MSHUKCOE MD538

MSHUKCOE MD538 Wireless Bluetooth Headset User Manual

Model: MD538

INTRODUCTION

The MSHUKCOE MD538 Wireless Bluetooth Headset is designed for comfortable, discreet audio listening, particularly for side sleepers. These ultra-thin earbuds offer a stable wireless connection and intuitive controls, making them suitable for various activities including sleep, sports, and daily use.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case provides additional power for the earbuds.

- Connect the charging case to a power source using a USB cable.
- Place the earbuds into the charging case. Ensure they are correctly seated to initiate charging.
- The charging case has a battery capacity of 300 mAh and takes approximately 2 hours to fully charge.
- Earbuds provide approximately 6 hours of playback on a single charge, with the case offering an additional 24 hours of battery life.

True wireless sleep earphones

2. Bluetooth Pairing

The earbuds feature an automatic pairing function for convenience.

1. Ensure the earbuds are charged.
2. Open the charging case and remove both earbuds. They will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "MD538" (or similar name) from the list of found devices to connect.
5. Once successfully paired for the first time, the earbuds will automatically connect to the last used device when removed from the case.
6. The wireless connection range is up to 10 meters (30 feet).

OPERATING INSTRUCTIONS

1. Wearing the Earbuds

The MD538 earbuds are designed for a comfortable and secure fit, especially for side sleepers.

- Gently place each earbud into your ear. The open-ear design rests on top of your ear without entering the ear canal, minimizing pressure.
- Adjust the earbud for a snug and stable fit. The curved surface is designed to conform naturally to the ear.
- The thin profile (10.4mm thickness) allows for comfortable wear even when lying on your side.

ERGONOMIC DESIGN

FITABLE FOR SIDE LYING

Image: A woman resting on her side, illustrating how the ergonomic design of the earbuds allows for comfortable wear during sleep.

2. Touch Controls

The earbuds feature intuitive touch controls for managing audio playback and calls.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call.
- **Reject Call:** Press and hold either earbud for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Triple tap on either earbud (functionality depends on device compatibility).

MAINTENANCE

Proper care ensures the longevity and performance of your MD538 headset.

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earbuds and charging case. Avoid using abrasive materials, solvents, or chemical cleaners.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.

- **Water Resistance:** The earbuds are rated as waterproof (IPX5). This means they are resistant to splashes and sweat, but should not be submerged in water. Dry them thoroughly if they get wet.
- **Charging Port:** Keep the USB charging port on the case clean and free of debris.

TROUBLESHOOTING

If you encounter issues with your MD538 headset, refer to the following common solutions:

Problem	Solution
Earbuds not pairing	<p>Ensure earbuds are charged.</p> <p>Place earbuds back in the case, close it, then open and remove them again to re-enter pairing mode.</p> <p>Turn off and on Bluetooth on your device.</p> <p>Forget "MD538" from your device's Bluetooth list and try pairing again.</p>
No sound from one earbud	<p>Ensure both earbuds are charged.</p> <p>Try resetting the earbuds (refer to specific reset instructions if available, otherwise place back in case and re-pair).</p> <p>Check device audio balance settings.</p>
Charging case not charging	<p>Verify the USB cable is securely connected to both the case and the power source.</p> <p>Try a different USB cable or power adapter.</p> <p>Ensure the charging port is clean.</p>
Poor sound quality or disconnections	<p>Ensure your device is within the 10-meter Bluetooth range.</p> <p>Minimize obstacles between your device and the earbuds.</p> <p>Check for interference from other wireless devices.</p> <p>Ensure earbuds are clean and free of debris.</p>
