## GoveeLife H717A

# GoveeLife Smart Electric Kettle with Tea Infuser

Model: H717A

User Manual

## INTRODUCTION

---

This manual provides instructions for the safe and efficient operation of your GoveeLife Smart Electric Kettle with Tea Infuser. Please read all instructions carefully before use and retain this manual for future reference.

Image: The GoveeLife Smart Electric Kettle, featuring a clear glass body, black handle, and base with control buttons. A tea infuser is visible inside the kettle, and a smartphone screen shows the accompanying control application.

## IMPORTANT SAFETY INFORMATION

- Read all instructions before using the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against fire, electric shock, and injury to persons, do not immerse cord, plugs, or electric kettle in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner.
- The use of accessory attachments not recommended by the appliance manufacturer may result in fire, electric

shock, or injury to persons.

- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- Extreme caution must be used when moving an appliance containing hot water.
- The kettle is designed for boiling water only. Do not use for other liquids.
- Ensure the lid is securely closed before operation.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.

## PACKAGE CONTENTS

---

- GoveeLife Electric Kettle H717A x 1
- Power Base x 1
- Quick Start Guide x 1
- User Manual x 1

## PRODUCT OVERVIEW

---

# Food-Grade BPA-Free Material

Safer and more durable

Image: An exploded diagram illustrating the components of the GoveeLife Smart Electric Kettle, including the tea kettle cover, tea infuser handle, stainless steel inner lid, removable stainless steel tea infuser, dripless V-shaped spout, anti-scald handle, borosilicate glass body, stainless steel heating plate, NTC temp. sensor, and power base with reel storage.

## Components:

- **Tea Kettle Cover:** Top cover for the kettle.
- **Tea Infuser Handle:** For easy insertion and removal of the infuser.

- **Stainless Steel Inner Lid:** Provides a secure seal.
- **Removable Stainless Steel Tea Infuser:** Designed for loose leaf tea or tea bags.
- **Dripless V-Shaped Spout:** For controlled pouring.
- **Anti-Scald Handle:** Ergonomically designed for safe handling.
- **Borosilicate Glass:** Durable and shatter-resistant glass body.
- **Stainless Steel Heating Plate:** For rapid and even heating.
- **NTC Temp. Sensor:** Food-grade material for accurate temperature readings.
- **Power Base with Reel Storage:** Provides power and convenient cord management.

# Flexible Brewing

- Tea Infuser Handle for Total Convenience

- Small Leakage Hole, No Stray Tea Leaves

- Top-to-Bottom Infuser

Image: A detailed view of the tea infuser within the kettle, highlighting its handle, small leakage holes to prevent leaf spillage, and its top-to-bottom design for efficient brewing.

## SETUP AND FIRST USE

1. **Unpack:** Carefully remove all packaging materials from the kettle and its accessories.
2. **Clean:** Before first use, fill the kettle with water to the maximum fill line, boil, and then discard the water. Repeat this process 2-3 times to remove any manufacturing residues.

3. **Placement:** Place the power base on a dry, flat, stable, and heat-resistant surface.
4. **Power Connection:** Plug the power cord into a grounded electrical outlet.
5. **App Download (Optional):** For smart control features, download the GoveeLife app from your smartphone's app store.

## OPERATION

---

### Manual Control

Image: A close-up of the kettle's base control panel, showing the 'MODE' button, temperature adjustment buttons ('-' and '+'), an LCD screen displaying temperature, and the 'ON/OFF' button. Labels indicate preset temperatures for Black Tea, Green Tea, Oolong Tea, and Coffee.

1. **Fill Kettle:** Open the lid and fill the kettle with the desired amount of water. Do not exceed the maximum fill line (1.7 L) or go below the minimum fill line.
2. **Place on Base:** Place the kettle securely on the power base.
3. **Select Mode:** Press the "MODE" button to cycle through preset temperatures for different beverages:
  - Black Tea: 212°F (100°C)
  - Green Tea: 180°F (82°C)
  - Oolong Tea: 195°F (91°C)
  - Coffee: 205°F (96°C)
4. **Adjust Temperature (Optional):** Use the "+" and "-" buttons to fine-tune the temperature if needed. The LCD screen will display the target temperature.
5. **Start Boiling:** Press the "ON/OFF" button to begin heating. The kettle will automatically shut off once the target temperature is reached.

