## ROJECO RWSQAJO-2L02

# ROJECO Automatic Pet Feeder Instruction Manual

Model: RWSQAJO-2L02

## 1. INTRODUCTION

Thank you for choosing the ROJECO Automatic Pet Feeder. This device is designed to provide scheduled and portion-controlled meals for your cat or small dog, ensuring a healthy and consistent diet. Please read this manual thoroughly before use to ensure proper operation and maintenance.

Image 1.1: The ROJECO Automatic Pet Feeder, showing its main components including the transparent food container, the main unit, and the removable stainless steel feeding bowl.

## 2. PRODUCT COMPONENTS

The ROJECO Automatic Pet Feeder consists of the following main parts:

- **Main Unit:** Contains the control panel, motor, and dispensing mechanism.
- **Transparent Food Container:** Holds dry pet food, allowing easy monitoring of food levels.
- **Lid:** Secures the food container and features a double lock mechanism.
- **Stainless Steel Feeding Bowl:** Removable and made of 304 stainless steel for hygiene and durability.
- **Power Cable:** For connecting the feeder to an electrical outlet.

## 3. SETUP

1. **Unpack:** Carefully remove all components from the packaging.

## 2. Assemble:

- Place the main unit on a flat, stable surface.
- Attach the stainless steel feeding bowl to the base of the main unit. Ensure it is securely seated.
- Place the transparent food container onto the main unit.
- Secure the lid onto the food container.

## 3. Power Connection:

- **AC Power:** Connect the provided power cable to the feeder and then to a standard electrical outlet.
- **Battery Backup (Optional):** For power outage protection or portable use, insert 4 AA batteries (not included) into the battery compartment located at the bottom of the main unit. Ensure correct polarity.

## 4. Fill Food Container:

Open the lid and fill the transparent container with dry pet food. Ensure the food kibble size is appropriate for the feeder mechanism (typically 5-15mm diameter). Close the lid securely, engaging the double lock.

## 4. OPERATING INSTRUCTIONS

---

### 4.1. Setting the Feeding Schedule

The feeder allows you to program up to 6 meals per day, with 1 to 16 portions per meal.

1. **Unlock Control Panel:** If the control panel is locked, press and hold the lock button (usually indicated by a padlock icon) for a few seconds until it unlocks.
2. **Set Current Time:** Refer to the display and use the appropriate buttons (e.g., "SET", "UP", "DOWN") to set the current time.
3. **Program Meal Times:**
  - Press the "MEAL" or "PROGRAM" button to enter meal setting mode.
  - Select the meal number (e.g., M1, M2, etc.).
  - Set the desired feeding time for that meal.
  - Set the number of portions (1-16) for that meal. Each portion typically dispenses a small, consistent amount of food.
  - Repeat for up to 6 meals.
4. **Manual Feeding:** Most feeders have a manual feed button (often labeled "FEED" or "MANUAL"). Pressing this button will dispense one portion immediately.
5. **Lock Control Panel:** After programming, press and hold the lock button again to prevent accidental changes to the schedule.

## 5. MAINTENANCE AND CLEANING

Regular cleaning ensures hygiene and extends the life of your pet feeder.

- 1. Disconnect Power:** Before cleaning, always unplug the feeder from the power outlet and remove any batteries.
- 2. Empty Food:** Remove any remaining dry food from the container.
- 3. Disassemble:** Remove the lid, transparent food container, and stainless steel feeding bowl from the main unit.
- 4. Wash Components:** Wash the lid, food container, and stainless steel bowl with warm water and mild soap. Rinse thoroughly to remove all soap residue.
- 5. Clean Main Unit:** Wipe the main unit with a soft, damp cloth. Do not submerge the main unit in water, as it contains electronic components.
- 6. Dry Thoroughly:** Ensure all parts are completely dry before reassembling and refilling with food. Moisture can cause food to clump or damage the feeder.
- 7. Reassemble:** Reassemble the feeder in reverse order of disassembly.

## 6. SAFETY FEATURES

The ROJECO Automatic Pet Feeder incorporates features to ensure safe and reliable operation:

- Double Lock Protection (Lid):** The lid features a locking mechanism to prevent pets from accessing the food container or accidentally opening it.
- Control Panel Lock:** The control panel can be locked to prevent accidental changes to the feeding schedule, ensuring your pet's routine remains consistent.
- Dual Power System:** The option to use both AC power and battery backup provides uninterrupted feeding, even during power outages.

## 7. SPECIFICATIONS

|              |              |
|--------------|--------------|
| Model Number | RWSQAJO-2L02 |
|--------------|--------------|

|                                |   |
|--------------------------------|---|
| <b>Brand</b>                   | ROJECO  |
| <b>Dimensions (L x W x H)</b>  | 5 x 5 x 10 cm (Note: This dimension may refer to packaging or a specific component. The feeder's actual footprint is larger as depicted in images.) |
| <b>Weight</b>                  | 1.35 kg   |
| <b>Material</b>                | Stainless Steel (bowl), Plastic (main unit, container)  |
| <b>Power Source</b>            | AC Power Adapter (included), 4x AA Batteries (not included)   |

| <b>Portions Per Meal</b>       | 1 to 16   |
| <b>Recommended Kibble Size</b> | 5-15mm diameter (approximate)   |
| <b>Target Species</b>          | Cats, Small Dogs  |
| <b>Care Instructions</b>       | Clean regularly with warm water and mild soap.  |

## 8. TROUBLESHOOTING

If you encounter issues with your ROJECO Automatic Pet Feeder, please refer to the following common solutions:

- **Feeder not dispensing food:**

- Check if the power cable is securely connected or if batteries are properly installed and have sufficient charge.
- Ensure the food container is not empty.
- Verify that the feeding schedule is correctly programmed and the current time is set accurately.
- Check for food blockages in the dispensing mechanism. Clear any obstructions.
- Ensure kibble size is within the recommended range.

- **Control panel unresponsive:**

- Ensure the control panel is unlocked. Press and hold the lock button to toggle its state.
- Try disconnecting and reconnecting the power, or replacing batteries, to reset the device.

- **Food clumping in container:**

- Ensure the lid is securely closed to prevent moisture ingress.
- Store the feeder in a dry environment.
- Clean the container regularly to remove any residue.

## 9. WARRANTY AND SUPPORT

For warranty information or further assistance, please contact ROJECO customer support through your purchase platform or the official ROJECO website. Please have your model number (RWSQAJO-2L02) and proof of purchase ready when contacting support.
