Realfit Realfit F3 Earbuds Pro

Realfit F3 Earbuds Pro True Wireless TWS User Manual

Model: Realfit F3 Earbuds Pro

1. INTRODUCTION

Thank you for choosing the Realfit F3 Earbuds Pro. These true wireless earbuds are designed to provide an immersive audio experience with advanced features such as Active Noise Cancellation (ANC), 360° Spatial Sound, and a dedicated gaming mode. This manual will guide you through the setup, operation, and maintenance of your new earbuds to ensure optimal performance and longevity.

2. WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- Realfit F3 Earbuds Pro (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual
- Multiple Sizes of Ear Cushions (S, M, L)

3. SETUP

3.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case has a 300mAh battery capacity, and each earbud has a 30mAh battery capacity. A full charge takes approximately 1 hour.

1. Connect the provided USB charging cable to the charging port on the case.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.

3. The indicator light on the charging case will show charging status. Once fully charged, the light will indicate completion (refer to the case's specific LED behavior).
4. Place the earbuds into the charging case. They will automatically begin charging.

Small size and low power consumption 26 hours of battery life

Built-in 300mAh battery in the mini charging case and 30mAh battery in the headset. Built-in battery protection chip for low power consumption, safety and durability

26 hours

Battery life with charging case

5 hours

Single battery life

90 hours

Single battery life

Image: An illustration demonstrating the battery life of the Realfit F3 Earbuds Pro. It shows the earbuds in their charging case, connected to a charging cable. Below, icons indicate '26 hours Battery life with charging case', '5 hours Single battery life', and '90 hours Single battery life' (likely standby or with specific settings).

3.2 Pairing with Your Device

The Realfit F3 Earbuds Pro use Bluetooth 5.4 for stable and efficient connectivity.

1. Open the charging case. The earbuds will automatically enter pairing mode (indicated by a flashing LED on the earbuds).
2. On your device (smartphone, tablet, computer), enable Bluetooth.
3. Search for available Bluetooth devices.
4. Select "Realfit F3 Earbuds Pro" from the list.
5. Once connected, the earbud indicator lights will stop flashing, and you will hear a confirmation tone.

Bluetooth 5.4 stable and efficient

Headphones respectively built-in new Bluetooth 5.4 chip, no-load power consumption is only 4.8MA Higher energy saving, more stable connection, longer distance, better sound effect

 Quickly connect devices

Image: An illustration showing the Realfit F3 Earbuds Pro and their charging case, with a smartphone and a laptop icon, indicating quick device connection via Bluetooth 5.4. Text highlights the new Bluetooth 5.4 chip for stable connection and better sound effect.

4. OPERATING THE EARBUDS

4.1 Touch Controls

The Realfit F3 Earbuds Pro feature intuitive touch controls on each earbud. Specific functions may vary slightly based on the device and application.

Action	Left Earbud	Right Earbud
Play/Pause	Single Tap	Single Tap
Next Track	Double Tap	Double Tap
Previous Track	Triple Tap	Triple Tap
Answer/End Call	Single Tap	Single Tap
Reject Call	Press and Hold (2s)	Press and Hold (2s)
ANC/Transparency/Normal Mode	Press and Hold (2s)	Press and Hold (2s)
Activate Voice Assistant	Quadruple Tap	Quadruple Tap

4.2 Audio Modes

The earbuds offer three distinct audio modes to suit your environment:

- **ANC Mode (Active Noise Cancellation):** Reduces external noise for an immersive listening experience. Ideal for noisy environments.
- **Transparency Mode:** Allows you to hear your surroundings while still enjoying your audio. Useful for awareness in urban areas or during conversations.
- **Normal Music Mode:** Standard audio playback without noise cancellation or transparency features.

ANC active noise cancellation

Multi-scene quiet enjoyment

Image: The Realfit F3 Earbuds Pro in their open charging case, with both earbuds slightly elevated as if in use. Text overlay highlights "ANC active noise cancellation" and "Multi-scene quiet enjoyment", emphasizing the noise-cancelling feature.

4.3 Gaming Mode

For an enhanced gaming experience, the Realfit F3 Earbuds Pro feature a low-latency gaming mode (as low as 35ms). This mode minimizes audio delay, providing seamless gameplay with enhanced sound effects like footsteps and bass.

- To activate/deactivate Gaming Mode, refer to the touch control table or use the companion APP.

Dual Bluetooth 5.4 support to enable 35ms gaming mode, support game sound effects Enhanced footstep enhancement, bass enhancement, give you an immersive experience

Image: The Realfit F3 Earbuds Pro and their charging case positioned next to a smartphone displaying a game. Text indicates "Dual Bluetooth 5.4 support to enable 35ms gaming mode, support game sound effects Enhanced footstep enhancement, bass enhancement, give you an immersive experience."

4.4 360° Spatial Sound

The earbuds offer 360° Spatial Sound, allowing you to pinpoint sound locations with precision. This feature is particularly beneficial for gamers who rely on directional audio cues.

4.5 ENC Call Functionality

The built-in microphone with Environmental Noise Cancellation (ENC) ensures clear communication during calls, reducing background noise for both the user and the listener.

4.6 APP Customization

Further customize your listening experience and control settings through the dedicated Realfit companion application. The app allows for noise reduction adjustments, EQ settings, key remapping, and changing the device name.

