3. SETUP GUIDE

3.1 Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB-C charging cable to the speaker's USB-C charging port (located under the waterproof flap on the back) and the other end to a compatible USB power adapter (not included).

3.2 Bluetooth Pairing

- Power On:** Press and hold the Power On/Off button (marked with 'O') on the top panel until the LED indicator light turns blue and you hear an audible prompt.
- Pairing Mode:** The speaker will automatically enter Bluetooth pairing mode, indicated by a blinking blue LED.
- Connect Device:** On your smartphone, tablet, or other Bluetooth-enabled device, go to Bluetooth settings and

select "DONOW-Soundmore" from the list of available devices.

4. **Confirmation:** Once connected, the LED indicator will turn solid blue, and you will hear a confirmation sound.

3.3 AUX Input Connection

For devices without Bluetooth, use the 3.5mm AUX input. Open the waterproof flap on the back of the speaker and connect a 3.5mm audio cable (included) from your device's audio output to the speaker's AUX port. The speaker will automatically switch to AUX mode.

4. OPERATING INSTRUCTIONS

OPERATING GUIDELINES

Image 6: Detailed diagram of the speaker's top panel buttons and rear ports for operational guidance.

4.1 Button Functions

Button	Function
Power On/Off / Mode Switch (O)	Press and hold to power on/off. Short press to switch between Bluetooth and AUX modes.
Volume Down / Previous Track (-)	Short press for volume down. Long press for previous track.
Play/Pause / Hands-free Calls (►)	Short press to play/pause music. Short press to answer/end calls. Long press to reject calls.
Volume Up / Next Track (+)	Short press for volume up. Long press for next track.
Light Mode (*)	Short press to cycle through 7 light effects. Long press to turn lights on/off.

4.2 Dynamic Light Show

The speaker features a dynamic light show with 7 different effects that can synchronize with your music. Use the Light Mode button (*) to:

- Short press to cycle through various light modes.
- Long press to turn the lights completely off or on.

5. MAINTENANCE AND CARE

To ensure the longevity of your DONOW speaker, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the speaker's surface. Do not use abrasive cleaners or solvents.
- **Water Resistance (IPX5):** The speaker is IPX5 rated, meaning it is protected against low-pressure water jets from any direction. It is **not** designed for submersion in water. Ensure the charging and AUX ports are securely covered by the rubber flap when exposed to water.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. Charge the speaker regularly, even if not in constant use.

6. TROUBLESHOOTING

Problem	Solution
Speaker does not power on.	Ensure the battery is charged. Connect the speaker to a power source and try again.
No sound from the speaker.	Check the volume level on both the speaker and your connected device. Ensure the speaker is correctly paired via Bluetooth or the AUX cable is fully inserted.
Bluetooth connection fails.	Ensure the speaker is in pairing mode (blinking blue LED). Turn off and on Bluetooth on your device. Move the speaker closer to your device. Forget the device in your Bluetooth settings and re-pair.
Lights are not working or stuck.	Press the Light Mode button (*) to cycle through modes or long press to turn them on/off. Ensure the speaker has sufficient battery.
Poor sound quality / Distortion.	Reduce the volume on both the speaker and your device. Ensure there are no obstructions between the speaker and the Bluetooth device. Try a different audio source.
