PAOFIN 1D-Black

PAOFIN 24.4" H Black Metal Nightstand Locker Storage Cabinet

Model: 1D-Black

Your guide to assembly, operation, and maintenance.

INTRODUCTION

Thank you for choosing the PAOFIN 24.4" H Black Metal Nightstand Locker Storage Cabinet. This manual provides detailed instructions for the safe and efficient assembly, operation, and maintenance of your new storage solution. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

For your safety and to prevent damage to the product, please observe the following:

- Always ensure the cabinet is level and not overloaded.
- Use caution when assembling the cabinet, following all safety guidelines.
- Keep the cabinet locked when not in use and out of reach of children.
- It is recommended that two adults assemble the cabinet together.

Video: Metal nightstand Installation Video by KejieAMZ. This video demonstrates the step-by-step assembly process for a metal nightstand, including attaching panels, securing with screws, and installing the door and handle.

Step-by-Step Assembly

1. **Prepare Components:** Unpack all components and verify against the package contents list. Ensure you have the provided gloves and screwdriver.
2. **Assemble Base:** Attach the Left Side Panel and Right Side Panel to the Bottom Panel using the self-tapping screws.
3. **Install Bottom Frame:** Secure the Bottom Frame to the assembled base using screws.
4. **Attach Top Panel:** Place the Top Panel onto the side panels and secure with screws.
5. **Secure Connectors:** Install the two Connectors in the upper corners of the cabinet interior and fasten with screws for added stability.
6. **Install Adjustable Feet:** Screw the M6 Adjustable Feet into the bottom of the cabinet. These can be adjusted to level the cabinet on uneven surfaces.
7. **Insert Shelf Clips:** Place the Clapboard Buckles (shelf clips) into the desired slots on the side panels for the adjustable shelf.
8. **Position Adjustable Shelf:** Carefully place the Adjustable Shelf onto the installed shelf clips.
9. **Attach Door:** Install the Door using the Door Shaft and Shaft Pad set, ensuring it swings freely.
10. **Install Handle:** Attach the Handle to the door using the M4*22 Screw.
11. **Apply Magnetic Pads:** Affix the Magnetic Pads to the inside of the cabinet frame and the door to ensure the door closes securely.

OPERATING INSTRUCTIONS

Locking and Unlocking the Cabinet

The cabinet features a secure lock to protect your belongings. Insert one of the provided keys into the lock on the door and turn to secure or release the latch. Ensure the door is fully closed before locking.

Adjusting Shelves

The cabinet includes one adjustable shelf to customize your storage space. To adjust, remove all items

from the shelf, carefully lift the shelf to disengage the clips, reposition the clips to the desired height, and then reinsert the shelf.

Cable Management

A small slit is provided at the back of the cabinet to allow for charging cables or other wires to pass through, keeping your devices charged and organized within the cabinet.

MAINTENANCE

The PAOFIN storage cabinet is made of heavy gauge cold-rolled steel plate with a powder-coated finish, making it corrosion-resistant and easy to clean.

- **Cleaning:** Wipe surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Leveling:** Adjust the M6 adjustable feet as needed to maintain stability and prevent wobbling.

TROUBLESHOOTING

- **Cabinet is wobbly:** Check that the adjustable feet are properly installed and adjusted to ensure the cabinet is level on all surfaces.
- **Door does not close properly:** Ensure the magnetic pads are correctly aligned and securely attached. Check for any obstructions in the door's path.
- **Difficulty with assembly:** Refer to the assembly video and ensure all parts are correctly oriented as per the diagrams. Do not force components.
