

## ADEKO Kids CLPN

# ADEKO CLPN 70x140 Wooden Bunk Bed Instruction Manual

Model: CLPN | Brand: ADEKO Kids

## 1. PRODUCT OVERVIEW

The ADEKO CLPN bunk bed is designed to provide a safe and comfortable sleeping environment for children, combining functionality with an appealing house-like design. Crafted from durable pine wood, this bed emphasizes longevity and an ecological approach to furniture design. Its unique shape is intended to stimulate creativity and imagination while offering a sense of privacy and security, enhancing the overall sleep experience.

Key features include robust construction with smooth, sanded, and brushed wood to prevent splinters, and rounded edges for enhanced safety. A sturdy slatted frame is included to ensure proper mattress support and balanced weight distribution, contributing to a comfortable night's sleep.

## 2. SAFETY INFORMATION AND WARNINGS

---

Your child's safety is our highest priority. Please adhere to the following guidelines to ensure safe use of the ADEKO CLPN bunk bed:

- **Weight Limits:** The upper bed is designed to support a maximum weight of 60 kg (approximately 132 lbs) and is suitable for children aged 6 years and older. The lower bed can support up to 90 kg (approximately 198 lbs) and is intended for children aged 3 years and older. Do not exceed these weight limits.
- **Age Appropriateness:** Ensure children using the upper bunk meet the minimum age requirement of 6 years. Younger children should only use the lower bunk.
- **Fall Hazard:** Always use the provided ladder for access to the upper bunk. Do not allow children to jump on or off the bed.
- **Assembly:** Ensure all bolts, screws, and connections are securely tightened during assembly and checked periodically thereafter. Loose fittings can compromise stability and safety.
- **Mattress Requirements:** Use only mattresses that comply with the specified dimensions and height to ensure proper fit and safety rail effectiveness.
- **Ventilation:** Ensure adequate air circulation around the bed.
- **No Play Area:** The bed is for sleeping only. Do not allow children to use the bed as a trampoline or play structure.

Regularly inspect the bed for any signs of wear, damage, or loose components. Discontinue use if any damage is found and contact customer support for assistance.

## 3. PARTS LIST (WHAT'S IN THE BOX)

---

Upon opening your ADEKO CLPN bunk bed package, please verify that all components are present and undamaged before beginning assembly. The package typically includes:

- Wooden bed frame components (headboards, footboards, side rails, ladder)
- Slatted frames for both upper and lower bunks
- Assembly kit (including bolts, screws, dowels, and any necessary tools for basic assembly)

If any parts are missing or damaged, please contact ADEKO Kids customer support immediately before proceeding with assembly.

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

The ADEKO CLPN bunk bed is designed for straightforward assembly. For environmental reasons, detailed paper instructions are not included in the packaging. Instead, comprehensive assembly instructions are available online.

To access the detailed assembly guide:

1. Locate the QR code included in your product packaging.
2. Scan the QR code with your smartphone or tablet.
3. This will direct you to the official ADEKO Kids website where you can find step-by-step assembly instructions, diagrams, and potentially video tutorials.

Ensure you have sufficient space for assembly and consider having a second person assist you, especially when handling larger components. Follow the online instructions carefully to ensure correct and safe assembly of the bed.

## 5. OPERATING INSTRUCTIONS

---

The ADEKO CLPN bunk bed is designed for sleeping and resting. To ensure proper use and longevity:

- **Mattress Placement:** Place a mattress of the specified size (70x140 cm with a maximum height of 12 cm) onto the slatted frame of each bunk. The mattress is not included with the bed.
- **Ladder Use:** Always use the integrated ladder to access the upper bunk. Ensure children are capable of safely climbing and descending the ladder before allowing them to use the upper bunk.
- **Weight Distribution:** Encourage even weight distribution on both bunks. Avoid concentrating heavy loads in one area.
- **Ventilation:** Periodically air out the mattresses and bedding to maintain hygiene and freshness.

## 6. CARE AND MAINTENANCE

Proper care and maintenance will extend the life of your ADEKO CLPN bunk bed:

- **Cleaning:** Wipe the wooden surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the wood finish.
- **Tighten Connections:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections to ensure they remain tight. Re-tighten if necessary to maintain the bed's stability and safety.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause wood to fade or crack. Position the bed away from direct, intense sunlight if possible.
- **Humidity Control:** Maintain a stable room temperature and humidity level to prevent wood from warping or cracking.
- **Moving the Bed:** When moving the bed, lift it rather than dragging it to prevent damage to the frame and floor.

## 7. TROUBLESHOOTING

If you encounter any issues with your ADEKO CLPN bunk bed, consider the following common solutions:

- **Wobbling or Instability:** This is most commonly caused by loose connections. Re-check and tighten all bolts and screws according to the assembly instructions. Ensure the bed is placed on a flat, even surface.
- **Squeaking Noises:** Squeaking can result from loose connections or friction between wooden parts. Re-tighten all hardware. If squeaking persists, a small amount of furniture wax or silicone spray applied to the joints (where wood meets wood) might help, but ensure it does not compromise the structural integrity or safety.
- **Damaged Parts:** If any part of the bed frame or slatted frame is damaged, do not attempt to repair it yourself if it compromises safety. Contact ADEKO Kids customer support for replacement parts or professional advice.
- **Difficulty Assembling:** Refer back to the detailed online assembly instructions via the QR code. Ensure all steps are followed precisely and that you are using the correct hardware for each step.

For issues not covered here, or if troubleshooting steps do not resolve the problem, please contact ADEKO Kids customer support.

## 8. PRODUCT SPECIFICATIONS

Detailed specifications for the ADEKO CLPN 70x140 Wooden Bunk Bed:

Attribute	Detail
Brand	ADEKO Kids
Model Number	CLPN
Color	Natural (Light Wood Tone)
Product Dimensions (L x W x H)	153 cm x 77 cm x 141 cm
