ELEMARA S608

ELEMARA 2 Seater Ride On Car Instruction Manual

Model: S608

PRODUCT OVERVIEW

The ELEMARA 2 Seater Ride On Car is an electric off-road truck designed for children, offering a fun and safe driving experience. It features a spacious two-seater design with safety belts, a powerful 12V 10AH battery, and four 45W engines for varied speeds. Equipped with LED lights, Bluetooth connectivity for music, upgraded shock absorbers, and a durable metal frame, this vehicle is built for adventurous kids.

PRODUCT FEATURES

Seating and Safety

The ELEMARA Kids UTV is a true two-seater ride-on car, featuring a seat width of 20 inches, providing ample space for two children to sit comfortably. Both seats are equipped with safety belts to ensure secure riding.

Image: Demonstrates the spacious 2-seater design with seat belts, suitable for children aged 3-8 years and supporting up to 140 lbs.

Power and Performance

This upgraded Off-Road car is powered by a high-capacity 12V 10AH battery and four 45W engines. Speeds can be adjusted to 2.4, 2.8, or 4.0 MPH using the 'hare' and 'turtle' buttons, making it suitable for various skill levels and terrains.

Image: Illustrates the 4WD power and adjustable speed settings for enhanced performance.

Image: Highlights the long-lasting 12V 10AH battery, providing extended playtime.

Lighting and Entertainment

The vehicle features 2 headlights and 2 colored tail lights for visibility during play. In addition to built-in music, you can connect your own device via Bluetooth to play your favorite sounds.

Image: Details the steering wheel, multifunction console with media controls, and functional headlights and tail lights.

Durability and Terrain Adaptability

Equipped with two large springs at the back, the car ensures smooth progress on various terrains, including sloping ground and rough surfaces. The body and sides are constructed from metal, tested for over 200 impacts, ensuring robust durability.

Anti-Slip Durable Wheels

Image: Highlights the anti-slip durable wheels and the vehicle's ability to traverse various terrains like sand, grass, rock, and beach.

Image: Details the thickened metal frame, emphasizing the upgraded durable construction.

OPERATING INSTRUCTIONS

Starting the Vehicle

- Press the 'Start/Stop' button on the multifunction console to power on the vehicle.
- The battery life indicator will illuminate, showing the current charge level.

Driving Modes

- **Manual Operation:** Children can drive the car using the steering wheel and foot pedal. Use the 'Forward/Stop/Back' switch to select direction.
- **Remote Control:** For younger children or parental supervision, use the included remote control. Press 'M' on the remote to pair it with the car before use. The remote allows control over steering, speed, and direction.

Image: Shows the two modes of driving: manual operation by the child and remote control by an adult.

Speed Adjustment

- Use the 'turtle' button for slower speeds (2.4 MPH) and the 'hare' button for faster speeds (up to 4.0 MPH).

Music and Connectivity

- The console has built-in music. Use the music buttons to play/pause or skip tracks.
- Connect your phone via Bluetooth to play custom music through the car's speakers.
- A USB port and AUX input are also available for additional audio options.

MAINTENANCE

- **Charging:** Charge the 12V 10AH battery fully before first use and after each play session. Refer to the battery life indicator on the console.
- **Cleaning:** Wipe down the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight and moisture when not in use.
- **Inspection:** Regularly check wheels, steering, and electrical connections for wear or damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not turn on.	Low battery; loose connection.	Charge the battery; check all electrical connections.
Vehicle does not move.	Direction switch not engaged; remote control interference.	Ensure 'Forward' is selected; re-pair remote control.
Remote control not working.	Remote batteries low; not paired.	Replace remote batteries; follow pairing instructions (press 'M').
