Blackview W60

Blackview W60 Military Smartwatch User Manual

Model: W60

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Blackview W60 Military Smartwatch. Please read this manual thoroughly before using the device to ensure proper functionality and to maximize your user experience.

The Blackview W60 is a rugged smartwatch designed for durability and extensive functionality, featuring Bluetooth calling, comprehensive health monitoring, and various sports modes.

2. PACKAGE CONTENTS

Upon unboxing, verify that all items are present:

- Blackview W60 Smartwatch
- Charging Cable (Magnetic)
- User Manual (Quick Start Guide)
- Additional strap (if included in specific package)

3. INITIAL SETUP

3.1 Charging the Smartwatch

Before first use, fully charge the smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch. Connect the USB end of the cable to a standard USB power adapter (not included).

- Charging time: Approximately 2.5 hours.
- Battery capacity: 900 mAh.
- Expected battery life: Up to 30 days with daily use, 100 days in standby.

3.2 App Download and Pairing

To unlock all features, download the "GloryFitPro" app on your smartphone. Scan the QR code displayed on the smartwatch screen or in the quick start guide to download the app from the App Store (iOS) or Google Play (Android).

1. Turn on the smartwatch by pressing and holding the power button.
2. On the smartwatch, navigate to the QR code display (usually found in settings or by swiping).
3. Open your smartphone's camera or a QR code scanner app and scan the code.
4. Follow the link to download and install the "GloryFitPro" app.
5. Open the app, register an account (if new) or log in.
6. In the app, navigate to the device section and select "Add Device" or "Scan for Device".
7. Select "W60" from the list of available devices to pair. Confirm the pairing request on both your phone and smartwatch.

Your browser does not support the video tag.

Video: Demonstrates the smartwatch's user interface, including app connection via QR code, flashlight function, and compass. This video also shows the unboxing and initial setup process.

3.3 Essential Permissions

For full functionality, grant the "GloryFitPro" app the necessary permissions:

- **Bluetooth:** Essential for connecting the smartwatch to your phone.
- **Location:** Required for accurate activity tracking and weather updates.
- **Camera/Storage:** For features like remote camera control and custom watch faces.
- **Notifications:** To receive alerts from your phone on the smartwatch.
- **Contacts/Call Logs:** For Bluetooth calling features and displaying caller ID.

4. Operating the Smartwatch

4.1 Basic Navigation

- **Touchscreen:** Swipe left/right/up/down to navigate menus and screens. Tap to select.
- **Side Buttons:**

- **"MENU" Button (Top Right):** Short press to access the main menu. Long press to change watch faces.
- **"BACK" Button (Bottom Right):** Short press to return to the previous screen. Long press for emergency SOS (if configured).
- **Orange Button (Left):** Activates the flashlight.

4.2 Key Features

- **Bluetooth Calling:** Make and receive calls directly from your wrist. Supports phone contact synchronization and call logs.
- **Notifications:** Receive real-time alerts for calls, SMS, WhatsApp, Facebook, Instagram, and other social apps.
- **Flashlight:** Built-in LED flashlight with constant light and flash modes.
- **Compass:** Integrated compass for outdoor navigation.
- **Voice Assistant:** Use AI voice assistant for weather, music, and other queries.
- **Music Control:** Control music playback on your connected smartphone.
- **Weather:** View current weather conditions and forecasts.
- **Timer & Stopwatch:** Essential tools for various activities.
- **Calculator:** Perform basic calculations on your wrist.
- **Remote Camera Control:** Use the smartwatch as a remote shutter for your phone's camera.
- **Find Phone:** Locate your misplaced smartphone by making it ring.
- **Customizable Watch Faces:** Choose from a variety of pre-installed and online watch faces via the app.

5. HEALTH MONITORING

The Blackview W60 offers comprehensive 24-hour health tracking features:

- **Heart Rate Monitoring:** Real-time heart rate tracking.
- **Blood Oxygen (SpO2) Monitoring:** Measures blood oxygen levels.
- **Stress Monitoring:** Tracks emotional stress levels.
- **Sleep Monitoring:** Records sleep data, including deep sleep, light sleep, and REM sleep.
- **Sedentary Reminder:** Alerts you to move after periods of inactivity.
- **Menstrual Cycle Tracking:** Helps track and predict menstrual cycles.

These features provide data to help you understand your health status and daily physical activity. Ensure the watch is worn snugly for accurate readings.

6. SPORTS MODES AND ACTIVITY TRACKING

The smartwatch supports over 110 sports modes to cater to diverse athletic needs. It also records daily activity data:

- **110+ Sports Modes:** Includes running, cycling, ball sports, martial arts, ice sports, and more.
- **Daily Activity Tracking:** Records steps, calories burned, and distance covered.

Select the appropriate mode in the app or on the watch to track your workouts effectively.

8. TROUBLESHOOTING

If you encounter issues with your Blackview W60 Smartwatch, consider the following common solutions:

- **Connection Issues:**

  - Ensure Bluetooth is enabled on your smartphone and the smartwatch is within range.
  - Restart both your smartphone and the smartwatch.
  - Check the "GloryFitPro" app to ensure the device is connected. If not, try re-pairing.
  - Verify that the app has all necessary permissions enabled (Bluetooth, Location, etc.).

- **Notifications Not Appearing:**

  - Confirm that notification permissions are granted to the "GloryFitPro" app in your phone's settings.
  - Check the app's settings to ensure notifications for specific applications (e.g., WhatsApp, SMS) are enabled.
  - Ensure "Do Not Disturb" or "Theatre Mode" is not active on the smartwatch.

- **Inaccurate Health Data:**

  - Ensure the smartwatch is worn snugly on your wrist, not too loose or too tight.
  - Clean the sensors on the back of the watch.
  - Avoid excessive movement during measurements.

- **Short Battery Life:**

  - Reduce screen brightness.
  - Decrease screen-on time.
  - Limit continuous heart rate or SpO2 monitoring.
  - Turn off unnecessary notifications.
