## 2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Keep all small parts and packaging materials away from children during assembly to prevent choking hazards.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload the cabinet. Adhere to the specified weight limits for the surface board (110 lbs) and shelves (50 lbs).
- Use the included anti-tip hardware (if applicable) to secure the cabinet to a wall, especially in homes with children or pets, to prevent tipping.
- Avoid placing hot items directly on the surface without protection.

- Do not stand or climb on the cabinet.

## 3. SETUP AND ASSEMBLY

---

The ARTPOWER Coffee Bar Cabinet requires assembly. Follow the provided instructions carefully. Assembly typically takes approximately 1.5 to 4 hours, depending on experience.

### 3.1. Before You Begin

- **Unpack:** Carefully unpack all components and hardware. Lay them out on a clean, soft surface to prevent damage.
- **Verify Parts:** Check the parts list against the contents to ensure all pieces are present. Each accessory is marked with a code for easy identification.
- **Tools Required:** While some basic tools may be included, a Phillips head screwdriver and possibly a rubber mallet are generally recommended for furniture assembly.

### 3.2. Assembly Steps

Refer to the detailed assembly instructions and clear illustrations included in your product packaging. The general steps involve:

1. Attaching the legs to the base of the cabinet.
2. Assembling the main frame and internal partitions.
3. Installing the wine racks, stemware holders, and drawers.
4. Attaching the cabinet doors and adjusting hinges for proper alignment.
5. Securing the back panel.

**Note:** Some users have reported that aligning pre-drilled holes can be challenging. Take your time and ensure proper alignment for a sturdy build.

## 4. OPERATING INSTRUCTIONS

This cabinet is designed for organized storage and display in various home environments.

### 4.1. Storage Utilization

- **Wine Racks:** The metal wine rack can hold up to 9 standard-sized wine bottles.
- **Stemware Holders:** Utilize the 6 integrated stemware holders for hanging wine glasses or other stemmed glassware.
- **Drawers:** The small drawers are ideal for storing bar tools, bottle openers, cocktail napkins, or other small accessories.
- **Shelves:** The reversible shelves offer flexible storage for bottles, mugs, dishes, or other items. Adjust their position as needed to accommodate different heights.

## 4.2. Placement and Use

- Place the cabinet on a level surface to ensure stability. The adjustable anti-scratch feet can help compensate for minor unevenness.
- The cabinet's height allows for easy cleaning underneath with a vacuum cleaner.
- The tabletop bezel helps prevent items from falling off the top surface.

## 5. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your ARTPOWER Coffee Bar Cabinet.

- **Cleaning:** Wipe the smooth surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.

- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Environment:** Avoid placing the cabinet in direct sunlight or near heat sources, as this can cause fading or warping. Maintain a stable room temperature and humidity.

## 6. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

| Problem                                 | Possible Cause                                              | Solution                                                                                                                             |
|-----------------------------------------|-------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Cabinet is wobbly or unstable.          | Uneven floor; loose fasteners; legs not properly installed. | Adjust the anti-scratch feet on the legs. Ensure all assembly screws are tightened. Re-check leg installation.                       |
| Doors do not align properly.            | Hinges not adjusted correctly; cabinet frame not square.    | Adjust the door hinges according to the assembly instructions. Ensure the cabinet frame is assembled squarely.                       |
| Strong odor from the cabinet.           | New furniture smell from manufacturing materials.           | Allow the cabinet to air out in a well-ventilated room for several days. The smell should dissipate over time.                       |
| Minor scratches or marks on components. | Occasional manufacturing or transit imperfections.          | For minor marks, a furniture touch-up pen or marker matching the color may be used. Contact customer support for significant damage. |
