2. SAFETY INFORMATION

Please read all safety warnings carefully before assembly and use.

- Be cautious of the 5-inch clearance under the bed to prevent objects or small children from getting trapped.
- Exercise care when assembling the bed frame to avoid injury. It is recommended to have two adults for assembly.
- Ensure proper ventilation for the LED lights to prevent overheating. Do not cover the LED strips with bedding or other materials.
- Do not exceed the maximum weight capacity of the bed frame. Refer to specifications for details.
- Keep all electrical components (charging station, LED power supply) away from water or excessive moisture.

5. SETUP AND ASSEMBLY

Assembly instructions are specific, with each part numbered and detailed steps provided. It is recommended to assemble the bed frame with two people.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Compare them with the parts list in the included assembly instructions.
2. **Assemble the Headboard:** Attach the side supports to the main headboard panel. Ensure the LED strips and charging station are correctly positioned and secured.
3. **Assemble the Side Rails:** Connect the side rails to the headboard and footboard using the provided hardware. Do not overtighten screws until all connections are made.
4. **Install the Center Support Beam:** Secure the center support beam and its legs to the bed frame.
5. **Place the Wooden Slats:** Distribute the wooden slats evenly across the frame and secure them according to the instructions. The EVA strips on the slats help eliminate friction noise.
6. **Connect Electrical Components:** Plug in the LED lights and charging station to a power source.

7. **Final Tightening:** Once all parts are in place, securely tighten all screws.

For detailed, step-by-step visual guidance, please refer to the assembly instructions included in your package.

6. OPERATING INSTRUCTIONS

6.1 RGB LED Lights

The bed frame features RGB LED lights on the headboard and under the bed, which can be controlled independently. You can manage the color, brightness, speed, timing, and rhythm of the lights using the dedicated mobile application or the included remote control.

- **App Control:** Download the recommended app (details in the separate LED light manual) to access advanced customization options.
- **Remote Control:** Use the provided remote to switch lights on/off, change colors, adjust brightness, and select various modes.
- **Independent Control:** The headboard lights and under-bed lights can be turned on or off separately, allowing for personalized ambiance.

6.2 Charging Station

The button-tufted headboard includes a built-in power strip with 3 USB ports and 1 USB Type-C port, allowing you to conveniently charge your devices.

- **Connect Devices:** Plug your smartphones, tablets, smartwatches, or other USB-powered devices into the available ports.
- **Power Source:** Ensure the bed frame's power cord is securely plugged into a functional wall outlet.

7. MAINTENANCE

7.1 Cleaning the Upholstery

The velvet fabric is designed to be easy to clean. For general cleaning, gently wipe with a soft, damp cloth. For spills, blot immediately with a clean, dry cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the fabric.

7.2 Frame and Slats

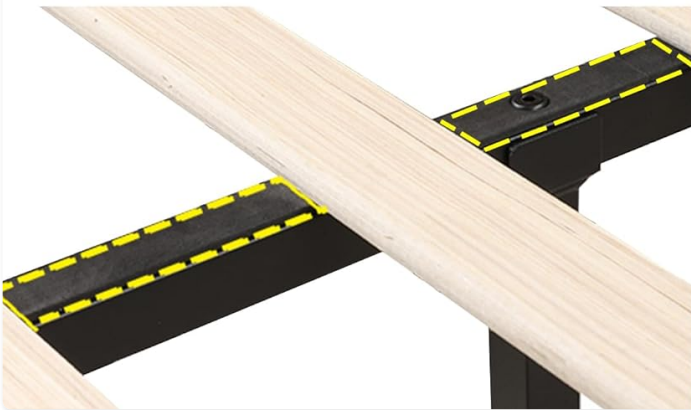

Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary to maintain stability. The wooden slats are equipped with foam silent pads to prevent noise; ensure these remain in place.

7.3 LED Lights and Charging Station

Keep the LED light strips and charging ports free from dust and debris. Use a dry, soft cloth to wipe them clean. Do not spray liquids directly onto electrical components.

8. TROUBLESHOOTING

8.1 LED Lights Not Working

- **Check Power Connection:** Ensure the LED power adapter is securely plugged into a working wall outlet and the connection to the LED strip is firm.
- **Remote Control Battery:** Replace the battery in the remote control if the lights are unresponsive.
- **App Connection:** If using the app, ensure your device's Bluetooth is on and correctly paired with the LED controller.
- **Independent Switches:** Verify that both the headboard and under-bed LED lights are switched on if you desire both to be active.

8.2 Charging Station Not Functioning

- **Check Power Connection:** Ensure the bed frame's main power cord is securely plugged into a functional wall outlet.
- **Device Compatibility:** Confirm that your device and charging cable are compatible with USB and Type-C ports.
- **Cable Integrity:** Try a different charging cable to rule out a faulty cable.

8.3 Squeaking Noises

- **Tighten Bolts:** Re-tighten all assembly bolts and screws, especially those connecting the frame components and slats.
- **Check Slats:** Ensure all wooden slats are properly seated and the foam silent pads are intact.
