

JrTrack JRTV3

JrTrack 3 Smart Watch for Kids by Cosmo - Instruction Manual

Model: JRTV3 | Brand: JrTrack

1. INTRODUCTION

The JrTrack 3 Smart Watch by Cosmo is an all-in-one wearable phone and GPS tracker designed for children aged 6-12. It provides essential communication and safety features, allowing parents to stay connected with their children while offering them a degree of independence. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your JrTrack 3 device.

3. SETUP GUIDE

To begin using your JrTrack 3 Smart Watch, follow these steps:

1. **Charge the Device:** Connect the provided charging cable to the watch and a USB power source. Ensure the watch is fully charged before initial use.
2. **Activate SIM Card:** The JrTrack 3 comes with a pre-installed FlexSIM card. Activate your service plan through the COSMO Mobile website or app. This is essential for calling, texting, and GPS tracking functionalities.
3. **Download Mission Control App:** Install the COSMO Mission Control app on your smartphone. This app allows parents to manage contacts, track location, set SafeZones, and configure watch settings.
4. **Pair Watch with App:** Follow the on-screen instructions in the Mission Control app to pair your JrTrack 3 Smart Watch. This typically involves scanning a QR code displayed on the watch screen.

5. **Configure Settings:** Within the Mission Control app, set up parent-approved contacts, customize SafeZones, and enable desired safety features.

4. OPERATING THE JRTRACK 3

4.1. Calling and Texting

The JrTrack 3 allows your child to make and receive calls and send text messages with parent-approved contacts. The 'True Texting' feature supports sharing pictures, videos, and audio

messages. Group messaging is also available.

- **Making a Call:** Navigate to the 'Call' app on the watch, select a contact from the approved list, and initiate the call.
- **Sending a Text:** Open the 'Messages' app, select a contact, and compose a message using the on-screen keyboard or voice input.

4.2. GPS Tracking

Parents can monitor their child's location in real-time using the Mission Control app. The device utilizes GPS to provide accurate location data.

- **Real-time Location:** View your child's current location on a map within the Mission Control app.
- **Location History:** Review past locations to understand your child's movements.

Family-Safe Messaging

Real messaging. Built for kids & family.

Parent-approved contacts only.

Text, picture, videos, & audio sharing.

Family Group Messaging.

4.3. Camera

The JrTrack 3 features a front-facing camera, allowing children to take pictures and videos. These can be shared with approved contacts via the messaging feature.

4.4. Activity Tracking

The watch includes basic activity tracking features, such as a step counter, to encourage physical activity.

4.5. School Mode

School Mode can be activated via the Mission Control app to minimize distractions during school hours. In this mode, only emergency calls and messages from designated contacts may be allowed, while other features are restricted.

5. SAFETY FEATURES (SAFECORE)

The JrTrack 3 incorporates COSMO's SafeCORE system, a suite of four safety features designed to protect your child:

- **Custom GPS SafeZones:** Set virtual boundaries (SafeZones) in the Mission Control app. You will receive alerts when your child enters or exits these predefined areas.
- **Emergency Calling Capabilities:** The watch supports emergency calls to pre-set numbers, including 911 if enabled by the parent.
- **Discreet SOS Alert Mode:** In an emergency, your child can activate a discreet SOS alert by pressing a specific button sequence. This immediately notifies trusted contacts and provides real-time location updates.
- **Trusted Contact Controls:** All communication (calls and texts) is restricted to a parent-approved contact list, preventing unwanted interactions.

Simple & Reliable

Amazing connection for kids made easy.

Included SIM Card

The most reliable family-safe service with COSMO Mobile plans.

Activation Required

Activate your watch in minutes with simple set up out of the box.

Unlimited Everything

Get unlimited talk, text, & data with COSMO Mobile

8. TROUBLESHOOTING

If you encounter any issues with your JrTrack 3 Smart Watch, consider the following general troubleshooting steps:

- **No Connectivity:** Ensure the SIM card is properly activated and the device is within cellular coverage. Check Wi-Fi connectivity settings.
- **Inaccurate GPS:** Verify that the watch has a clear line of sight to the sky for optimal GPS signal. Ensure Wi-Fi is enabled for improved indoor location accuracy.
- **Battery Draining Quickly:** Reduce screen brightness, limit frequent app usage, and ensure School Mode is active during appropriate times to conserve battery.
- **SOS Alerts Triggering Accidentally:** Familiarize your child with the correct button sequence for SOS activation to prevent accidental triggers.
- **Watch Not Responding:** Try restarting the device by holding down the power button. If unresponsive, ensure it is charged.

For persistent issues, please refer to the official COSMO Technologies support resources or contact customer service.

9. WARRANTY AND SUPPORT

For information regarding product warranty, technical support, or customer service, please visit the official COSMO Technologies website or refer to the documentation included with your purchase. Keep your proof of purchase for warranty claims.
