SIBRILLE BP-F030

SIBRILLE 36W LED Arc Floor Lamp User Manual

Model: BP-F030 | Brand: SIBRILLE

INTRODUCTION

The SIBRILLE 36W LED Arc Floor Lamp is designed to provide versatile and elegant lighting for modern homes. Featuring an all-in-one LED bulb design, this lamp offers customizable lighting environments with adjustable color temperatures and brightness levels. It comes equipped with both remote and touch controls for convenient operation, along with smart features like a memory function and a 1-hour timer. Its stable and stylish design makes it a perfect addition to living rooms, bedrooms, or offices.

WHAT'S IN THE BOX

Please ensure all components are present before beginning assembly:

- Floor Lamp (main pole sections, curved arms with integrated LED bulbs)
- Remote Control
- Screw Tool
- User Manual
- Power Adapter
- 3 Fabric Lampshades
- Lamp Base

SETUP AND ASSEMBLY

Assembly of the SIBRILLE Arc Floor Lamp is designed to be straightforward and can typically be completed within 15 minutes. Follow these steps for proper setup:

1. **Tighten Curved Pole Sections:** Use the included screw tool to securely tighten the curved pole sections of the lamp.
2. **Assemble Main Poles and Base:** Connect all the main pole sections by twisting them clockwise until they are firmly tightened. Attach the assembled pole to the weighted lamp base, ensuring it is stable.
3. **Install Lampshades:** The fabric lampshades come rolled. Unroll each lampshade and attach it to its respective metal frame using the integrated hooks and Velcro. Ensure the lampshade is secured downwards onto the clasp. Install the three lamp heads in different directions for optimal light distribution, rather than all in the same direction.
4. **Connect Power Adapter:** Connect the lamp's power cord to the provided power adapter, then plug the adapter into a standard electrical outlet.

For a visual guide, please refer to the assembly video below:

OPERATING INSTRUCTIONS

The SIBRILLE Arc Floor Lamp offers flexible control options to suit your lighting needs:

Control Methods: Remote Control & Touch Control

- **Remote Control:** The included remote allows full control over the lamp's functions. It magnetically attaches to the metal pole for easy access and storage.
- **Touch Control:** The lamp pole features touch-sensitive controls for individual lamp operation.

Light Customization: Stepless Dimming & Color Temperature

- **Brightness Adjustment:** Adjust brightness from 10% to 100% using either a long press on the touch controls or the brightness buttons on the remote.
- **Color Temperature Adjustment:** Change the color temperature from a warm 3000K to a cool 6000K. This can be done via touch controls (short press) or the color temperature buttons on the remote.
- **Individual Light Control:** Each of the three lights can be controlled independently, allowing you to illuminate specific areas or create varied ambiances.

Smart Features: Memory Function & Timer

- **Memory Function:** The lamp remembers your last lighting setting (brightness and color temperature) and will revert to it when turned on again.
- **1-Hour Timer:** Activate the 1-hour timer function for automatic shut-off, ideal for reading before sleep.
- **Dedicated Modes:** Quickly switch to preset reading or sleeping modes with a single button press on the remote.

Video 2: SIBRILLE Elegant 36W Arc Floor Lamp. This video showcases the lamp's features, including its design, control options, and various lighting effects.

FEATURES AND DESIGN

- **Power:** 36W LED, 3000 Lumen brightness.
- **Eye-Friendly Design:** Provides gentle, non-flickering light to reduce eye strain.
- **Stable Base:** Features an 11.3-pound weighted base (11 inches diameter) to prevent accidental tipping, ensuring stability.
- **Elegant Shades:** Three fabric lampshades diffuse light beautifully, adding sophistication to any room.
- **Dimensions:** 48"D x 48"W x 79"H.
- **Materials:** Constructed from durable metal and fabric.

MAINTENANCE

To ensure the longevity and optimal performance of your SIBRILLE Arc Floor Lamp, follow these simple maintenance guidelines:

- **Cleaning:** Dust the lamp regularly with a soft, dry cloth. For the fabric shades, use a lint roller or a soft brush to remove dust. Do not use liquid cleaners or abrasive materials, as they may damage the finish or fabric.
- **Bulb Care:** The lamp features integrated LED bulbs designed for long-term use. Avoid attempting to replace them unless instructed by SIBRILLE customer support.
- **Cord Inspection:** Periodically check the power cord and adapter for any signs of damage, fraying, or overheating. If any damage is observed, discontinue use immediately and contact customer support.
- **Stability Check:** Ensure the lamp base remains stable and the pole sections are securely tightened. Re-tighten if necessary.

TROUBLESHOOTING

If you encounter any issues with your SIBRILLE Arc Floor Lamp, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Lamp does not turn on.	Power cord not properly connected; no power from outlet.	Ensure the power adapter is securely connected to the lamp and plugged into a working electrical outlet. Test the outlet with another device.
Remote control not working.	Low or dead batteries; remote not paired with lamp.	Replace the AAA batteries in the remote control. To re-pair, unplug the lamp for 10 seconds, plug it back in, and immediately press and hold the power button on the remote until the indicator light flashes. Repeat up to 3 times if necessary.
Lights flicker or dim unexpectedly.	Loose connection; power fluctuation.	Check all pole connections to ensure they are tight. Ensure the power adapter is firmly seated. If the issue persists, try plugging the lamp into a different outlet.
Lamp is unstable or wobbles.	Loose pole sections; uneven surface.	Ensure all pole sections are fully tightened. Place the lamp on a flat, stable surface. Verify the weighted base is correctly attached.

If these steps do not resolve the issue, please contact SIBRILLE Customer Support for further assistance.
