## 2. WHAT'S IN THE BOX

---

Verify that all items are present in the package:

- 1 x HPRT T260LR Portable Label Printer
- 1 x Label Paper Roll (pre-installed or separate)
- 1 x USB-C Cable
- 1 x User's Manual

## 3. SETUP

---

### 3.1. Powering On/Off

1. To power on, press and hold the power button located on the side of the printer for approximately 3 seconds until the indicator light illuminates.
2. To power off, press and hold the power button again for 3 seconds.

### 3.2. Loading Label Paper

1. Open the printer cover by gently pulling it outward with both hands.
2. Insert the label paper roll into the compartment. Ensure the print side (thermosensitive layer) faces upwards. The printer supports label widths ranging from 0.8 to 2 inches (20-50mm).
3. Lift the paper guide lever and adjust the paper guide to match the width of your label paper.
4. Press the lever down to lock the paper guide in place.
5. Pull out a short length of paper beyond the paper outlet and close the cover. The printer will automatically feed the paper and roll it back, preparing for printing.

## 6. MAINTENANCE

### 6.1. Cleaning the Print Head

To maintain print quality, regularly clean the print head:

1. Ensure the printer is powered off and disconnected from any power source.
2. Open the printer cover.
3. Gently wipe the print head with a cotton swab lightly dampened with isopropyl alcohol.
4. Allow the print head to dry completely before closing the cover and powering on the printer.

## 6.2. Battery Care

The printer contains a Lithium Ion battery. To prolong battery life:

- Avoid fully discharging the battery frequently.
- Store the printer in a cool, dry place when not in use for extended periods.
- Charge the printer using the provided USB-C cable.

## 7. TROUBLESHOOTING

If you encounter issues with your HPRT T260LR printer, refer to the following common solutions:

Problem	Possible Cause	Solution
Printer does not power on	Low battery or power button not held long enough.	Charge the printer using the USB-C cable. Hold the power button for 3 seconds.
Cannot connect via Bluetooth	Bluetooth is off on phone, app not open, or printer not in pairing mode.	Ensure phone Bluetooth is on. Open 'HereLabel' app. Power cycle printer and try connecting again.
Poor print quality	Dirty print head or incorrect label paper.	Clean the print head (see Section 6.1). Ensure you are using HPRT Thermal Label Paper.
Labels not feeding correctly	Paper roll incorrectly loaded or paper guide not adjusted.	Re-load the label paper correctly (see Section 3.2). Adjust the paper guide to fit the label width.

For further assistance, please refer to the 'Help' section within the 'HereLabel' app or contact HPRT customer support.
