6. Care and Maintenance

- **Cleaning:** Disconnect the lamp from the power source before cleaning. Use a soft, dry cloth to wipe the lamp. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or electronic components.

- **Storage:** When not in use for extended periods, fold the lamp arm to its compact position and store it in a cool, dry place away from direct sunlight.
- **Safety:** Do not disassemble the lamp. Do not expose the lamp to water or excessive humidity. Ensure the power cord is not pinched or damaged.

7. Troubleshooting

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in; power outage; faulty outlet; lamp malfunction.	Ensure the lamp is securely plugged into a working outlet. Check if the outlet has power by plugging in another device. If the issue persists, contact customer support.
Brightness or color mode cannot be adjusted.	Touch controls unresponsive; temporary glitch.	Ensure your finger is making full contact with the touch sensor. Try unplugging the lamp for 30 seconds and plugging it back in to reset.
Devices are not charging via USB or AC outlets.	Lamp not plugged in; device cable faulty; device not compatible; power strip overload.	Verify the lamp is plugged into a live wall outlet. Check your device's charging cable. Ensure the total power draw of connected devices does not exceed the power strip's rating.
