MVMT 28000412

MVMT Rise Boyfriend Watch User Manual

Model: 28000412

INTRODUCTION

This manual provides essential information for the setup, operation, and maintenance of your MVMT Rise Boyfriend Watch. This timepiece features a 36mm case, an analog display with Japanese Quartz movement, and a water resistance rating of 5 ATM (50 meters).

Front view of the MVMT Rise Boyfriend Watch with Italian Tan leather strap and white dial.

SETUP

1. Setting the Time and Date

1. **Pull out the crown:** Gently pull the crown (the small knob on the side of the watch case) to the second position. This is typically the outermost position.
2. **Set the date:** Rotate the crown clockwise or counter-clockwise to adjust the date. If your watch has a quick-set date

function, the date will change independently of the hour hand. Avoid setting the date between 9 PM and 3 AM, as this can interfere with the date change mechanism.

3. **Set the time:** Pull the crown out to the third position (if applicable, or continue rotating in the second position if there are only two). Rotate the crown to move the hour and minute hands to the correct time. Ensure you differentiate between AM and PM when setting the date if the watch has a 24-hour indicator or if you are setting past midnight.
4. **Push in the crown:** Once the time and date are set, push the crown back into its original, first position against the watch case. This will start the watch movement.

2. Adjusting the Leather Strap

The Italian Tan leather strap is equipped with a traditional buckle closure. To adjust the fit:

1. **Loosen the buckle:** Unfasten the buckle.
2. **Select a hole:** Choose the hole on the strap that provides a comfortable and secure fit on your wrist. The watch should not slide freely but also not feel too tight.
3. **Fasten the buckle:** Insert the buckle pin into the selected hole and secure the strap.

OPERATING THE WATCH

Reading Time and Date

Your MVMT Rise Boyfriend Watch features a classic analog display with hour, minute, and second hands. The date window is located at the 3 o'clock position, displaying the current day of the month.

Water Resistance (5 ATM / 50 Meters)

This watch is water resistant up to 5 ATM (50 meters). This means it is suitable for everyday use and can withstand splashes, rain, and brief immersion in water, such as washing hands. It is **not** suitable for swimming, showering, or diving. Always ensure the crown is fully pushed in before any contact with water.

MAINTENANCE

Cleaning Your Watch

To maintain the appearance of your watch:

- Wipe the watch case and crystal with a soft, dry, lint-free cloth.
- For the leather strap, avoid excessive moisture. If it gets wet, allow it to air dry naturally, away from direct heat or sunlight.
- Do not use chemical cleaners, solvents, or abrasive materials, as these can damage the watch's finish or strap.

Battery Replacement

The watch is powered by a battery. When the watch stops running, it indicates the battery needs replacement. It is recommended to have the battery replaced by a qualified watch technician to ensure proper sealing and maintain water resistance.

Strap Care

Leather straps are subject to wear and tear. To prolong the life of your Italian Tan leather strap:

- Avoid prolonged exposure to direct sunlight, extreme temperatures, and humidity.
- Keep the strap away from harsh chemicals, cosmetics, and perfumes.
- Clean with a slightly damp cloth if necessary, then dry immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Watch not running	Battery depleted	Replace battery (recommended by a professional).
Watch hands not moving	Crown is pulled out	Push the crown fully back into the first position.
Date not changing at midnight	Time set incorrectly (AM/PM)	Adjust the time by advancing the hour hand past 12 o'clock to ensure correct AM/PM setting.
Condensation under crystal	Exposure to extreme temperature changes or water ingress	Seek professional service immediately to prevent damage.

SPECIFICATIONS

Brand: MVMT

Model Name: Rise Boyfriend

Model Number: 28000412

Case Diameter: 36 Millimeters

Case Material: Stainless Steel

Band Material: Leather (Italian Tan)

Band Width: 18 Millimeters
