AMERLIFE BMB018

AMERLIFE Full Size Farmhouse Platform Bed Frame with Barn Door Headboard (Model BMB018) - Instruction Manual

Model: BMB018 | Brand: AMERLIFE

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure all parts are present and undamaged before beginning assembly. Contact customer service immediately if any parts are missing or damaged.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly, as this may damage the components.
- Periodically check all connections and tighten them as needed to maintain stability.
- Do not allow children to climb or play on the bed frame.
- This bed frame is designed for use with a full-size mattress. Do not use a mattress that exceeds the recommended dimensions or weight capacity.
- Maximum weight capacity: 800 lbs.

PACKAGE CONTENTS

Verify that all components listed below are included in your package. Refer to the assembly diagram for visual identification of parts.

- Headboard components
- Footboard components
- Side rails (2)
- Center support beam
- Wood slats (12)
- Support legs for center beam

- Hardware pack (screws, bolts, Allen wrench)
- Installation Manual

FULL

Weight Capacity:

800 lbs

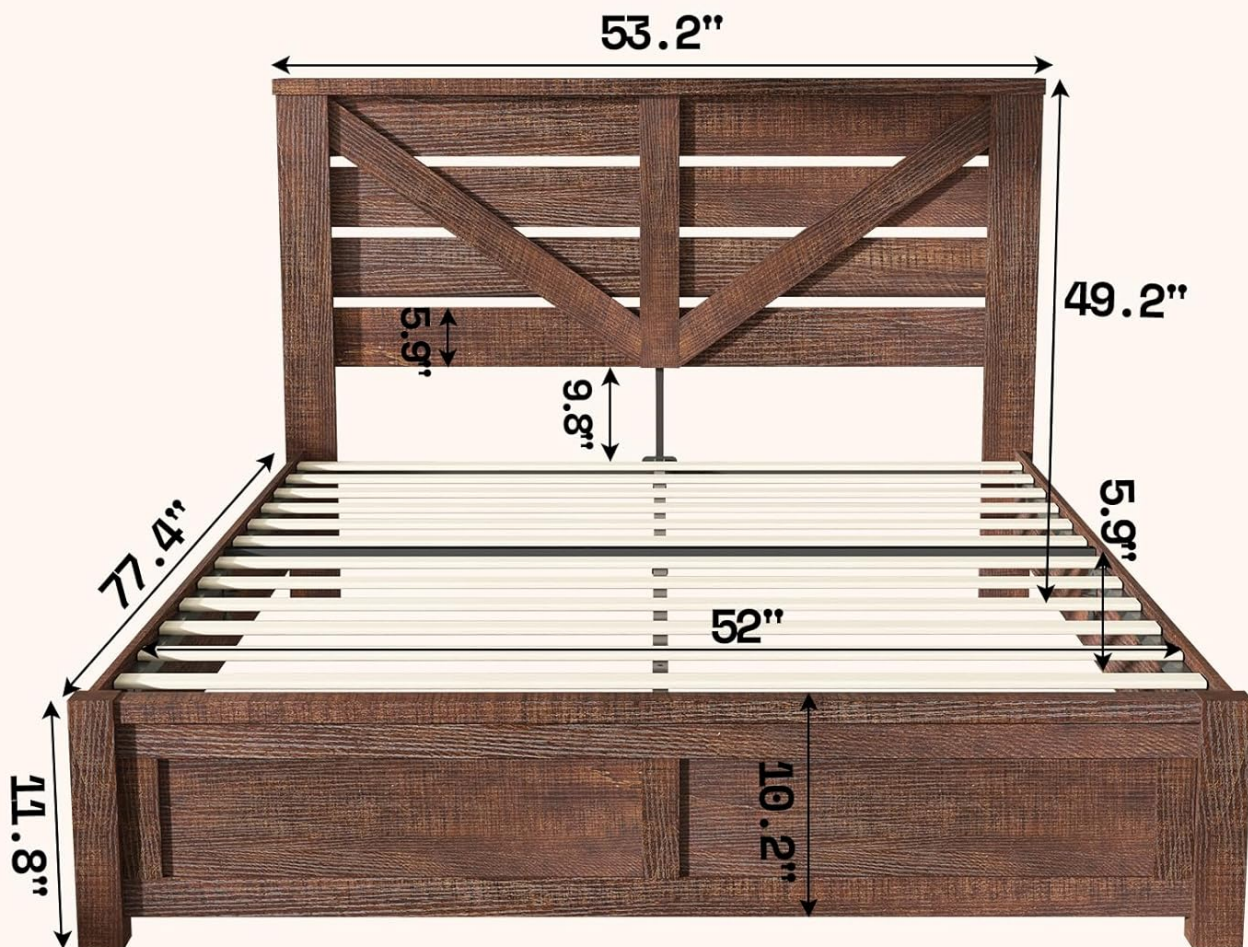

Image: Detailed diagram illustrating the dimensions of the full-size bed frame and its various components, including the headboard, footboard, side rails, and slats. It also indicates a weight capacity of 800 lbs.

ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

1. Step 1: Prepare the Area

Unpack all components and lay them out on a soft, clean surface. Identify each part using the provided parts list and diagrams.

2. Step 2: Assemble the Headboard and Footboard

Attach the headboard panels and footboard panels according to the diagram. Ensure all bolts are securely tightened but do not overtighten.

3. Step 3: Attach Side Rails

Connect the side rails to the assembled headboard and footboard. Use the provided hardware and ensure a snug fit.

4. Step 4: Install Center Support Beam

Place the center support beam along the middle of the bed frame. Attach the support legs to the center beam and adjust their height to ensure they firmly touch the floor.

5. Step 5: Install Wood Slats

Evenly space the wood slats across the bed frame. Secure each slat to the side rails using the designated fasteners. The embedded design helps prevent mattress slippage.

Image: Close-up view showing the solid wood slats and the metal center frame and legs, highlighting the sturdy construction and easy installation of the slats.

Embedded Design Prevent Mattress Slippage

Solid Slats

USAGE

This bed frame is designed to provide a stable and comfortable sleeping surface. No box spring is required.

- Place a full-size mattress directly onto the wood slats. The bed frame is compatible with mattresses ranging from 9 to 16 inches in height.
- The design includes ample under-bed storage space, approximately 11.8 inches from the ground to the item distance, suitable for storage bins or robotic vacuum cleaners.
- The bed frame features silent cotton padding to minimize noise during use, ensuring a quiet sleeping environment.

Maximize Space

with Ample Under-Bed Storage

MAINTENANCE

Proper care will extend the life of your bed frame.

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Tightening:** Periodically (e.g., every 3-6 months) check all bolts and screws to ensure they are tight. Loose connections can lead to instability and noise.
- **Protection:** Avoid placing hot items directly on the wood surface. Use coasters or protective pads.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is noisy/squeaks	Loose bolts or connections.	Tighten all bolts and screws. Ensure the center support legs are firmly on the floor.
Mattress slides on the frame	Mattress not properly seated or embedded design not fully utilized.	Ensure the mattress is centered and fully within the frame's embedded design.
Bed frame feels unstable	Incomplete assembly or loose connections.	Re-check all assembly steps. Ensure all bolts are tightened and support legs are properly adjusted.

SPECIFICATIONS

Model: BMB018

Brand: AMERLIFE

Size: Full

Product Dimensions: 77.4"L x 53.2"W x 49.2"H

Headboard Height: 49.2"

Footboard Height: 10.2"

Under-Bed Clearance: 11.8 Inches

Compatible Mattress Height: 9" to 16"