# Accurate Temperature Control

Select a mode, let the kettle do the rest

Image: An overhead view of the kettle's lid and infuser, surrounded by cups of various teas (Black Tea at 212°F, Green Tea at 180°F, Oolong Tea at 195°F, Coffee at 205°F), demonstrating accurate temperature control for different beverages.

## Using the Tea Infuser

- Insert the removable stainless steel tea infuser into the kettle.
- Add loose leaf tea or tea bags into the infuser.
- Fill the kettle with water, ensuring the water level covers the tea in the infuser.

- Select your desired temperature and start the heating process.
- Once brewing is complete, carefully remove the infuser using its handle.

## Smart Control via GoveeLife App

The GoveeLife app allows for advanced control and scheduling of your electric kettle.

# Smart Voice & App Control

Adjust temp. via voice control & Govee Home

"Alexa, Set the Smart Electric Kettle to 212 Degrees"

"Okay"

works with Hey Google

works with alexa

G APP

Works with IFTTT

Hey Siri

Image: A user interacting with the GoveeLife Smart Electric Kettle through voice commands and the mobile application, demonstrating smart control capabilities with Alexa, Google Assistant, and IFTTT.

1. **Pairing:** Follow the in-app instructions to pair your kettle with the GoveeLife app.
2. **Remote Control:** Adjust temperature, start/stop boiling, and set brewing programs remotely.
3. **Scheduling:** Set a scheduled time for the kettle to boil water. The kettle can be programmed to start heating at a specific time, up to 24 hours in advance.
4. **Keep Warm Function:** Adjust the insulation time for the "Keep Warm" function via the app, up to 2 hours. The default insulation time is 30 minutes.