APP Customization

More functions

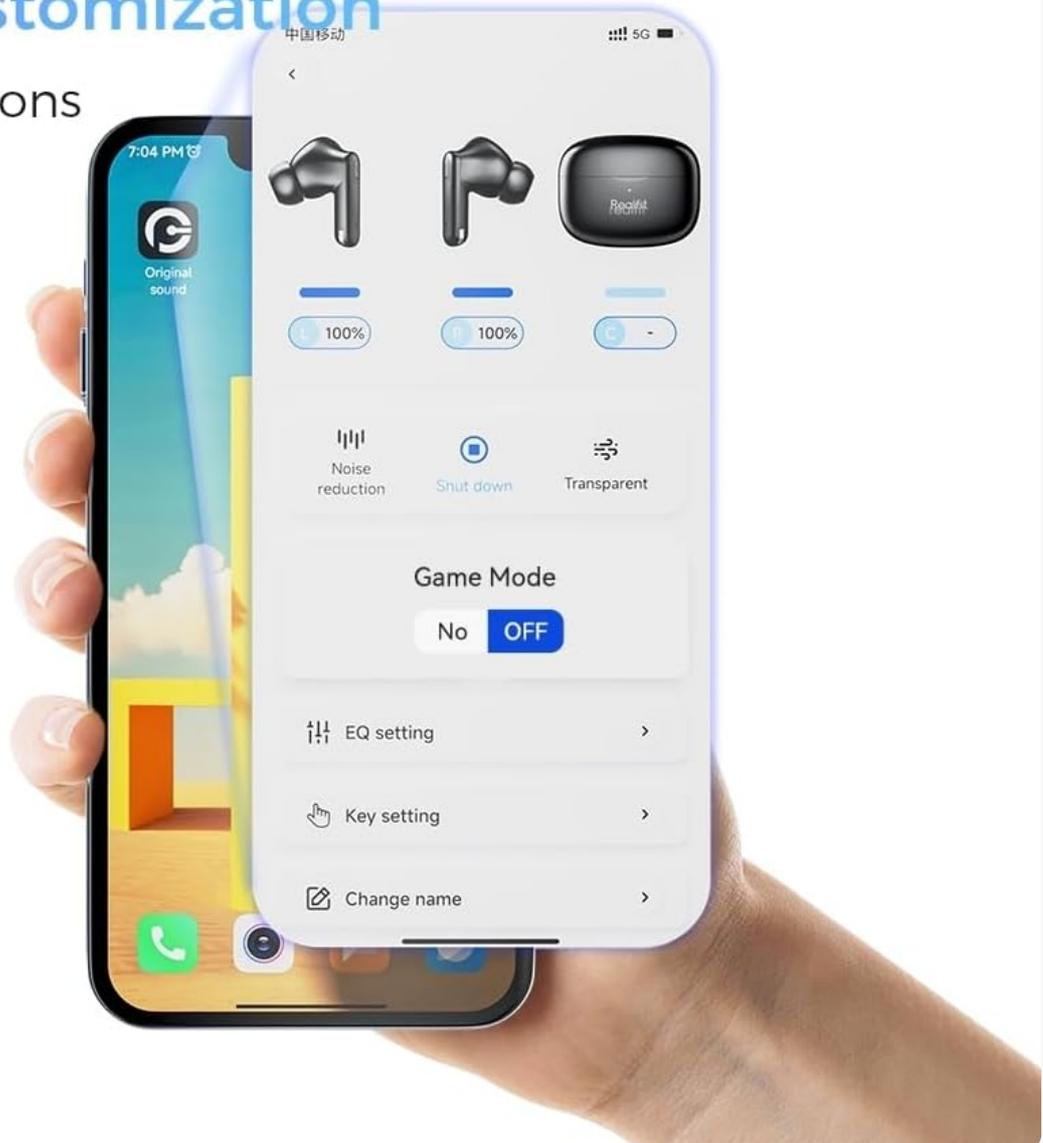

Image: A smartphone screen displaying the Realfit companion app interface. The app shows battery levels for both earbuds, options for 'Noise reduction', 'Shut down', 'Transparent', and a toggle for 'Game Mode'. Further settings like 'EQ setting' and 'Key setting' are also visible, indicating extensive customization options.

5. MAINTENANCE

5.1 Cleaning

Regular cleaning helps maintain sound quality and hygiene:

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- For earwax or debris in the ear tips/grilles, use a small, soft brush or cotton swab lightly dampened with isopropyl alcohol.
- Do not use abrasive cleaners or submerge the earbuds or case in water.

5.2 Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.

5.3 Ear Tip Replacement

The earbuds come with different silicone ear tip sizes to ensure a comfortable and personalized fit, which also affects noise reduction. If a tip is damaged or lost, replace it with one of the included spares or a compatible replacement.

6. TROUBLESHOOTING

If you encounter issues with your Realfit F3 Earbuds Pro, try the following solutions:

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them back in the case, close, then open again to re-enter pairing mode. Turn Bluetooth off/on on your device.
No sound from one earbud	Check battery level of both earbuds. Try re-pairing. Ensure both earbuds are properly seated in the charging case.
Low volume or poor sound quality	Clean earbud grilles. Ensure ear tips are correctly sized and sealed in your ear. Adjust volume on your device.
Earbuds not charging	Ensure charging cable is securely connected. Check if the charging case has power. Clean charging contacts on earbuds and case.
Bluetooth connection unstable	Ensure no strong interference sources nearby. Keep earbuds within 8m of your device. Try resetting the earbuds (refer to APP or manufacturer's website for specific reset instructions).

7. SPECIFICATIONS

Feature	Detail
Model Name	Realfit F3 Earbuds Pro True Wireless Tws
Connectivity Technology	Wireless (Bluetooth)
Wireless Communication Technology	Bluetooth V5.4
Headphone Battery Capacity	30mAh (each earbud)
