Kuizil T70

Kuizil IP68 Waterproof Smartwatch User Manual

Model: T70

1. INTRODUCTION

Thank you for choosing the Kuizil IP68 Waterproof Smartwatch. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your new device. Please read it thoroughly to ensure optimal performance and longevity of your smartwatch.

What's in the Box:

- Kuizil Smart Watch
- Magnetic Charging Cable
- User Manual

2.2 Pairing with Your Smartphone

To unlock the full potential of your smartwatch, pair it with your smartphone via Bluetooth and the dedicated app.

1. **Download the App:** Scan the QR code in your quick start guide or search for "GloryFit" in your smartphone's app store (available for iOS and Android).
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open GloryFit App:** Launch the GloryFit app and follow the on-screen instructions to create an account or log in.
4. **Add Device:** In the app, navigate to the device section and select "Add Device" or "Bind Device". The app will search for available smartwatches. Select "T70" from the list.
5. **Confirm Pairing:** Confirm the pairing request on both your smartphone and the smartwatch.

Once paired, the smartwatch will synchronize data with the app and receive notifications.

3. OPERATING THE SMARTWATCH

3.1 Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate through menus and features. Tap to select.
- **Side Button:** Press to return to the main watch face or to wake the screen.

3.2 Customizing Watch Faces

The smartwatch offers over 100 built-in watch faces. You can also customize your watch face using the GloryFit app with your own photos.

3.5 Health Monitoring

Monitor your health with integrated sensors for heart rate, blood oxygen (SpO2), and sleep patterns.

- **Heart Rate Monitor:** Provides real-time heart rate data.
- **Blood Oxygen (SpO2):** Measures blood oxygen saturation levels.
- **Sleep Monitor:** Tracks your sleep stages (deep sleep, light sleep, awake, REM) to help you understand your sleep quality.

3.6 Multifunctional Features

The smartwatch includes various other useful functions to assist with daily life and work needs:

- **Alarm Clock:** Set alarms for reminders.
- **Stopwatch & Timer:** For timing activities.
- **Music Control:** Control music playback on your connected phone.
- **Camera Remote:** Remotely trigger your phone's camera.
- **Weather Forecast:** Get real-time weather updates.
- **Find Your Phone:** Locate your misplaced phone by making it ring.
- **Flashlight:** Use the screen as a temporary light source.
- **Sedentary Reminder:** Alerts you to move after periods of inactivity.

4. MAINTENANCE

4.1 Cleaning and Care

To maintain your smartwatch's appearance and functionality:

- Wipe the screen and strap regularly with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners.
- Ensure the charging contacts are clean and dry before charging.

4.2 Water Resistance (IP68)

The Kuizil Smartwatch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use, hand washing, and light rain. However, it is not

recommended for hot showers, saunas, or diving, as steam and high water pressure can compromise the seal.

4.3 Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.
- Charge the device fully before long periods of inactivity.

5. TROUBLESHOOTING

If you encounter issues with your smartwatch, refer to the following common solutions:

Problem	Possible Solution
Smartwatch won't turn on or respond.	Ensure the device is fully charged. Connect it to the charger for at least 10 minutes. If unresponsive, try a soft reset by pressing and holding the side button for 10-15 seconds.
Cannot pair with smartphone.	<ol style="list-style-type: none">1. Ensure Bluetooth is enabled on your phone and the smartwatch is discoverable.2. Make sure the smartwatch is within Bluetooth range (approx. 10 meters).3. Restart both your phone and the smartwatch.4. Clear Bluetooth cache on your phone (if applicable).5. Reinstall the GloryFit app.
Notifications are not received.	<ol style="list-style-type: none">1. Check app permissions in your phone settings to ensure GloryFit has access to notifications.2. Verify notification settings within the GloryFit app.3. Ensure the smartwatch is connected via Bluetooth.
Screen is slow to wake or turns off too quickly.	Adjust the screen-on time or wake-up sensitivity settings within the smartwatch's menu or the GloryFit app.
Inaccurate health data (e.g., sleep monitoring).	Ensure the watch is worn snugly on your wrist. Note that smartwatches are not medical devices and readings are for reference only.