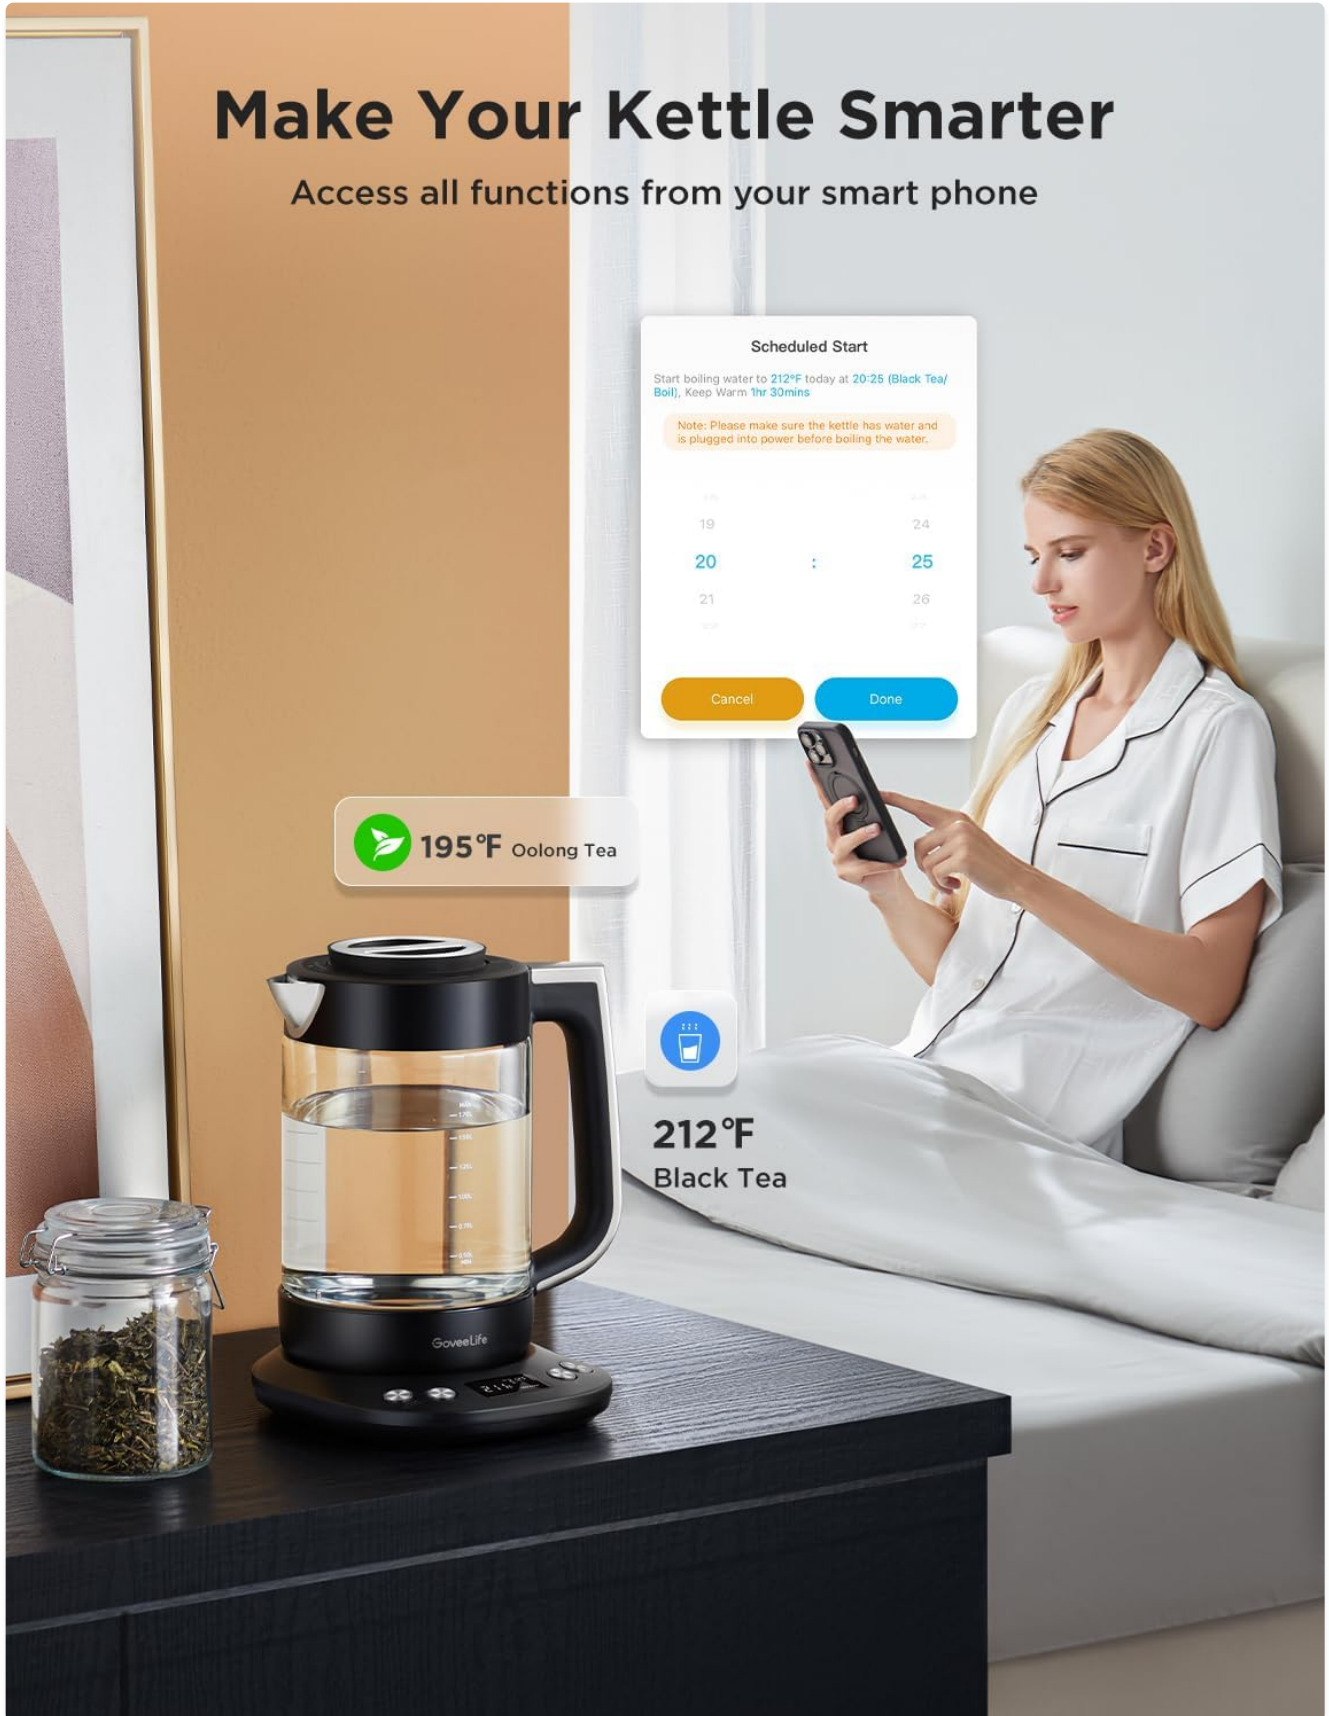

Image: A user scheduling the GoveeLife Smart Electric Kettle from a smartphone, showing the app interface for setting a scheduled

start time for boiling water.

## Voice Control

The kettle supports voice control via Alexa and Google Assistant. Ensure your kettle is connected to the GoveeLife app and integrated with your smart home assistant.

- **Example Commands:**
  - "Alexa, set the Smart Electric Kettle to 212 degrees."
  - "Hey Google, turn on the kettle."

## MAINTENANCE AND CLEANING

---

Regular cleaning helps maintain the performance and longevity of your kettle.

- **Unplug:** Always unplug the kettle from the power outlet and allow it to cool completely before cleaning.
- **Exterior:** Wipe the exterior of the kettle and power base with a soft, damp cloth. Do not use abrasive cleaners or scouring pads.
- **Interior:** For descaling, fill the kettle with a mixture of water and white vinegar (1:1 ratio) or a descaling solution. Boil the mixture, then let it sit for 15-30 minutes before discarding. Rinse the interior thoroughly with fresh water several times.
- **Tea Infuser:** The tea infuser can be removed and washed by hand with warm, soapy water. Rinse thoroughly.
- **Storage:** Ensure the kettle is clean and dry before storing. Wrap the power cord around the reel storage on the base.
- **Product Care Instructions:** Hand Wash.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Kettle does not turn on.	Not plugged in; power outage; kettle not properly seated on base.	Ensure the power cord is securely plugged into a working outlet. Check for power outages. Re-seat the kettle firmly on the power base.
