessories are unstable:**
  - Ensure accessories like block piers are placed on a flat, stable surface.
  - When separating connectable block piers for individual use, be aware they may be less stable.

Specifications

Brand Name	TAKARA TOMY
Product Type	Train Toy
Model Number	4904810915492
Recommended Age	3 years and up
Batteries Required	1 x AAA Alkaline Battery (sold separately)
Product Dimensions (Package)	W440 x H310 x D90 mm (approx. 9 x 44 x 31 cm)
Material Type	Plastic
Set Count	27 pieces
Release Year / Model Year	2024
