Grilla Grills 4000029

Grilla Grills Kamado Pro Cart (Model 4000029) Instruction Manual

Your guide to assembly, operation, and maintenance.

1. Introduction

Thank you for choosing the Grilla Grills Kamado Pro Cart. This cart is designed to provide a robust and mobile platform for your kamado-style grill, featuring a durable 14-gauge steel frame and 8-inch flat-free wheels for all-terrain use. This manual provides essential information for the safe assembly, operation, and maintenance of your new cart.

Image 1.1: The Grilla Grills Kamado Pro Cart with a kamado grill.

2. Safety Information

- Always ensure the grill is securely seated in the cart before moving.
- Use the locking cart handle to prevent unintended movement, especially on uneven surfaces or during transport.
- Exercise caution when moving the cart over rough terrain.
- Do not exceed the weight capacity of the cart. Refer to the Specifications section for details.
- Keep children and pets away from the cart during assembly and operation.
- Always allow the grill to cool completely before attempting to move it with the cart.

3. Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged,

contact customer support immediately.

- Main Cart Frame (14-gauge steel)
- 8-inch Flat-Free Wheels (4 units)
- Locking Cart Handle
- Hardware Kit (bolts, nuts, washers)
- Assembly Instructions

4. Assembly Instructions

Assembly of the Grilla Grills Kamado Pro Cart requires basic hand tools (not included). It is recommended to have a second person assist with certain steps due to the weight and size of the components.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify against the package contents list.
2. **Attach Wheels:** Secure the four 8-inch flat-free wheels to the cart frame using the provided bolts, washers, and

nuts. Ensure all fasteners are tightened securely.

3. **Install Handle:** Attach the locking cart handle to the designated mounting points on the frame. Ensure the locking mechanism operates smoothly.
4. **Secure Grill Platform:** Assemble the grill platform onto the main frame. This platform is designed to cradle your kamado grill.
5. **Final Inspection:** Double-check all bolts and connections to ensure they are tight and secure. The cart should be stable and all wheels should rotate freely.

Note: *One user reported an issue with "Number 7 in the instructions" being incorrect and that a lock nut was not needed. Please refer to the visual diagrams in your physical manual for clarification if you encounter discrepancies.*

5. Operating Instructions

5.1 Placing Your Kamado Grill

- With the cart on a stable, level surface, carefully lift your kamado grill and place it into the designated opening on the cart's platform.
- Ensure the grill is centered and sits firmly within the cart's support structure. The cart is designed with strap/cord ports to allow you to secure your grill, preventing tilting or shifting during travel.

5.2 Moving the Cart

- Before moving, ensure the grill is cool and securely placed.
- Grasp the locking cart handle firmly.
- The 8-inch flat-free wheels are designed for all-terrain capabilities, allowing movement across various surfaces including grass, gravel, and patios.
- When parking the cart, engage the locking mechanism on the handle to prevent accidental movement.

6. Compatibility

The Grilla Grills Kamado Pro Cart is designed to fit a variety of kamado-style grills, including Green Egg, Kamado Joe, Lonestar, Pitboss, and Grilla Kamado Grills. However, specific models may require adjustments or may not fit perfectly.

- **Big Green Egg XL:** Users have reported that the Big Green Egg XL may not fit perfectly without modification. It might require stacking material to raise the egg above the bottom damper hole or cutting the cart damper area for a better nest.
- **Kamado Big Joe 2:** Some users have indicated that the cart does not work with the Kamado Big Joe 2. Please verify your grill's dimensions against the cart's specifications before purchase.

Always measure your grill's dimensions and compare them to the cart's specifications (see Section 9) to ensure proper fitment.

7. Maintenance

- **Cleaning:** Wipe down the steel frame with a damp cloth as needed. For stubborn dirt, a mild soap solution can be used. Ensure the cart is thoroughly dried to prevent rust.
- **Fasteners:** Periodically check all bolts, nuts, and connections to ensure they remain tight. Re-tighten as necessary.
- **Wheels:** The flat-free wheels require minimal maintenance. Inspect them occasionally for debris or damage.
- **Storage:** Store the cart in a dry, covered area when not in use to prolong its lifespan, especially if exposed to harsh weather conditions.

8. Troubleshooting

- **Cart Instability:** If the cart feels unstable, ensure all assembly bolts are securely tightened. Verify that the grill is properly seated and centered.
- **Difficulty Moving:** Check wheels for obstructions. Ensure the locking handle is disengaged.
- **Grill Not Fitting:** Refer to the Compatibility section (Section 6) and Specifications (Section 9). Some grill models may require modifications or may not be compatible.
- **Missing or Damaged Parts:** Contact Grilla Grills customer support immediately for assistance.

9. Specifications

Product Dimensions (D x W x H)	8.86"D x 31"W x 36.2"H
Item Weight	63 Pounds
