Guiheng Wireless Keyboard and Mouse Combo User Manual

Model: B0D2M444N3

Brand: Guiheng

1. INTRODUCTION

Thank you for choosing the Guiheng Wireless Keyboard and Mouse Combo. This manual provides detailed instructions for setting up, operating, and maintaining your new wireless peripheral set. Please read this manual carefully before use to ensure optimal performance and longevity of your product.

2. PACKAGE CONTENTS

Upon unpacking, please verify that all items listed below are present and in good condition:

- 1 x Wireless Keyboard
- 1 x Wireless Mouse
- 1 x USB Nano Receiver (stored in the keyboard's battery compartment)
- 1 x User Manual

3. SETUP INSTRUCTIONS

Follow these steps to set up your Guiheng Wireless Keyboard and Mouse Combo:

1. Install Batteries:

- For the keyboard: Open the battery compartment cover on the back of the keyboard. Insert 2 AAA batteries (not included), ensuring correct polarity. Close the cover.
- For the mouse: Open the battery compartment cover on the bottom of the mouse. Insert 2 AAA batteries (not included), ensuring correct polarity. Close the cover.

2. **Retrieve USB Receiver:** The USB nano receiver is typically stored in the battery compartment of the keyboard for safe transport. Carefully remove it.
3. **Connect USB Receiver:** Plug the USB nano receiver into an available USB port on your computer (PC, laptop, desktop).
4. **Power On:** Turn on the keyboard and mouse using their respective ON/OFF switches. The switches are usually located on the back of the keyboard and the bottom of the mouse.
5. **Automatic Connection:** The keyboard and mouse should automatically connect to your computer. No additional drivers are typically required for most operating systems.

THE NANO USB RECEIVER IS IN THE BACK SIDE COVER OF THE KEYBOARD, UNDER BATTERY COVER

note:usb dongle is located in the back side cover of the keyboard, / 2*AAA batteries(not included) for mouse / 2*AAA Batteries(not included) for keyboard / Intelligent power saving

4.2 Mouse Operation

The wireless mouse offers adjustable DPI settings for precise control.

DPI Adjustment:

The mouse features 3 adjustable DPI levels: 800, 1200, and 1600. To change the DPI, press the DPI button located on the top of the mouse, usually below the scroll wheel. Each press cycles through the available DPI settings.

- **800 DPI:** Suitable for general office work and precise tasks.
- **1200 DPI:** A balanced setting for everyday use.
- **1600 DPI:** Ideal for faster cursor movement, useful for larger screens or quick navigation.

Image 4.2: The mouse with an indication of its adjustable DPI settings.

5. FEATURES

- **Slim and Ergonomic Design:** The keyboard features a slight tilt angle for comfortable typing. The mouse is contoured to fit the hand, reducing fatigue during extended use.
- **Quiet Operation:** The keyboard keys are designed to reduce typing noise, and the mouse features silent clicks, minimizing disturbance in quiet environments.
- **2.4G Wireless Connectivity:** Provides a stable and reliable connection with a single USB receiver for both devices.
- **High Precision Mouse:** Adjustable DPI settings (800-1200-1600) allow for customized cursor sensitivity.

7. MAINTENANCE

To ensure the longevity and proper functioning of your wireless keyboard and mouse, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth with mild soap can be used, but ensure no liquid enters the devices.
- **Battery Replacement:** Replace batteries when performance degrades or the low battery indicator (if present) illuminates. Always use new batteries of the specified type (AAA).
- **Storage:** When not in use for extended periods, turn off the devices to conserve battery life. Store them in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Keep the keyboard and mouse away from liquids to prevent damage to internal components.

8. TROUBLESHOOTING

If you encounter issues with your Guiheng Wireless Keyboard and Mouse Combo, refer to the following troubleshooting steps:

Problem	Solution
Keyboard/Mouse not responding	<ul style="list-style-type: none">◦ Ensure batteries are correctly installed and not depleted. Replace if necessary.◦ Check if the ON/OFF switches on both devices are in the 'ON' position.◦ Verify the USB receiver is securely plugged into a working USB port on your computer. Try a different USB port.◦ Restart your computer.◦ Move the devices closer to the USB receiver to rule out interference or range issues.
Lagging or erratic mouse movement	<ul style="list-style-type: none">◦ Change the mouse's DPI setting to a lower value.◦ Ensure the mouse sensor is clean and free from obstructions.◦ Use the mouse on a suitable surface (e.g., a mouse pad).◦ Replace the mouse batteries.
Multimedia keys not working	<ul style="list-style-type: none">◦ Ensure you are pressing the Fn key simultaneously with the desired F-key.◦ Check your operating system's settings for media key functionality.