Water not heating.	Kettle is empty (boil-dry protection activated); incorrect temperature setting.	Add water to the kettle (above minimum fill line). Ensure a temperature is selected and the ON/OFF button is pressed.
Kettle shuts off prematurely.	Boil-dry protection activated; kettle lifted from base during operation.	Ensure there is sufficient water. Do not lift the kettle from the base during heating. Allow to cool before restarting if boil-dry protection was activated.
App control not working.	Kettle not paired; Wi-Fi connectivity issues; app outdated.	Ensure the kettle is paired correctly with the GoveeLife app. Check your Wi-Fi connection. Update the GoveeLife app to the latest version.
Excessive scaling/mineral buildup.	Hard water usage.	Descal the kettle regularly as per the "Maintenance and Cleaning" section.

## SPECIFICATIONS

---

- **Brand:** GoveeLife
- **Model Name:** H717A
- **Color:** Black
- **Capacity:** 1.7 Liters
- **Power:** 1500 W
- **Special Features:** Automatic Shut-Off, Boil Dry Protection, Built-In Infuser, Digital Control, Temperature Control, Smart Control (App/Voice)
- **Material:** 304 Stainless Steel, BPA Free Plastics, Non-Toxic, Shatter resistant borosilicate glass
- **Product Dimensions:** 8.46"L x 8.8"W x 7.5"H
- **Item Weight:** 5.48 pounds
- **UPC:** 810127733237

## WARRANTY AND SUPPORT

---

For warranty information, technical support, or customer service inquiries, please refer to the official GoveeLife website or contact their customer support directly. Details are typically provided in the Quick Start Guide included with your product or on the product packaging.
