SISESOL Metal Storage Cabinet with Lock and 5 Adjustable Shelves (71"H - 5 Shelf) Instruction Manual

PRODUCT OVERVIEW

Thank you for choosing the SISESOL Metal Storage Cabinet. This durable and versatile cabinet is designed to provide secure and organized storage for various environments, including homes, offices, garages, warehouses, workshops, and schools. Constructed from cold-rolled steel with a stain-resistant, phosphor-free powder coating, it offers excellent resistance to water, scratches, and rust.

Key features include:

- **Adjustable Shelves:** Five adjustable shelves allow for flexible storage configurations.
- **Secure Locking System:** A lockable door with two keys and a 3-point locking system ensures the safety of your stored items.
- **Sturdy Construction:** Made from heavy-duty metal for enhanced durability and load-bearing capacity.
- **Leveling Feet:** Four adjustable levelers provide stability on uneven surfaces.

IMPORTANT SAFETY INSTRUCTIONS

To ensure safe use and prevent injury or damage, please adhere to the following guidelines:

- Always use the cabinet on a stable and level surface.
- Do not overload the shelves. The maximum weight capacity is 900 lbs for the entire cabinet.
- Keep the cabinet away from heat sources.
- Never store flammable materials inside the cabinet.
- Be cautious of pinch points when adjusting shelves.
- Always use both hands when opening or closing the doors to prevent injury.
- Utilize the included wall-mount anti-tipping design for added safety, especially in households with children or pets.

PACKAGE CONTENTS

Before assembly, please ensure all parts are present and undamaged. Refer to the assembly video for

visual identification of components.

- Side Panels (Left and Right)
- Top and Bottom Panels
- Back Panels
- Adjustable Shelves (5 pieces)
- Doors (2 pieces)

ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 40 minutes with two people. A power drill is recommended for faster and easier assembly. Follow the numbered parts and instructions carefully.

Assembly Video Guide:

Video: This video demonstrates the step-by-step assembly process for the SISESOL Metal Storage Cabinet, showing how to connect panels, install shelves, and attach doors.

Step-by-Step Guide:

1. **Unpack and Identify Parts:** Carefully unpack all components and verify against the package contents list. Lay out the parts on a clean, flat surface.
2. **Assemble Base Frame:** Connect the bottom panels and side panels using the provided screws and nuts. Ensure all connections are secure.
3. **Attach Back Panels:** Slide the back panels into the designated grooves or attach them to the frame using screws.
4. **Install Top Panel:** Secure the top panel to the assembled frame.
5. **Insert Shelf Pegs:** Insert the shelf pegs into the desired height slots on the side panels.
6. **Install Shelves:** Carefully place the adjustable shelves onto the installed pegs.

7. **Attach Doors:** Mount the doors to the cabinet frame using the hinges. Ensure they open and close smoothly.
8. **Install Handles and Lock:** Attach the handles to the doors and ensure the locking mechanism is functional.
9. **Adjust Leveling Feet:** Adjust the four leveling feet at the bottom of the cabinet to ensure stability on your floor.
10. **Secure to Wall (Optional but Recommended):** For enhanced safety, especially in areas with potential for tipping, use the provided wall-mount anti-tipping hardware to secure the cabinet to a wall.

OPERATING YOUR CABINET

Adjustable Shelves:

The SISESOL storage cabinet features five adjustable shelves, allowing you to customize the internal space to fit items of various sizes. To adjust a shelf:

1. Empty the shelf you wish to move.
2. Remove the shelf pegs from their current slots.
3. Insert the pegs into the new desired height slots on both side panels, ensuring they are level.
4. Carefully place the shelf onto the new pegs.

5PC ADJUSTABLE SHELVES

Store Items of Different Sizes

Locking Mechanism:

The cabinet is equipped with a secure 3-point locking system to protect your valuables. Use the provided keys to lock and unlock the doors.

- **To Lock:** Close both doors firmly. Insert a key into the lock and turn it clockwise until the doors are securely fastened.
- **To Unlock:** Insert a key into the lock and turn it counter-clockwise. Pull the handles to open the doors.

The doors also feature magnets to keep them closed when unlocked, providing convenient access while maintaining a tidy appearance.

CARE AND MAINTENANCE

To maintain the appearance and longevity of your SISESOL Metal Storage Cabinet, follow these simple care instructions:

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. For stubborn marks, use a mild soap solution and dry immediately. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Rust Prevention:** Although the cabinet is rust-resistant, avoid prolonged exposure to excessive moisture. If used in a damp environment, ensure good ventilation.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

TROUBLESHOOTING

If you encounter any issues with your SISESOL Metal Storage Cabinet, refer to the following common solutions:

- **Cabinet is Unstable/Wobbly:** Adjust the four leveling feet at the base of the cabinet. Turn them clockwise or counter-clockwise until the cabinet is stable and level on the floor. Ensure the cabinet is not overloaded.
- **Doors Do Not Close Properly:** Check if the cabinet is level using the adjustable feet. Ensure no items inside are obstructing the doors. Verify that the hinges are properly aligned and tightened.
- **Lock Mechanism Not Working:** Ensure the key is fully inserted and turned correctly. Check for any obstructions in the locking mechanism. If issues persist, contact customer service.
- **Missing Parts or Damaged Components:** If you received a package with missing parts or damaged components, please contact SISESOL customer service immediately for assistance.
