4. MAINTENANCE AND CARE

4.1 Cleaning

Due to its IP68/IP69K rating, the tablet can be cleaned with water. For general cleaning, wipe the device with a soft, damp cloth. For tougher dirt, you can rinse it under low-pressure tap water. Ensure all port covers are securely closed before exposing the device to water. Do not use harsh chemicals or abrasive materials.

4.2 Battery Care

To prolong the life of the 33280mAh battery:

- Avoid extreme temperatures.
- Use only the provided charger and cable.
- Do not fully discharge the battery regularly.
- If storing for a long period, charge the battery to around 50-60%.

4.3 Software Updates

Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. You can usually find this option in the tablet's settings under "System" or "About tablet".

5. TROUBLESHOOTING

If you encounter issues with your Ulefone Armor PAD 3 PRO, try the following common troubleshooting steps:

- **Device not turning on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Screen unresponsive:** Restart the device by holding the power button. If unresponsive, force restart (refer to device-specific instructions if standard power button hold doesn't work).
- **Connectivity issues (Wi-Fi/Cellular):**
  - Toggle Wi-Fi/Cellular data off and on.
  - Restart your router (for Wi-Fi).
  - Check SIM card installation.
- **Apps crashing/freezing:**
  - Close and reopen the app.
  - Clear the app's cache and data in settings.
  - Uninstall and reinstall the app.
- **Slow performance:**

- Close unused background apps.
- Clear cache and temporary files.
- Ensure sufficient storage space.

For persistent issues or complex problems, please refer to the official Ulefone support resources or contact customer service.
